HHI Forging, LLC 401(k) Savings Plan

Notes to Financial Statements December 1, 2016 and December 31, 2015

Note 1 - Plan Description

The following description of HHI Forging, LLC 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Effective December 1, 2016, the Plan was merged with MPG Retirement Plan. Accordingly, the descriptions below are those provisions of the Plan effective prior to the merger.

General - The Plan is a defined contribution plan sponsored by Impact Forge Group, LLC (Impact Forge) for the benefit of its nonunion employees who have at least 120 days of service.

Jernberg Industries, LLC and Jernberg Sales, LLC (collectively, Jernberg) are participating employers of the Plan. Nonhighly compensated salaried employees are eligible once they complete at least 30 days of service. All other Jernberg union and nonunion employees with at least 120 days of service are eligible. Union employees have to be members of the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied-Industrial, and Service Workers International Union (USW), Local 2154.

HHI FormTech, LLC (FormTech) is also a participating employer of the Plan. Employees who are nonhighly compensated nonunion employees are eligible immediately upon hire and highly compensated nonunion employees are eligible once they complete at least 120 days of service. Union employees are eligible to participate on the date they become a union member. Union employees have to be members of the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America (UAW) Local 155 at the Royal Oak, Troy, and Fraser, Michigan plants.

Impact Forge, Jernberg, and FormTech are collectively known as the "Companies" and are wholly owned subsidiaries of HHI Forging, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All contributions are subject to certain regulatory limitations.

Contributions - The Plan permits eligible employees through a salary deferral election to have annual contributions up to the maximum allowed by law. Employee rollover and catch-up contributions are also permitted. The Plan has employer contributions as follows:

HHI Forging, LLC 401(k) Savings Plan

Notes to Financial Statements December 1, 2016 and December 31, 2015

Note 1 - Plan Description (Continued)

Impact Forge:

Impact Forge employer matching contributions are 40 percent of the first 6 percent of eligible compensation. Employer profit-sharing contributions are discretionary as determined by the board of directors. There were no employer profit-sharing contributions for the period ended December 1, 2016. Employer discretionary contributions are permitted to nonhighly compensated employees who are actively employed on the last day of the plan year and have greater than 1,000 hours for that plan year. There is no employer discretionary match allowed for highly compensated nonunion employees. There were no employer discretionary contributions for the period ended December 1, 2016.

Jernberg Union:

Jernberg makes employer matching and employer fixed contributions based on the provisions of the collective bargaining agreement between Jernberg and the Union noted above.

Jernberg Nonunion:

Jernberg makes employer matching contributions to nonhighly compensated salaried employees of 40 percent of elective deferrals. Jernberg makes employer matching contributions to highly compensated salaried employees at 40 percent of the first 6 percent of eligible compensation. Jernberg employer discretionary contributions to nonhighly compensated salaried employees are also permitted as determined by the board of directors for employees who are actively employed on the last day of the plan year and have greater than 1,000 hours for that plan year. Nonhighly compensated hourly employees receive an employer fixed contribution of 15 cents per hour worked. There is no employer discretionary match for highly compensated nonunion employees.

FormTech Union:

FormTech makes employer matching and employer fixed contributions based on the provisions of the collective bargaining agreements between FormTech and the Union noted above.

Notes to Financial Statements December 1, 2016 and December 31, 2015

Note 1 - Plan Description (Continued)

FormTech Nonunion:

FormTech makes employer matching contributions to nonhighly compensated salaried employees of 50 percent of the first 6 percent of eligible compensation. FormTech makes employer matching contributions to highly compensated salaried employees at 40 percent of the first 6 percent of eligible compensation. FormTech employer discretionary contributions to nonhighly compensated employees are also permitted as determined by the board of directors for employees who are actively employed on the last day of the plan year and have greater than 1,000 hours for that plan year. There were no employer discretionary contributions for the period ended December 1, 2016.

During 2016 and 2014, the Companies remitted certain employee deferrals after the time frame required by the Department of Labor. The Companies have not yet remitted certain contributions from 2016 to the Plan. Contributions relating to 2014 were remitted, along with related lost earnings, to the Plan in 2016.

Participant Notes Receivable - Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balances. The notes receivable are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined periodically by the plan administrator.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Companies' contribution and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Payment of Benefits - Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump sum or various installment annuities equal to the vested balance of a participant's account.

Hardship Withdrawals - Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Companies must approve any such hardship withdrawals.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts, plus earnings thereon, is based on years of credited service. Participants vest in the Companies' contribution 33 percent after one year of service and an additional 33 percent each year thereafter until they become fully vested after three years of service.

Notes to Financial Statements December 1, 2016 and December 31, 2015

Note 1 - Plan Description (Continued)

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. The Companies use forfeitures to pay administrative expenses and reduce future employer contributions.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal Trust Company) or its affiliates. Principal Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines. The Companies provide certain administrative services at no cost to the Plan. Additionally, the Companies pay certain administrative expenses of the Plan.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition - Investments held by the Plan are stated at fair value except as noted below. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

The fully benefit-responsive investment contract is valued at contract value. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

HHI Forging, LLC 401(k) Savings Plan

Notes to Financial Statements December 1, 2016 and December 31, 2015

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 11, 2017, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and execute all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2015. There were no investments held by the Plan as of December 1, 2016 as a result of the plan merger.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

HHI Forging, LLC 401(k) Savings Plan

Notes to Financial Statements December 1, 2016 and December 31, 2015

Note 5 - Fair Value Measurements (Continued)

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds - Mutual funds are valued at closing quoted prices reported in active markets.

Pooled Separate Accounts - The pooled separate accounts are valued at net asset value per share (NAV) or its equivalent of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2015

	Investments (at Fair Value)	Level 1
Mutual funds	\$ 10,162,703	\$ 10,162,703
Investments measured at NAV - Pooled separate accounts	35,966,103	
Total investments at fair value	\$ 46,128,806	

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

HHI Forging, LLC 401(k) Savings Plan

Notes to Financial Statements December 1, 2016 and December 31, 2015

Note 6 - Investment Contract

The Plan has a benefit-responsive investment contract with Principal Life Insurance Company. Principal Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single “portfolio rate” approach. Under this methodology, a single interest rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semiannual basis for resetting. When establishing interest credit rates for this product, Principal Life Insurance Company considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer’s general account. The minimum guaranteed rate under the contract as of December 31, 2015 is 1.00 percent.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

As described in Note 2, because the contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Notes to Financial Statements December 1, 2016 and December 31, 2015

Note 7 - Prohibited Transactions

When the predecessor plan to HHI Forging, LLC 401(k) Savings Plan (the "Original 401(k) Plan") was established, it did not permit any participant to borrow from the plan. Over a number of years, HHI Forging, LLC (the "Employer") acquired several unrelated manufacturing companies, some of which sponsored 401(k) plans (the "Acquired Plans"). One of the Acquired Plans permitted participant loans and the others did not. Effective December 31, 2007, the Employer merged into the Original 401(k) Plan the one Acquired Plan which allowed participants to take participant loans. However, the merged Original 401(k) Plan continued each Acquired Plan's past practices with regard to participant loans. In 2009, the Employer acquired certain operating assets and amended the Original 401(k) Plan to allow nonrepresented employees associated with those operating assets to participate in the Original 401(k) Plan and to take participant loans. The Original 401(k) Plan language that explicitly permits certain employees of some affiliates to borrow, but does not permit borrowing by other employees, was included in the plan document as amended and restated effective January 1, 2010 which received an April 27, 2012 favorable determination letter from the Internal Revenue Service. Effective December 1, 2015, the Original 401(k) Plan was amended to allow all participants to borrow.

As of December 1, 2016, there were 80 plan participant loans with outstanding balances totaling approximately \$389,000 that were provided after December 31, 2007 and prior to the December 1, 2015 amendment. These loans were transferred to the MPG Retirement Plan effective December 1, 2016.

The Employer became aware that the loans provided under the Original 401(k) Plan constitute prohibited transactions under Internal Revenue Code section 4975(e)(2) because loans were not made available to all plan participants on a reasonably equivalent basis.

The Employer's counsel has been working with the Department of Labor (DOL) to voluntarily correct this issue.

The Employer's counsel intends to file for a retroactive individual exemption for these loans so that each of the existing loans may be paid off according to the terms of each original loan agreement. These transactions are reported within the attached schedule of nonexempt transactions.

Note 8 - Plan Merger

Effective December 1, 2016, HHI Forging, LLC 401(k) Savings Plan was merged with the MPG Retirement Plan, a defined contribution plan sponsored by a related entity. As a result of the merger, all participant account balances were transferred to the MPG Retirement Plan effective December 1, 2016 and the HHI Forging, LLC 401(k) Savings Plan was terminated. Participants maintained their vesting in employer contributions as part of the merger.
