TWU LOCAL 100/PBL 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan

The following brief description of TWU Local 100/PBL 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a single-employer defined contribution plan established on May 1, 2014, covering substantially all eligible employees subject to the collective bargaining agreement between the Primary Employer, Quality Transportation Corp. (the "Company"), and Transport Workers Union of Greater New York, AFL-CIO, Local 100 (the "Union"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees serves as plan sponsor of the Plan. Principal Financial Group ("Principal") serves as custodian and trustee for certain funds held as investment vehicles for the Plan.

Contributions

Each year, participants may contribute a certain amount of pre-tax compensation, as defined in the Plan agreement, as limited by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investments of contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. The Employer contributes 100% of a participant's elective deferral contributions and catch-up contributions, up to a maximum of \$45 per weekly pay period. During the years ended December 31, 2016 and 2015, employer matching contributions totaled \$126,073 and \$104,150, respectively. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100 percent vested in their voluntary contributions and the Employer's discretionary contribution portion plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms cannot exceed five years. Loans are secured by the participant's account balance and bear interest at a reasonable fixed rate determined by the loan administrator. Principal and interest are paid ratably through payroll deductions.

TWU LOCAL 100/PBL 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan (cont'd.)

Payment of Benefits

On termination of service due to death, disability, retirement or any other severance of employment, a participant may elect to receive a lump-sum payment or may elect to receive a fixed payment installment option not to exceed the participant's life expectancy.

Note 2 - Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Change in Accounting Principles

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for nonpublic entities for fiscal years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in removal of the categorization within the fair value hierarchy for common collective trusts, for all periods presented.

In July 2015, the FASB issued ASU 2015-12. This three-part standard simplifies reporting with respect to investment disclosures. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has adopted Parts I and II. Accordingly, the amendments were retrospectively applied resulting in net appreciation(depreciation) of fair value of investments disclosed only in aggregate and not by investment type for all periods presented. Part III is not applicable.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the board of trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

TWU LOCAL 100/PBL 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer Contributions Receivable

Employer contributions receivable are stated at the amount the Plan expects to collect from the employer pursuant to the collective bargaining agreement. Contributions receivable are written off when they are determined to be uncollectible.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with the corresponding reduction to contributions. There were no distributions of excess contributions to participants for the years ended December 31, 2016 and 2015.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Fees related to the administration of notes receivable from participants and auditor fees are charged directly to the participants' accounts and included in administrative expenses of the Plan. Investment related expenses are reflected in net appreciation (depreciation) in the fair value of such investments, in accordance to the plan document.

Subsequent Events

The Plan has evaluated events and transactions occurring through October 10, 2017, the date the financial statements were available to be issued.

TWU LOCAL 100/PBL 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 3 - Investments (Unaudited)

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by Principal Life Insurance and by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company as of December 31, 2016 and 2015, and was not subjected to any auditing procedures performed by the independent auditor:

- a) Total investments are shown in the accompanying statements of net assets available for benefits and respective disclosures.
- b) Net investment earnings as shown in the accompanying statement of changes in net assets available for benefits and respective disclosure.
- c) All investment-related information accompanying supplemental Schedule H, item 4i-Schedule of Assets (Held at End of Year).

During 2016 and 2015, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year appreciated (depreciated) in value by \$78,065 and \$(16,800), respectively.

Note 4 - Fair Value Measurements (Unaudited)

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

TWU LOCAL 100/PBL 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair Value Measurements (Unaudited) (cont'd.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts and common/collective trusts: Valued at the net asset value ("NAV") of units of the investment holdings held by the Plan. The NAV, as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the investment holdings, the investment adviser reserves the right to temporarily delay withdrawal from the holdings in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Board of Trustees has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

Note 6 - Tax Status

The Plan has applied for a determination letter from the Internal Revenue Service stating that the Plan is qualified under Internal Revenue Code ("IRC") Section 401(a). However, the Board of Trustees and the Plan's legal counsel believe it is qualified since the Plan and related trust are designed and the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

TWU Local 100/PBL 401(K) Plan
NOTES TO FINANCIAL STATEMENTS

Note 8 - Party-in-Interest Transactions

Certain Plan investments are managed by Principal. Principal is the trustee and record-keeper for the Plan and, therefore, these transactions qualify as party in interest transactions. For the years ended December 31, 2016 and 2015, fees paid by the Plan for these services amounted to \$8,353 and \$7,662, respectively.
