INDEPENDENT AUDITORS' REPORT

The Board of Trustees and Plan Administrator
Capstone Mechanical, LLC 401(k) Plan:

Report on Financial Statements

We were engaged to audit the accompanying financial statements of Capstone Mechanical, LLC 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2016 financial statements referred to in the first paragraph.

Emphasis of Matter

As discussed in Note 8 to the financial statements, the Plan adopted the provisions of Financial Accounting Standards Board Accounting Standards Update Nos. 2015-12 and 2015-07, effective December 31, 2016. Our opinion is not modified with respect to that matter.

Other Matters

The supplemental Schedule of Assets (Held at Year End) as of December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Principal Trust Company, the trustee of the Plan. Their report, dated October 12, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Capstone Mechanical, LLC 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Capstone Mechanical, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a 401(k) salary reduction profit sharing plan covering all full-time employees of Capstone Mechanical, LLC (the "Company") who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The purpose of the Plan is to provide retirement benefits for the Company's employees.

The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Internal Revenue Service Code (the Code). Under the Code, participants are not liable for Federal income taxes on employee contributions, Company contributions, or Plan earnings until such times as they are partially or completely withdrawn from the Plan.

(b) Contributions

Contributions to the 401(k) plan may consist of funds contributed by the Company, employees, and roll-over contributions. Each year, participants may contribute up to the maximum statutory amount of pretax annual compensation, as defined in the Plan. Participants are also eligible to make catch-up contributions and may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Under safe harbor provisions, the Company is required to make an annual contribution of 3% of eligible compensation. In addition, the Company may choose to make a discretionary contribution to the Plan for a particular plan year. Contributions are subject to certain limitations.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings (losses) and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements
(continued)

1. Description of Plan (continued)

(d) Vesting

Participants are immediately vested in their voluntary contributions, employer safe harbor, and employer prevailing wage contributions plus actual earnings thereon. Vesting in the discretionary Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant becomes fully vested at the end of six years of credited service. Full vesting also occurs upon death, disability, or retirement. Upon termination of employment, nonvested balances are accumulated and subsequently redistributed to the remaining employees in accordance with the applicable provisions of the Plan.

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $ 1,000 up to a maximum of $ 50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates from 3.25% - 4.50%, which is commensurate with the local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

(f) Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

(g) Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled $ 10,517 and $ 7,660, respectively. These amounts are used to reduce future employer contributions.

Capstone Mechanical, LLC 401(k) Plan

Notes to Financial Statements
(continued)

2. Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

(b) Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are paid. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

(e) Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements
(continued)

2. Summary of Accounting Policies (continued)

(f) Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Plan has historically paid the operating expenses. Expenses that are paid by the Company are excluded from these financial statements.

(g) Subsequent Events

Subsequent events were evaluated through October 12, 2017, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date

- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

- Level 3 inputs are unobservable inputs for the asset or liability.

Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

3. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: The pooled separate accounts invest in underlying mutual funds that trade on an established market. The pooled separate is valued daily at the net asset value ("NAV") of units in the account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The ability to exchange units of a pooled separate account may be restricted in the event that the Plan or participant engages in trading patterns which are detrimental to the account or the underlying investments. Trading restrictions apply to transfer into an investment fund; transfers out of the pooled separate account are allowed at any time.

Investment contract with an insurance company – general account: The Plan's investment contract with an insurance company – general account is valued using the net asset value ("NAV") of the units as determined by Principal Trust. The NAV is used as a practical expedient estimate to fair value. This practical expedient would not be used if it is determined to be probable that Principal Trust would sell the underlying investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the annuity contract with Principal Trust, Principal Trust reserves the right to require 30 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments as of December 31, 2016.

3. Fair Value Measurements (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

		Fair Value Measurements Using		
	Fair Value December 31, 2016	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 905,182	905,182	-	-
Total assets in the fair value hierarchy	905,182	905,182	-	-
Investments measured at net asset value (a)	155,403	-	-	-
Investments at fair value	$ 1,060,585	-	-	-

		Fair Value Measurements Using		
	Fair Value December 31, 2015	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 760,093	760,093	-	-
Total assets in the fair value hierarchy	760,093	760,093	-	-
Investments measured at net asset value (a)	129,517	-	-	-
Investments at fair value	$ 889,610	-	-	-

(a) In accordance with generally accepted accounting principles, certain investments that were at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statement of net assets availed for benefits.

4. Party-in-Interest Transactions

The Plan has not considered Company contributions to the Plan or benefits paid by the Plan to participants as party-in-interest transactions.

Certain Plan investments are shares of mutual funds and pooled separately accounts managed by the Principal Trust Company. The Principal Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100 percent vested in their employer contributions.

6. Income Tax Status

The Plan is using a standardized prototype profit-sharing plan document. The Internal Revenue Service (IRS) has determined and informed the Company by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Change in Accounting Principles

The Plan adopted Financial Accounting Standards Board Accounting Standards Update No. 2015-12, which is effective for fiscal years beginning after December 15, 2015. This standard was applied retrospectively and simplifies financial statement disclosures for employee benefit plans by eliminating disclosures related to the plan investments that represent 5% or more of net assets available for benefits, eliminating disclosures of net appreciation by investment type, and by revising fair value hierarchy disclosures to those by investment type with no further disaggregation required.

The Plan also early adopted Financial Accounting Standards Board Accounting Standards Update No. 2015-07, which is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. This standard was applied retrospectively and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. These standards had no impact on the Plan's net assets available for benefits

9. Information Certified by Custodian

The financial information included in the Plan financial statements, except for contributions receivable, contributions, benefits paid to participants and administration fees, have been derived from information certified as complete and accurate by Principal Trust Company, the custodian of the Plan, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
