Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility on the 2016 Financial Statements

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2016 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Bank of America, N.A. (Bank of America), except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that Bank of America holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Bank of America as of December 31, 2016, and for the year then ended, that the information provided to the Plan administrator by Bank of America is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2016 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Bank of America. Their report, dated December 2, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by Bank of America was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by Bank of America, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following brief description of the Filtration Group 401(k) Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan for the employees of Filtration Group, LLC, Filtair Inc., Burke Environmental LLC, Chemco Manufacturing Inc., Waco Filters Corporation, Clear Edge Filtration, Universal Air Filters, Air Flow Technology, AG Industries, Global Filter, Buffalo Filter, Air Systems Products, Kaydon Corporation, and Purafil Inc. (collectively, the Company). The Company established the Plan effective July 1, 1995. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

During 2016, Zinga Industries, Inc. was acquired by and become a division of Filtration Group, LLC. As a result, on September 30, 2016, balances in the amount of \$1,598,651 were transferred from the Zinga Industries, Inc. 401(k) Plan to the Plan.

Eligibility

Under provisions of the Plan, all active employees of the Company, excluding members of a collective bargaining unit and leased employees, who have completed 1 month of service and are at least 21 years of age, are eligible to participate in the Plan. Participants become eligible to participate on the first plan entry date (first of each month) after meeting all eligibility requirements.

Contributions

Participants may contribute up to 100% of annual compensation, subject to annual limitations set forth in Section 402(g) of the Internal Revenue Code (IRC). The Company, at its discretion, may make matching and/or profit-sharing contributions. Profit-sharing contributions are allocated to each participant's account based upon the participant's eligible compensation multiplied by a percentage determined by management. Such contributions are subject to certain limitations.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. A current description of the investment funds may be obtained from the Plan administrator.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings or losses and charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant deferrals, earnings, or account balances, as defined. The benefit to which a participant is entitled is that which can be provided from the participant's vested account.

1. Description of the Plan (cont.)

Notes Receivable from Participants

A participant may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are secured by the participant's account balance and bear interest at a reasonable rate of interest as determined by Plan management based on prevailing interest rates charged for similar loans in the loan market. Repayments of the loans are made in substantially equal payroll deductions amortized over the life of the loan. The loan must be repaid within five years unless the loan is used to purchase a primary residence, in which case the repayment period may not extend beyond ten years from the date of the loan. The principal amount of the loan, together with all accrued interest, shall immediately become due when the participant is no longer employed by the Company.

Payment of Benefits

Participant accounts may be withdrawn upon retirement, death, disability, attainment of age 59½, or termination of employment as a lump-sum or in the form of installments as specified in the Plan. On termination of service due to any other reason, the participant may elect to receive a lump-sum or rollover to an eligible retirement plan in the amount equal to the value of the participant's vested interest in his or her account. In-service and hardship distributions are available to participants provided certain requirements are met. In-service distributions are limited to withdrawals from 100% vested accounts. Hardship distributions are limited to withdrawals not exceeding a participant's salary deferrals.

Any participants with a vested balance less than \$5,000 will receive a lump-sum distribution automatically upon death, disability, termination or retirement.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in Company contributions plus actual earnings, as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Forfeited Accounts

Forfeited non-vested accounts totaled \$99,561 and \$128,271 at December 31, 2016 and 2015, respectively. Company contribution amounts forfeited, plus earnings (losses) thereon, are used to reduce future Company contributions or pay plan fees. During the year ended December 31, 2016, forfeited funds in the amount of \$82,672 were used to offset employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Accounting Estimates

The preparation of financial statements in conformity with GAAP require the Plan's management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value, including the common collective trusts, which hold indirect investments in fully benefit-responsive investment contracts.

Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of the fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest is recorded when earned and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Plan Expenses

Loan origination fees associated with notes receivable from participants and the Plan's record keeping and custodian fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other expenses of the Plan are paid by the Company.

2. Summary of Significant Accounting Policies (cont.)

Subsequent Events

Management has evaluated subsequent events through October 12, 2017, which is the date the financial statements were available to be issued and there were no such events requiring adjustments to the financial statements or disclosures, as stated herein.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America N.A. (Bank of America) has certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2016 and 2015, and for the year ended December 31, 2016 provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2016 and 2015, and for the year ended December 31, 2016 is covered by such certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Filtration Group 401(k) Retirement Savings Plan

Notes to Financial Statements

4. Fair Value Measurement(cont.)

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - Valued at NAV per unit, as provided by the administrator of the fund at year-end. The NAV is used as the practical expedient to estimate fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015.

<i>December 31, 2016</i>	Level 1	Level 2	Level 3	Total
Cash, interest-bearing	\$ 522	\$ -	\$ -	\$ 522
Mutual funds	34,267,251	-	-	34,267,251
	\$ 34,267,773	\$ -	\$ -	34,267,773
Common collective trusts measured at NAV*				3,185,286
Total investments at fair value				\$ 37,453,059
<i>December 31, 2015</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 30,635,652	\$ -	\$ -	\$ 30,635,652
Common collective trusts measured at NAV*				2,541,756
Total investments at fair value				\$ 33,177,408

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statements of net assets available for benefits.

Fair value of investments in certain entities that calculate NAV per share (or its equivalent) follows:

Investment	Fair value at December 31,		Unfunded	Redemption	Redemption
	2016	2015	Commitments	Frequency	Notice Period
Collective trusts	\$ 3,185,286	\$ 2,541,756	N/A	Daily	None

Filtration Group 401(k) Retirement Savings Plan

Notes to Financial Statements

5. Income Tax Status

The Plan is based on the prototype plan sponsored by Merrill Lynch Pierce Fenner & Smith, Inc. (Merrill Lynch). The Internal Revenue Service (IRS) has opined and informed Merrill Lynch by a letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Transactions and payments to Bank of America for administrative fees, recordkeeping fees and investment management fees qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the statement of net assets per the financial statements at December 31, 2016 and 2015 to the Schedule H of the Form 5500:

The following is a reconciliation of net increase in net assets available for benefits per the financial statements for the year ended December 31, 2016 to the net income on the Schedule H of the Form 5500:

	2016
Net increase in net assets available for benefits per financial statements	\$ 2,858,384

Less: employer contribution receivable current year	(143,242)
Net increase in net assets available for benefits per Form 5500	\$ 2,668,837

The Plan files Form 5500 on the cash basis of accounting while the financial statements are on the accrual basis. Under the cash basis of accounting, income is reported as received and expenses are recorded as paid.

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Filtration Group 401(k) Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan for the employees of Filtration Group, LLC, Filtair Inc., Burke Environmental LLC, Chemco Manufacturing Inc., Waco Filters Corporation, Clear Edge Filtration, Universal Air Filters, Air Flow Technology, AG Industries, Global Filter, Buffalo Filter, Air Systems Products, Kaydon Corporation, and Purafil Inc. (collectively, the Company). The Company established the Plan effective July 1, 1995. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

During 2016, Zinga Industries, Inc. was acquired by and become a division of Filtration Group, LLC. As a result, on September 30, 2016, balances in the amount of \$1,598,651 were transferred from the Zinga Industries, Inc. 401(k) Plan to the Plan.

Eligibility

Under provisions of the Plan, all active employees of the Company, excluding members of a collective bargaining unit and leased employees, who have completed 1 month of service and are at least 21 years of age, are eligible to participate in the Plan. Participants become eligible to participate on the first plan entry date (first of each month) after meeting all eligibility requirements.

Contributions

Participants may contribute up to 100% of annual compensation, subject to annual limitations set forth in Section 402(g) of the Internal Revenue Code (IRC). The Company, at its discretion, may make matching and/or profit-sharing contributions. Profit-sharing contributions are allocated to each participant's account based upon the participant's eligible compensation multiplied by a percentage determined by management. Such contributions are subject to certain limitations.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. A current description of the investment funds may be obtained from the Plan administrator.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings or losses and charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant deferrals, earnings, or account balances, as defined. The benefit to which a participant is entitled is that which can be provided from the participant's vested account.

Filtration Group 401(k) Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Notes Receivable from Participants

A participant may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are secured by the participant's account balance and bear interest at a reasonable rate of interest as determined by Plan management based on prevailing interest rates charged for similar loans in the loan market. Repayments of the loans are made in substantially equal payroll deductions amortized over the life of the loan. The loan must be repaid within five years unless the loan is used to purchase a primary residence, in which case the repayment period may not extend beyond ten years from the date of the loan. The principal amount of the loan, together with all accrued interest, shall immediately become due when the participant is no longer employed by the Company.

Payment of Benefits

Participant accounts may be withdrawn upon retirement, death, disability, attainment of age 59½, or termination of employment as a lump-sum or in the form of installments as specified in the Plan. On termination of service due to any other reason, the participant may elect to receive a lump-sum or rollover to an eligible retirement plan in the amount equal to the value of the participant's vested interest in his or her account. In-service and hardship distributions are available to participants provided certain requirements are met. In-service distributions are limited to withdrawals from 100% vested accounts. Hardship distributions are limited to withdrawals not exceeding a participant's salary deferrals.

Any participants with a vested balance less than \$5,000 will receive a lump-sum distribution automatically upon death, disability, termination or retirement.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in Company contributions plus actual earnings, as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Forfeited Accounts

Forfeited non-vested accounts totaled \$99,561 and \$128,271 at December 31, 2016 and 2015, respectively. Company contribution amounts forfeited, plus earnings (losses) thereon, are used to reduce future Company contributions or pay plan fees. During the year ended December 31, 2016, forfeited funds in the amount of \$82,672 were used to offset employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Accounting Estimates

The preparation of financial statements in conformity with GAAP require the Plan's management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value, including the common collective trusts, which hold indirect investments in fully benefit-responsive investment contracts.

Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of the fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest is recorded when earned and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Plan Expenses

Loan origination fees associated with notes receivable from participants and the Plan's record keeping and custodian fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other expenses of the Plan are paid by the Company.

Filtration Group 401(k) Retirement Savings Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Subsequent Events

Management has evaluated subsequent events through October 12, 2017, which is the date the financial statements were available to be issued and there were no such events requiring adjustments to the financial statements or disclosures, as stated herein.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America N.A. (Bank of America) has certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2016 and 2015, and for the year ended December 31, 2016 provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2016 and 2015, and for the year ended December 31, 2016 is covered by such certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Filtration Group 401(k) Retirement Savings Plan

Notes to Financial Statements

4. Fair Value Measurement(cont.)

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - Valued at NAV per unit, as provided by the administrator of the fund at year-end. The NAV is used as the practical expedient to estimate fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015.

<i>December 31, 2016</i>	Level 1	Level 2	Level 3	Total

Notes to Financial Statements

5. Income Tax Status

The Plan is based on the prototype plan sponsored by Merrill Lynch Pierce Fenner & Smith, Inc. (Merrill Lynch). The Internal Revenue Service (IRS) has opined and informed Merrill Lynch by a letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Transactions and payments to Bank of America for administrative fees, recordkeeping fees and investment management fees qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.
