Independent Auditors' Report

To the 401(k) Investment Committee of
Ecova 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ecova 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan (the Trustee), except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, as listed in the accompanying table of contents, as of December 31, 2016, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Ecova 401(k) Savings Plan

Notes to Financial Statements

Years Ended December 31, 2016 and 2015

1. Description of the Plan

The following description of the Ecova 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of eligible employees of Ecova, Inc. (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Fidelity Management Trust Company ("the Trustee" or "Fidelity") is the appointed trustee of the Plan's assets. All investments are participant-directed.

Eligibility

Employees – other than those who are union employees, temporary workers, or non-resident aliens – are eligible to participate in the Plan upon attaining the age of eighteen. Temporary workers are eligible upon attaining the age of twenty one and completing 1,000 hours of service. Qualifying employees may participate in the Plan on the first day of the month following the date they meet the eligibility requirements.

Contributions

The Plan includes a salary deferral provision which provides for both pre-tax contributions and after-tax Roth 401(k) contributions. Participants may elect to defer up to 75% of their eligible compensation, subject to current Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision, whereby newly eligible employees are automatically enrolled in the Plan within 30 days of entering the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of their eligible compensation, and such contributions are invested in a designated balanced fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e., rollover contributions).

The Employer has elected to make safe harbor matching contributions that match 100% of the first 3% of eligible employee compensation and 50% of the next 2% of eligible employee compensation. The Employer may make additional discretionary matching contributions, discretionary nonelective contributions, or qualified matching or nonelective contributions. Additional discretionary matching contributions would be allocated based on a percentage of eligible employee compensation for the Plan year, not to exceed 4%. Discretionary nonelective contributions would be calculated using an integrated allocation formula taking into account Social Security wages, and qualified matching or nonelective contributions would be allocated to non-highly compensated employees for nondiscrimination compliance purposes. The Employer did not make additional discretionary matching contributions, discretionary nonelective contributions, or qualified matching or nonelective contributions during the years ended December 31, 2016 and 2015.

Effective January 1, 2015, the Plan was amended to change the calculation period for matching contributions from each plan year to each payroll period.

Participant accounts

Each participant's account is credited (charged) with the participant's contributions and allocations of (a) the Employer's contributions, (b) Plan earnings (losses), and (c) administrative expenses. Earnings (losses) for each investment fund are allocated to participants' accounts based on the individual participant's account balance as compared to the total balance of the related investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their voluntary salary contributions, rollover contributions, and any Employer safe harbor matching, additional matching, and discretionary contributions, and the actual earnings (losses) thereon.

Forfeitures

As of December 31, 2016 and 2015, total forfeited nonvested accounts were approximately $11,000 and $6,900, respectively. Amounts from accounts forfeited in prior years will first be used to pay Plan expenses and secondarily used as a reduction of future Employer contributions. During the years ended December 31, 2016 and 2015, forfeitures were used to pay Plan expenses of approximately $1,500 and $300, respectively.

Notes receivable from participants

Participants may elect to borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by the highest outstanding participant note receivable balance in the preceding one-year period. Notes receivable from participants are secured by the balances in the respective participants' accounts. Terms of notes receivable from participants range from one to five years, unless used to acquire the participant's principal residence, in which case the term may be extended up to 10 years. The notes receivable from participants bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. Interest rates on notes receivable from participants outstanding as of December 31, 2016 ranged from 4.25% to 5.75%.

Benefits

On termination of service due to death, disability, or retirement, a participant (or their beneficiary) may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, distributions of vested balances less than or equal to $1,000 are made in a lump-sum. If the terminated participant's vested balance exceeds $1,000 but is less than $5,000, and the participant does not elect to receive a distribution, the Plan permits the plan administrator to make a distribution directly to an individual retirement account set up on the participant's behalf. For vested balances greater than or equal to $5,000, the Plan permits a participant to elect distribution by lump-sum. Upon reaching age 59½, participants may make in-service withdrawals of part or all of their elective contributions, including the related earnings (losses).

Administrative expenses

At the Employer's discretion, administrative expenses of the Plan may be paid directly by the Employer; certain other administrative expenses may be paid by the Plan. Expenses that are paid by the Employer are excluded from the accompanying financial statements. Fees related to the administration of notes receivable from participants are charged directly to the related participants' accounts and are included in administrative expenses in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are offset against net appreciation or included in depreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management of the Plan (Management) to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 4 for discussion of fair value measurements.

Investment income recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

Effective January 9, 2017, the Plan was amended to include the Retroficiency Inc. 401(k) Profit Sharing Plan and Trust, which was merged into the Plan.

Management has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through October 10, 2017, which is the date that the financial statements were available to be issued.

3. Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements, notes, and supplemental schedules was obtained from data that was prepared and certified to as complete and accurate by the Trustee and has not been audited by the Plan's independent auditors:

- Investments
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Dividends and interest
- Interest income on notes receivable from participants
- Schedule H, line 4i - Schedule of Assets (Held at End of Year)

4. Fair Value Measurements

GAAP defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about fair value measurements. The hierarchy of fair value valuation techniques under GAAP provides for three levels: Level 1 provides the most reliable measure of fair value, whereas Level 3, if applicable, generally would require significant management judgment. The three levels for categorizing assets and liabilities under GAAP's fair value measurement requirements are as follows:

Level 1: Fair value of the asset or liability is determined using unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2: Fair value of the asset or liability is determined using inputs other than quoted prices that are observable for the applicable asset or liability, either directly or indirectly, such as quoted prices for similar (as opposed to identical) assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active; and

Level 3: Fair value of the asset or liability is determined using unobservable inputs that are significant to the fair value measurement and reflect the Plan's own assumptions regarding the applicable asset or liability.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Mutual funds - The fair value of mutual funds is based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2016 and 2015:

	Level 1	Level 2	Level 3	Total
2016				
Mutual funds	$ 47,053,202	$ -	$ -	$ 47,053,202

	Level 1	Level 2	Level 3	Total
2015				
Mutual funds	$ 39,540,499	$ -	$ -	$ 39,540,499

All of the Plan's investments provide for daily redemption at the prior day's NAV, with no advance notification requirements or significant redemption restrictions.

5. Related Party Transactions

Certain of the Plan's investments are invested in funds offered by the Trustee. Therefore, transactions involving these investments qualify as party-in-interest.

The Employer is the sponsor of the Plan and paid certain of the administrative expenses of the Plan during the years ended December 31, 2016 and 2015. In addition, the Plan administrator is a participant in the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Plan adopted a volume submitter profit sharing plan (the Volume Submitter Plan) developed by Fidelity. The Internal Revenue Service (IRS) has determined and informed Fidelity by a letter dated March 31, 2014 that the Volume Submitter Plan is designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment instruments which are exposed to certain risks such as interest rate, market, and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of the Plan's investments will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements and supplemental schedules.

Independent Auditors' Report

To the 401(k) Investment Committee of
Ecova 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ecova 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan (the Trustee), except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, as listed in the accompanying table of contents, as of December 31, 2016, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Ecova 401(k) Savings Plan

Notes to Financial Statements

Years Ended December 31, 2016 and 2015

1. Description of the Plan

The following description of the Ecova 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of eligible employees of Ecova, Inc. (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Fidelity Management Trust Company ("the Trustee" or "Fidelity") is the appointed trustee of the Plan's assets. All investments are participant-directed.

Eligibility

Employees – other than those who are union employees, temporary workers, or non-resident aliens – are eligible to participate in the Plan upon attaining the age of eighteen. Temporary workers are eligible upon attaining the age of twenty one and completing 1,000 hours of service. Qualifying employees may participate in the Plan on the first day of the month following the date they meet the eligibility requirements.

Contributions

The Plan includes a salary deferral provision which provides for both pre-tax contributions and after-tax Roth 401(k) contributions. Participants may elect to defer up to 75% of their eligible compensation, subject to current Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision, whereby newly eligible employees are automatically enrolled in the Plan within 30 days of entering the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of their eligible compensation, and such contributions are invested in a designated balanced fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e., rollover contributions).

The Employer has elected to make safe harbor matching contributions that match 100% of the first 3% of eligible employee compensation and 50% of the next 2% of eligible employee compensation. The Employer may make additional discretionary matching contributions, discretionary nonelective contributions, or qualified matching or nonelective contributions. Additional discretionary matching contributions would be allocated based on a percentage of eligible employee compensation for the Plan year, not to exceed 4%. Discretionary nonelective contributions would be calculated using an integrated allocation formula taking into account Social Security wages, and qualified matching or nonelective contributions would be allocated to non-highly compensated employees for nondiscrimination compliance purposes. The Employer did not make additional discretionary matching contributions, discretionary nonelective contributions, or qualified matching or nonelective contributions during the years ended December 31, 2016 and 2015.

Effective January 1, 2015, the Plan was amended to change the calculation period for matching contributions from each plan year to each payroll period.

Participant accounts

Each participant's account is credited (charged) with the participant's contributions and allocations of (a) the Employer's contributions, (b) Plan earnings (losses), and (c) administrative expenses. Earnings (losses) for each investment fund are allocated to participants' accounts based on the individual participant's account balance as compared to the total balance of the related investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their voluntary salary contributions, rollover contributions, and any Employer safe harbor matching, additional matching, and discretionary contributions, and the actual earnings (losses) thereon.

Forfeitures

As of December 31, 2016 and 2015, total forfeited nonvested accounts were approximately $11,000 and $6,900, respectively. Amounts from accounts forfeited in prior years will first be used to pay Plan expenses and secondarily used as a reduction of future Employer contributions. During the years ended December 31, 2016 and 2015, forfeitures were used to pay Plan expenses of approximately $1,500 and $300, respectively.

Notes receivable from participants

Participants may elect to borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by the highest outstanding participant note receivable balance in the preceding one-year period. Notes receivable from participants are secured by the balances in the respective participants' accounts. Terms of notes receivable from participants range from one to five years, unless used to acquire the participant's principal residence, in which case the term may be extended up to 10 years. The notes receivable from participants bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. Interest rates on notes receivable from participants outstanding as of December 31, 2016 ranged from 4.25% to 5.75%.

Benefits

On termination of service due to death, disability, or retirement, a participant (or their beneficiary) may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, distributions of vested balances less than or equal to $1,000 are made in a lump-sum. If the terminated participant's vested balance exceeds $1,000 but is less than $5,000, and the participant does not elect to receive a distribution, the Plan permits the plan administrator to make a distribution directly to an individual retirement account set up on the participant's behalf. For vested balances greater than or equal to $5,000, the Plan permits a participant to elect distribution by lump-sum. Upon reaching age 59½, participants may make in-service withdrawals of part or all of their elective contributions, including the related earnings (losses).

Administrative expenses

At the Employer's discretion, administrative expenses of the Plan may be paid directly by the Employer; certain other administrative expenses may be paid by the Plan. Expenses that are paid by the Employer are excluded from the accompanying financial statements. Fees related to the administration of notes receivable from participants are charged directly to the related participants' accounts and are included in administrative expenses in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are offset against net appreciation or included in depreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management of the Plan (Management) to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 4 for discussion of fair value measurements.

Investment income recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

Effective January 9, 2017, the Plan was amended to include the Retroficiency Inc. 401(k) Profit Sharing Plan and Trust, which was merged into the Plan.

Management has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through October 10, 2017, which is the date that the financial statements were available to be issued.

3. Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements, notes, and supplemental schedules was obtained from data that was prepared and certified to as complete and accurate by the Trustee and has not been audited by the Plan's independent auditors:

- Investments
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Dividends and interest
- Interest income on notes receivable from participants
- Schedule H, line 4i - Schedule of Assets (Held at End of Year)

4. Fair Value Measurements

GAAP defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about fair value measurements. The hierarchy of fair value valuation techniques under GAAP provides for three levels: Level 1 provides the most reliable measure of fair value, whereas Level 3, if applicable, generally would require significant management judgment. The three levels for categorizing assets and liabilities under GAAP's fair value measurement requirements are as follows:

Level 1: Fair value of the asset or liability is determined using unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2: Fair value of the asset or liability is determined using inputs other than quoted prices that are observable for the applicable asset or liability, either directly or indirectly, such as quoted prices for similar (as opposed to identical) assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active; and

Level 3: Fair value of the asset or liability is determined using unobservable inputs that are significant to the fair value measurement and reflect the Plan's own assumptions regarding the applicable asset or liability.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Mutual funds - The fair value of mutual funds is based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2016 and 2015:

	Level 1	Level 2	Level 3	Total
2016				
Mutual funds	$ 47,053,202	$ -	$ -	$ 47,053,202

	Level 1	Level 2	Level 3	Total
2015				
Mutual funds	$ 39,540,499	$ -	$ -	$ 39,540,499

All of the Plan's investments provide for daily redemption at the prior day's NAV, with no advance notification requirements or significant redemption restrictions.

5. Related Party Transactions

Certain of the Plan's investments are invested in funds offered by the Trustee. Therefore, transactions involving these investments qualify as party-in-interest.

The Employer is the sponsor of the Plan and paid certain of the administrative expenses of the Plan during the years ended December 31, 2016 and 2015. In addition, the Plan administrator is a participant in the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Plan adopted a volume submitter profit sharing plan (the Volume Submitter Plan) developed by Fidelity. The Internal Revenue Service (IRS) has determined and informed Fidelity by a letter dated March 31, 2014 that the Volume Submitter Plan is designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment instruments which are exposed to certain risks such as interest rate, market, and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of the Plan's investments will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements and supplemental schedules.
