NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Career Strategies, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined-contribution plan established by Career Strategies, Inc. (the "Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Employer. Great-West Trust Company, LLC (the "custodian" or "Great-West") is responsible for the custody and management of the Plan's assets.

Eligibility
All employees who are age twenty-one (21) or over and have completed one year of employment are eligible for participation in the Plan. The eligible participant may enter the Plan on the first day of the first month or seventh month of the Plan year following the completion of one year of service, defined as 1,000 hours of service.

Participant Contributions
Each year, participants may enter into a salary deferral agreement and contribute any amount, with a minimum of 1% of compensation and not to exceed elective deferral limits imposed by the IRS, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. All Employer contributions are invested in the same manner that the participant directs his or her investments. Participants may also roll over amounts representing distributions from other qualified defined-benefit or defined-contribution plans.

Employer Contributions
As of November 30, 2015, the Plan was amended to implement the inclusion of a Safe Harbor Basic Matching Contribution effective January 1, 2016, reversing the Plan's prior discretionary match. Under the Safe Harbor election, the Employer will make a matching contribution equal to 100% of the Participant's elective deferrals, including catch-up contribution, that do not exceed 3% of the Participant's compensation plus 50% of the Participant's elective deferrals between 3% and 5% of the Participant's elective deferrals. This safe harbor matching contribution is 100% vested. During the year ended December 31, 2016, $3,282 of forfeitures was used to reduce the 2016 employer match contribution.

Participant Accounts
Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, and allocations of the Plan's earnings and administrative expenses. The allocation is based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Investment Options
Participants may direct their salary deferral contributions, as desired, in any of several investment options held by the custodian and may change their investment options monthly. The Plan currently holds a combination of mutual funds as investment options for the participants.

Notes from Participants
Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in the prior 12-month period. The loans are secured by the balance in the participant's account and bear a rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money under similar circumstances. Current loan interest rates range from 4.25% to 4.5%. Loan terms are specified for each loan. Loans must be repaid within a five-year period, unless the loan is used to purchase a principal residence. Principal and interest are paid ratably through weekly or semimonthly payroll deductions.

Benefit Payments
Active participants may withdraw amounts from their accounts up to their entire vested interest if they attain the age of 59 ½ years or qualify for financial hardship. On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum cash payment equal to the value of the participant's vested interest.

Vesting
Plan participants are 100% vested in the balance of all contributions and related investment earnings at all times.

Administrative Expenses
Administrative expenses incidental to the administration of the Plan, including fees of the trustee and custodian and independent public accountants, may be paid by the Plan. Administrative expenses not paid by the Employer are paid by the Plan. Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Forfeitures
At December 31, 2016, and 2015, forfeited non-vested accounts totaled $11,065 and $2,496, respectively. These accounts may be used to pay Plan expenses, reduce nonelective contributions, or reduce any future matching contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 13, 2017, the date the financial statements were available to be issued, and concluded that no other subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting and include only the assets, liabilities, and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Contributions by the participants are recognized in the period the participants' wages are earned, and withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participant, except for cases where refunds are due to the participants in order for the Plan to conform to Internal Revenue Code (IRC) provisions. In addition, investment income is recorded when received by the Plan custodian. Plan expenses are recorded when incurred.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Certain management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants
Notes from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Related fees are recorded as administrative expenses when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefit payments to participants are recorded when paid. As of December 31, 2016, and 2015, there were no benefits payable to participants who elected to withdraw from the Plan.

Excess Contributions Payable to Participants
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with corresponding reduction to contributions. Delinquent participant loans are classified as distributions based upon the terms of the Plan agreement.

Recently Adopted Accounting Pronouncements
In June 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-10, *Technical Corrections and Improvements* (ASU 2015-10). The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification (ASC), including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards. The amendments in ASU 2015-10 will generally be effective for fiscal periods beginning after December 15, 2015. Early adoption is permitted, including adoption in an interim period. The adoption of immediately effective amendments was not significant to these financials. The adoption of ASU 2015-10 was not significant to these financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefits Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient* (ASU 2015-12). This three-part ASU simplifies current benefit-plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and, accordingly, removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; and (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in ASU 2015-12 eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value (NAV) per share using the practical expedient in FASB ASC Topic 820, "Fair Value Measurements and Disclosures" (ASC 820).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Adopted Accounting Pronouncements (Continued)
Part III of the ASU provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month end that is closest to the plan's fiscal year end, when the fiscal period does not coincide with a month end, while requiring certain additional disclosures. The amendments in Parts I and II of this standard are effective retrospectively for fiscal years beginning after December 15, 2015. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015, and early adoption is permitted. Management elected to adopt this guidance in the 2015 plan year. The adoption of these rules did not have a material effect on the disclosures in the Plan's financial statements. The impact of adopting these amendments is reflected in the financial statements.

NOTE 3 – INVESTMENT INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to investments and loans to participants held at December 31, 2016, and 2015, and investment income and interest income on loans to participants for the year ended December 31, 2016, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish the daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: Valued at contract value by discounting the related cash flows based on predetermined interest rates subject to change at the issuers discretion, but not below the minimum guaranteed interest rate.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,942,837	$ -	$ -	$ 1,942,837
Total assets in the fair value hierarchy	1,942,837			1,942,837
Guaranteed investment contract (a)				560,151
Total				**$ 2,502,988**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,445,864	$ -	$ -	$ 1,445,864
Total assets in the fair value hierarchy	1,445,864			1,445,864
Guaranteed investment contract (a)				515,624
Total				**$ 1,961,488**

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE 5 – FULLY BENEFIT-RESPONSIVE CONTRACT

The Plan entered into a benefit-responsive investment contract with Great-West, totaling $560,151 and $515,624 as of December 31, 2016, and 2015, respectively. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings—less participant withdrawals—and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero. The interest crediting rate is reset quarterly.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a guaranteed interest account managed by Great-West. Great-West is the custodian as defined by the Plan, and therefore, these transactions qualify as exempt "party-in-interest" transactions permitted by the United States Department of Labor (DOL) Rules and Regulations. Fees paid by the Plan to the trustee amounted to $14,218 for the year ended December 31, 2016. Notes receivable from participants and the related interest income of $2,991 are also considered related party transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, including mutual funds. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed such intent, the Employer, by action of its board of directors, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease, and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 9 – FEDERAL INCOME TAX STATUS

Effective January 1, 1995, the Plan adopted a prototype plan sponsored by Career Strategies, Inc. 401(k) Plan. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

The Plan's administration believes the amendments to the original Plan document will not adversely impact the Plan's compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset, or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – NONEXEMPT TRANSACTIONS

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the trust within the time frame specified by the Department of Labor's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the plan and Employer for the year ended December 31, 2016. Delay in remitting the contributions to the custodian were due to an administrative error. Delinquent participant contributions for the 2016 plan year included $62,558 of employee contributions and $4,039 of loan repayments. The Company has deposited the contributions with the custodian.

The Plan sponsor intends to reimburse the plan for lost interest. The Plan sponsor intends to file Form 5330 and intends to pay the applicable excise tax in 2017. The excise tax payments were made from the Plan sponsor's assets and not from assets of the Plan.
