Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Trust Company, LLC (Great-West) and State Street Bank and Trust Company (State Street), the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Great-West held the Plan's investment assets and executed investment transactions as of December 31, 2015 and for the period from January 1, 2016 to June 30, 2016 and that State Street held the Plan's investment assets and executed investment transactions for the period from July 1, 2016 to December 31, 2016. The plan administrator has obtained certifications from the trustees as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedule of assets (held at end of year) as of December 31, 2016 and the schedule of delinquent participant contributions for the year ended December 31, 2016 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

1. DESCRIPTION OF THE PLAN:

The following description of the NewPage Corporation Retirement Savings Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Verso Corporation (the "Sponsor") which purchased the previous sponsor of the Plan, NewPage Corporation, during 2015. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) savings plan covering all eligible employees of the Sponsor. Employees are eligible to enter the Plan immediately.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On January 7, 2015, NewPage Corporation was acquired by Verso Corporation. In order to satisfy federal antitrust concerns, mills owned by NewPage Corporation and located in Rumford, Wisconsin and Biron, Wisconsin were sold to Catalyst Paper Corporation ("Catalyst"). Upon the sale of the Rumford and Biron mills to Catalyst, all affected participants who were employed as of the date of the sale became one hundred percent vested in their account balances. Participants were given the option to keep their accounts in the Plan, roll their balances into qualified plans sponsored by Catalyst, or take a distribution in accordance with the provisions of the Plan.

Contributions

Participants are permitted to defer up to 50% of their eligible compensation on a before-tax or after-tax basis. Participants may also contribute amounts representing distributions from other eligible qualified plans. For those participants who have attained age 50 or older by the end of the calendar year, the Plan permits catch-up contributions subject to limitations imposed by law. The Internal Revenue Code establishes a limit on the percent of compensation deferred by participants. The Sponsor determines that the salary deferral percentage, the employer matching percentage and the total defined contribution percentage comply with several tests prescribed by law. If the tests are not met, then the excess participant contributions are refunded to those participants.

The Sponsor makes two types of contributions to non-bargaining participants of the Plan, matching contributions and a fixed contribution. The Sponsor's matching contributions are an amount equal to 50% of each participant's contributions up to 8% of eligible compensation for a maximum match of 4%. The fixed contribution is equal to 3% of eligible compensation for each participant who is not represented by a collective bargaining group and is employed on the last day of the Plan year.

Participants represented by a participating union group may also be eligible for matching contributions and fixed contributions. The formula for determining the matching and fixed contributions depend on the participant's respective collective bargaining agreement and their status as either grandfathered or non-grandfathered in the NewPage Retirement Plan for Bargained Hourly Employees. Participants represented by a participating union group that were aged 55 or over, or had a total of 75 years of age and service as of March 31, 2013 are considered grandfathered. Participants represented by a participating union group who did not meet these criteria are considered non-grandfathered. Additionally, those that met the criteria were given a one-time opportunity to give up their grandfathered status and be treated as non-grandfathered going forward. Grandfathered participants may not be eligible for matching contributions, or they may be eligible for matching contribution formulas of 3% or 4%, depending on their collective bargaining agreement. In addition, grandfathered participants receive a fixed contribution equal to 3% of eligible compensation beginning twelve months after the final pension dollar multiplier increase goes into effect, which occurs on various dates through June 30, 2018, depending on their collective

bargaining agreement. Non-grandfathered participants receive matching contributions equal to 100% of each participant's contributions up to 2% of eligible compensation and 50% of each participant's contributions between 2% and 6% of eligible compensation. In addition, non-grandfathered participants are eligible to receive a fixed contribution ranging between 2.5% to 6.5% of eligible compensation depending on their age and vesting service.

The Sponsor, at its discretion, may make an additional profit sharing contribution ranging from zero to 5% of eligible compensation. Only non-union participants who are actively employed on the last day of the Plan year are eligible for profit-sharing contributions. The Sponsor made no such contributions during 2016 or 2015.

Participants direct the investment of their contributions and Sponsor contributions into various investment options offered by the Plan and may change their investment options at any time.

Participant accounts

Each participant's account is credited with the participant's contributions and Sponsor matching contributions, as well as allocations of the Sponsor's fixed contribution and profit sharing contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their accounts up to a maximum of 50% of their vested account balance, but not to exceed \$50,000. Participants are permitted to have no more than two loans outstanding at a time. Participants with two or more loans outstanding originating in the predecessor plans of MeadWestvaco prior to May 1, 2005 and the Stora Enso North America ("SENA") 401(k) plans prior to October 1, 2008, may not originate new loans until the prior loans are repaid so that no more than a total of two loans are outstanding at any time. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participants' account and bear interest at prime plus 1%, which is commensurate with local prevailing rates and is determined by the plan administrator at the time the loan is made. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon termination of employment, participants have the option to leave their balance in their account (if the balance is greater than \$1,000) or receive lump-sum or installment distributions. Participants may also make certain in-service withdrawals from the Plan such as hardship and post age 59 ½ withdrawals.

Vesting

Participants are immediately vested in all employee contributions, Sponsor matching contributions, and Sponsor discretionary profit-sharing contributions plus earnings thereon. Sponsor fixed contributions plus earnings thereon will be vested after the completion of five years of vesting service.

Forfeitures

Forfeitures of non-vested sponsor contributions may be used to restore the amount of previous forfeitures for rehired participants with separations of service of less than five years, to reduce the amount of Plan Sponsor contributions, or to pay the cost of administering the Plan. For the year ended December 31, 2016, forfeited non-vested accounts in the amount of \$108,997 were used to reduce the amount of Plan Sponsor contributions. There were \$251,137 and \$46,718 of unallocated forfeitures outstanding at December 31, 2016 and 2015, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contributions plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments, as described in Note 4, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses and other plan administration expenses are included in investment income and are charged to participant accounts based on their accounts balances.

Change in accounting policy

The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan elected to early adopt Part II of ASU 2015-12 in 2015; in 2016, the Plan adopted the remaining parts applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

Additionally, FASB issued ASU 2015-07, "Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or Its Equivalent)." ASU 2015-07 simplifies disclosures and reporting on investments valued at net asset value as a practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with earlier adoption permitted. The Plan has elected to early adopt ASU 2015-07, applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

Reclassifications

Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.

Subsequent events

The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES:

Plan management has elected the method of compliance permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC (Great-West) and State Street Bank and Trust Company (State Street) have certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, and the supplemental schedule of assets (held at end of year) as of December 31, 2016; the related investment activity reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2016. Great-West was the trustee of the Plan as of December 31, 2015 and from January 1, 2016 through June 30, 2016 and State Street Bank and Trust Company was the trustee of the Plan from July 1, 2016, through December 31, 2016.

4. FAIR VALUE MEASUREMENT:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Interest-bearing cash: Valued at cost which approximates fair value.

Registered investment companies: Valued at the daily closing price as reported by the fund. The funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV per share and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common/collective trusts: These investments do not have a readily determinable fair value. As permitted by accounting principles generally accepted in the United States of America, the Plan has valued such investments at Net Asset Value ("NAV") per share. The NAV per share, as provided by the investment manager, is based on the underlying net assets owned by the fund, divided by the number of shares outstanding. The NAV is based on the fair value of the underlying securities within the fund.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The following table sets forth, by level within the fair value hierarchy, a summary of the Plan's investments that were measured at fair value on a recurring basis as of December 31, 2016:

	Level 1	Level 2	Level 3	Assets at NAV	Total
Interest-bearing cash	\$ 251,137	\$ -	\$ -	\$ -	\$ 251,137

The following table sets forth, by level within the fair value hierarchy, a summary of the Plan's investments that were measured at fair value on a recurring basis as of December 31, 2015:

The table below sets forth the fair value and redemption frequency for those assets whose fair value is estimated using the net asset value per share as of December 31, 2016:

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period

The table below sets forth the fair value and redemption frequency for those assets whose fair value is estimated using the net asset value per share as of December 31, 2015:

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trusts	\$366,547,576	\$ -	Daily	1 day

The common/collective trusts held by the Plan are direct filing entities.

5. GUARANTEED INVESTMENT CONTRACT WITH NYL GUARANTEED INTEREST ACCOUNT:

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with New York Life Insurance Company Guaranteed Interest Account totaling \$40,883,260. New York Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by New York Life Insurance Company Guaranteed Interest Account, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure

to trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without consent of the user.

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments were managed by State Street Bank and Trust Company or Great-West Trust Company, the trustees; therefore, these transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all benefits will be distributed to participants and beneficiaries in proportion to their respective account balances.

8. TAX STATUS:

The IRS has determined and informed the Company by a letter dated April 19, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended and restated since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2016 and 2015:
