DSC NEW CENTURY PLAN

Notes to Financial Statements

December 31, 2016 and 2015

(1) Plan Description

Nature of Business

The following description of the DSC New Century Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering certain employees, as defined in the Plan document, of DSC Logistics, Inc., Dry Storage Corporation, Remlo Logistics, Inc. and DSC Integrated Logistics Inc. (the Companies). Employees must be covered employees of the plan sponsor, as defined, and complete thirty days of service prior to being eligible for the Plan. Employees are eligible for the Company matching contribution if they are actively participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Each year, participants may contribute a percent of their annual compensation into the Plan not to exceed the limits set by the Plan and the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Companies' contribution for union and nonunion employees are calculated as 50% of the first 6% of eligible wages. Union employees hired prior to February 2015 with minimum of one year of service also receive a \$10 per week discretionary contribution in which the employee works one or more days per week. At the discretion of the Companies' Board of Directors, the Companies may make a profit sharing contribution for union and nonunion employees. Contributions are subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution, the Companies' matching contributions, an allocation of the Companies' discretionary contributions, if any, and investment earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Payment of Benefits

On termination of service for any reason, a participant may elect to receive a single amount equal to the value of the participant's vested interest in the account. Distributions from the Plan are subject to federal income tax rules and regulations. Benefit payments are recorded when paid.

(e) Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Companies' contribution portions of their accounts, if any, plus actual earnings thereon is based on a graduated schedule with full vesting after five years, as described in the plan document. In the event of death, disability or retirement at designated ages, as defined, participants become fully vested.

DSC NEW CENTURY PLAN

Notes to Financial Statements

December 31, 2016 and 2015

(f) *Investment Options*

Upon enrollment in the Plan, participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants are allowed to change their investment options daily.

(g) *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest based on the prevailing interest rates charged by persons in the business of lending money for similar loans. The interest rate on current loans is 4.25%. Principal and interest are paid through payroll deductions.

(h) *Forfeited Accounts*

At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$141,591 and \$33,727, respectively. These accounts will be used to pay administrative expenses of the Plan and /or to reduce the Companies' future contributions. During 2016, forfeitures of \$33,727 were used to reduce Companies' contributions.

(2) *Significant Accounting Policies*

(a) *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) advisory committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) *Accounting Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) *Notes Receivable from Participants*

Notes receivable represent loans from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted loans are treated as distributions based upon the terms of the plan document.

(e) Payment of Benefits

Benefits are recorded when paid.

(3) Information Certified and Provided by Massachusetts Mutual Life Insurance Company

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied by the Plan Administrator and certified as complete and accurate by Massachusetts Mutual Life Insurance Company (Mass Mutual), the custodian of the Plan.

(4) Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodologies include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodologies are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2016 and 2015:

Notes to Financial Statements

December 31, 2016 and 2015

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. For the years ended December 31, 2016 and 2015, there were no transfers in or out of Levels 1, 2 or 3.

(5) Related-Party Transactions

Certain plan investments are shares of registered investment companies managed by Mass Mutual. Mass Mutual is the custodian, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest. Additionally, Mass Mutual provides plan administration services to the Plan. Fees for these services were \$75,915 to Mass Mutual for the year ended December 31, 2016.

Parties in interest to the Plan are noted in the Schedule H, Line 4i – Schedule of Assets. KPMG LLP, the auditor of the Plan's financial statements, is also a party-in-interest.

Certain other administrative expenses are paid by the Companies on behalf of the Plan. Additionally, employees of the Companies provide various services to the Plan. The employees are not compensated by the Plan for these services.

(6) Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(7) Income Taxes Status

Effective July 1, 2012, the Plan adopted a volume submitter plan of Massachusetts Mutual Life Insurance Company. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is currently operating in compliance with applicable requirements of the IRC. The Plan as amended in 2016 maintains its qualified status. The Plan Administrator is not aware of any activity or transactions that may adversely affect the qualified status of the plan.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

(8) Reconciliation of Financial Statements to Form 5500

	<u>2016</u>
Changes in net assets available for benefits per the financial statements	\$ 7,470,950
Differences in:	
Interest income on notes receivable from participants	<u>2,759</u>
Changes in net assets available for benefits per the Form 5500	<u>\$ 7,473,709</u>

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Subsequent Events

The Company has performed an evaluation of subsequent events through October 12, 2017, the date the financial statements were available to be issued.

For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").
