QVC, Inc. 401(k) Matched Savings, Retirement and Success Sharing Plan

Notes to Financial Statements

December 31, 2016 and 2015

1. Description of the Plan

The following description of QVC, Inc. 401(k) Matched Savings, Retirement and Success Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees as of their first day of employment with QVC, Inc., and its domestic subsidiaries (the "Company"). Eligible employees may make elective contributions to the Plan immediately, but must complete one year of credited services (as defined by the Plan) and attain age 21 to receive a Company matching contribution.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's Investment Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Employee Contributions and Company Matching Contribution

Eligible employees may elect to contribute an amount equal to not less than 1 percent and not more than 50 percent of their annualized compensation, subject to the limitation of the Internal Revenue Code ("IRC") of \$18,000 for plan years 2016 and 2015. The Company contributes \$1 for each \$1 contributed by an eligible participant up to 6 percent of their compensation. The Company may make an additional matching contribution in an amount equal to a discretionary amount for each \$1 by which a participant defers compensation pursuant to a salary deferral agreement, subject to limitations. Eligible employees must meet certain other requirements, as outlined in the Plan's provisions, to receive additional matching contributions. The Company did not make additional matching contributions for Plan years ended December 31, 2016 and 2015.

Eligible employees who have attained the age of 50 before the close of a plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, the IRC. In 2016 and 2015, the limit was \$6,000.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants direct the investment of all contributions into various investment options offered by the Plan.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Discretionary Profit Sharing Contributions and Vesting

The Plan allows for discretionary profit sharing contributions to eligible participants. Eligible participants must meet certain other requirements, as outlined in the Plan's provisions, to receive discretionary profit sharing contributions. Employees are vested in their share of these contributions once they have reached three years of credited service. During the years ended December 31, 2016 and 2015, the Company made a discretionary profit sharing contribution of \$1,576,502 and \$1,665,596, respectively.

QVC, Inc. 401(k) Matched Savings, Retirement and Success Sharing Plan

Notes to Financial Statements
December 31, 2016 and 2015

Vesting

Participants are immediately vested in their contributions and Company matching contributions plus actual earnings thereon for contributions made on or subsequent to January 1, 2010. For contributions made prior to January 1, 2010, participants are vested in the Company's contributions once they have reached three years of credited service.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution, as well as allocations of (a) the Company's discretionary profit sharing contribution and (b) the Plan's earnings. Prior to September 30, 2015, participants were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined.

Effective October 1, 2015, each participant is charged an annual plan administration fee in the amount of \$50 regardless of participant earnings, account balances, or specific participant transactions. This fee is automatically deducted from each participant's account and is intended to cover fees for legal, accounting, recordkeeping, and other administrative expenses.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts, subject to certain limitations, a minimum of \$750 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Only one note per participant may be outstanding at any time. Generally, terms range from one to five years however, terms may range from one to ten years if borrowing is for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions or by check. Interest charged on a participant's note is determined at the time the note is taken and is based upon the prevailing interest rate for a note of its type. The rates for the notes outstanding at December 31, 2016 and 2015 range from 4.25 percent to 10.00 percent. Loans are secured by the balance in the participant's account.

Payment of Benefits

Upon termination of service for any reason, a participant is eligible to receive the vested interest in his or her account in a lump sum. If such vested interest is greater than \$1,000, then the participant may elect to defer distribution for a specified period of time ending no later than the normal retirement age of 65. A financial hardship withdrawal can be made only for an immediate and heavy financial need that, among other things, cannot be satisfied through certain other sources available to the participant. In addition, a participant is eligible for in-service distributions starting at the age of 59.5 years.

Forfeited Accounts

At December 31, 2016 and 2015, available forfeited non-vested accounts were \$73,065 and \$89,449, respectively. These accounts will be used to pay certain administrative fees of the Plan or to reduce future Company matching or discretionary contributions.

In 2016 and 2015, forfeited accounts were used to reduce the Company matching and discretionary contributions by \$368,024 and \$-0- respectively. Additionally, in 2016 and 2015, forfeited accounts were used to pay administrative fees in the amount of \$-0- and \$73,021, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are recorded as distributions based upon the terms of the Plan provisions. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

QVC, Inc. 401(k) Matched Savings, Retirement and Success Sharing Plan

Notes to Financial Statements
December 31, 2016 and 2015

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 13, 2017, the date the financial statements were available to be issued. The Plan was restated effective January 1, 2017. Under the restated Plan, the Company will make matching contributions in an amount equal to \$1 for each \$1 by which each participant makes elective deferral contributions, up to a maximum of 3% of their compensation, plus \$.50 for each \$1 contributed in excess of 3% of their compensation but not in excess of 6%. The maximum contribution will be 4.5% of compensation.

In addition to the changes described above, there were other administrative changes which do not have a material impact on these financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

QVC, Inc. 401(k) Matched Savings, Retirement and Success Sharing Plan

Notes to Financial Statements

December 31, 2016 and 2015

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money market fund is valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The common collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts consist of cash equivalents, common stock, mutual funds and fixed income securities and are valued based upon the fair value of their underlying assets derived principally from quoted market prices and other observable inputs from or corroborated by observable market data by correlation or other means.

4. Information Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2016 and 2015. Accordingly, Fidelity Management Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2016 and 2015 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2016, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2016 and 2015.

5. Administration of Plan Assets

The Plan's assets are administered under a contract with Fidelity Management Trust Company, the custodian of the Plan. Fidelity Management Trust Company invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants. Certain administrative expenses of maintaining the Plan are paid by the Company.

QVC, Inc. 401(k) Matched Savings, Retirement and Success Sharing Plan

Notes to Financial Statements

December 31, 2016 and 2015

6. Related Party and Party In Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company, the custodian of the Plan, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation (depreciation) in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues notes to its participants which are secured by the participants' account balance. These transactions qualify as party in interest transactions that are exempt from the prohibited transaction rules.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts at that time.

8. Tax Status

The IRS has determined and informed the Company by a letter dated May 30, 2012, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Subsequent to year end, the Plan obtained a determination letter from the IRS dated September 28, 2017 informing the Company that the Plan is qualified and the trust established under the plan is tax-exempt, under the appropriate provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

As of December 31, 2016 and 2015, the Plan had investments of \$194,559,589 and \$196,677,081, respectively, that were concentrated in three funds.
