CHANGE.ORG 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2016 and
Period From August 1, 2015 (Inception) To December 31, 2015

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Change.org Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on August 1, 2015 by Change.org Inc. (the "Company"). The Plan is a defined contribution plan covering all active employees who have met certain eligibility requirements, except for non-resident aliens receiving no income from U.S. sources, members of a collective bargaining agreement, interns, and leased employees. Employees become participants of the Plan immediately on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law.

Transfer of Plan Assets from the Insperity 401(k) Plan – The Plan was established on August 1, 2015. Prior to the creation of the Plan, the Company was a participating employer of the Insperity 401(k) Plan, a multiple employer plan. On August 21, 2015, the accounts of the Company's participants were transferred from the Insperity 401(k) Plan to the Plan.

Participant Contributions – Participants may voluntarily contribute any combination of pre-tax elective deferrals and post-tax ("Roth") elective deferrals from 1% to 100% of their eligible earnings, as defined in the Plan document, with maximum contributions of $18,000 for the year ended December 31, 2016 and 2015. Participants who are 50 years of age or older by the end of the calendar year and who are making contributions to the Plan may make a catch-up contribution of up to $6,000 for 2016 and 2015. Participants may also contribute amounts representing rollovers from other eligible retirement plans.

Employer Contributions – The Company may make qualified non-elective contributions subject to limitations imposed by applicable provisions of the IRC. These contributions will be allocated to all impacted participants, if the participant is an employee of the Company on the last day of the Plan year. For the year ended December 31, 2016 and 2015, the qualified non-elective contribution was $6,525 and $0, respectively.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – Each participant's account is credited with the participant's contributions and qualified non-elective contributions, as applicable, and an allocation of Plan investment earnings. Participant accounts are charged with an allocation of investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and qualified non-elective contributions, as applicable, plus actual earnings thereon.

Investment Options – A participant may direct the investment of his or her account balance into various funds available through the Plan.

Notes Receivables from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum loan amount is equal to the lesser of one-half of the participant's vested account balance or $50,000. The term of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear fixed interest at rates commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant may receive a lump-sum distribution, a direct rollover distribution, or a combination of cash and direct rollover distribution equal to the value of the participant's vested interest in his or her account. A participant may also be eligible for withdrawals due to financial hardship in certain circumstances. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum cash distribution or a direct rollover distribution. If a terminated participant's vested interest in his/her account is less than $1,000 and no instructions have been received from such participant, the amount may be paid to the Plan participant as a lump-sum distribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year, and is reflected in the Statements of Changes in Net Assets Available for Benefits.

Notes Receivables from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain administrative expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Concentrations – As of December 31, 2016 and 2015, three investments accounted for approximately 61% and 62%, respectively, of total investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Adoption of Recent Accounting Pronouncement – Effective August 1, 2015, the Plan adopted the Financial Accounting Standards Board Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). The overall objective of this standard is to reduce complexity in employee benefit plan accounting. Some of its key provisions include the designation of contract value as the only required measure for fully benefit-responsive investment contracts and the elimination of certain disclosure requirements for investments.

Subsequent Events – The Company has evaluated subsequent events through October 12, 2017, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	$ 2,632,659	$ -	$ -	$ 2,632,659

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company ("Ascensus"), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the statements of net assets available for benefits as of December 31, 2016 and 2015, the supplemental Schedules H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2016 and 2015, and the related investment and interest income activity reflected in the Statements of Changes in Net Assets Available for Benefits for the Year ended December 31, 2016 and the Period from August 1, 2015 (date of inception) to December 31, 2015.

NOTE 5 – TAX STATUS

The Plan adopted the Ascensus Prototype Non-standardized Profit Sharing Plan with CODA, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014 stating that the Plan and related trust are designed in accordance with applicable sections of the IRC. The plan has not filed for a separate determination letter from the IRS; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination among the funds sponsored by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and in the Statement of Changes in Net Assets Available for Benefits.

NOTE 8 – RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by The Vanguard Group ("Vanguard"), the recordkeeper of the Plan; therefore, these transactions qualify as party-in-interest transactions.

Effective August 1, 2015, Vanguard provides certain administrative services to the Plan pursuant to a Retirement Plan Recordkeeping Service Agreement. Vanguard receives revenue from mutual fund service providers for services Vanguard provides to these funds. This revenue is used to offset certain amounts owed to Vanguard for its administrative services to the Plan. Because these expenses are paid through this revenue sharing arrangement, they are included in net appreciation/depreciation in fair value of investments.
