Wirtz Corporation 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2016 and 2015

Note 1- Description of Plan:

The following description of the Wirtz Corporation ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company (except those who are members of a collective bargaining unit) and has automatic enrollment in the Plan after one month of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The annual additions paid to a participant's account cannot exceed the lesser of 100% of the participant's compensation or $53,000 for the year 2016. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a stable value fund, nine target date funds, and twenty variable investment funds as investment options for participants. The Company may provide an annual discretionary contribution to the Plan at the option of the board of directors. Discretionary contributions are invested as directed by the individual participant. The Plan includes an automatic enrollment provision whereby all newly eligible employees (after one month of service) are automatically enrolled in the Plan unless the affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation.

For discretionary matching and profit sharing contributions, an employee must complete one month of service and be at least twenty and one-half years of age. An annual matching contribution may be contributed at the discretion of the Company. The matching contributions for the years ended December 31, 2016 and 2015 were $190,413 and $1,026,283, respectively. The Company may also make a discretionary profit sharing contribution. For the years ended December 31, 2016 and 2015 no discretionary profit sharing contributions were made. The Company also has an additional employer contribution of $97,422 due at December 31, 2016.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. All amounts in a participant's account are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1- Description of Plan (continued):

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. Vesting in Company contributions plus earnings thereon is based on continuous years of service as follows:

Years of Service	Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes receivable from participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at a rate of prime plus 1% (4.25% to 5.25%), which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Note terms may not exceed 5 years, except for notes for the purchase of a participant's primary residence. Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Principal and interest are paid ratably through monthly payroll deductions. There are no past due or non-accrual notes receivable at December 31, 2016 and 2015. Interest income on the notes are accrued through year-end, and listed at their amortized cost.

Payment of benefits
On termination of service due to death, disability, retirement or other reasons, a participant is entitled to a lump-sum distribution of their total vested interest. There are no undistributed termination of service benefits as of December 31, 2016 and 2015.

Note 2 - Summary of Significant Accounting Policies:

Basis of accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Plan administration
The Company is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under ERISA.

Expenses
Substantially all investment expenses are picked up by the Plan and allocated to the participants as shown in the change in value of investments. The Plan sponsor incurs expenses on behalf of the plan that are not reimbursed by the Plan. Direct compensation paid to the trustee of the Plan for 2016 was $5,406.

Note 2 - Summary of Significant Accounting Policies (continued):

Use of estimates
The preparation of financial statements in conformity with the United States of America's generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis.

Payment of benefits
Benefits are recorded when paid.

Forfeited accounts
Forfeited nonvested accounts totaled $126,314 and $157,831 at December 31, 2016 and 2015, respectively. These accounts will be used to reduce future employer contributions or refunded to the sponsor.

Note 3 - Information Prepared and Certified By Trustees:

The Plan obtained certification on the information in this footnote from Massachusetts Mutual Life Insurance Company that was utilized in these financial statements.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodians as complete and accurate to the best of their knowledge, except for comparing such information certified by the custodians to the information included in the Plan's financial statements and supplemental schedules. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the trustees.

Note 4 - Investments:

The following are investments that represent 5% or more of the Plan's net assets as of December 31:

MassMutual LifePath Inx 2045	na	5,662,138
MassMutual LifePath Inx 2050	1,391,019	na

Note 5 - Related Party:

The Plan invests in investments held by the custodian. The custodians paid commissions to Wirtz Insurance Agency of $13,499 and $85,290 and fees to Benefit Services Group Inc. of $16,450 and $40,165 for services provided for the years ended December 31, 2016 and 2015, respectively. These transactions are considered exempt party-in-interest transactions.

Note 6 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax Status:

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believe that the Plan is qualified, and the related trust is tax – exempt.

Note 8 - Subsequent Events:

Management has evaluated subsequent events through September 27, 2017, the date which the financial statements were available to be issued.

Note 9 - Investments and Fair Value Measurements:

The United States of America generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable to the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2016 and 2015.

Common/collective trusts/ Pooled Separate Accounts: Valued at the fair value of the shares in the trusts/accounts, as determined by the fair value of the underlying investments/mutual funds.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 9 - Investments and Fair Value Measurements (continued):

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2016

	Level 1	Level 2	Level 3	Total
Common/collective trusts/ PSA's	$ -	$ 20,808,272	$ -	$ 20,808,272

2015

	Level 1	Level 2	Level 3	Total
Common/collective trusts/ PSA's	$ -	$ 88,230,922	$ -	$ 88,230,922

The certified report from the trustee does not contain the allocation between investment income and realized and unrealized gains and losses on investments, and accordingly, the allocation is not presented in the statement of changes in net assets available for plan benefits.

Note 10 - Reconciliation of the Plan Financial Statements to the Form 5500:

Certain balances included on Schedule H Part I, II on the Annual Return/Report of Employee Benefit Plans (Form 5500) have been reclassified for purposes of presentation in the financial statements.

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31:

	2016	2015
Net assets available for benefits per the financial statements	$ 24,634,868	$ 104,030,028
Net assets available for benefits per Schedule H of Form 5500	$ 24,634.868	$ 104,030,028

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2016 to Schedule H of Form 5500:

Benefits paid to participants per the financial statements	$ 1,201,078
Benefits paid to participants per Schedule H of Form 5500	$ 1,201,078

Note 11 - Indirect Compensation:

For the years ended December 31, 2016 and 2015, indirect compensation was not required to be fully reported. Management does not have an estimate of the indirect compensation for the years ended December 31, 2016 and 2015.

Note 12 - Uncertain Tax Positions:

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would be sustained upon examination by federal and state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 27, 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan has never had unrelated business income tax (UBIT) nor has it had to file the Form 990-T. Therefore, all tax years are open for examination by federal and state taxing authorities related to UBIT.

Note 13 - Guaranteed Account Contract with Massachusetts Mutual Life Insurance Company:

The Plan is invested in a traditional fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company with a contract value of $3,490,011 and $14,335,776 at December 31, 2016 and 2015, respectively. Massachusetts Mutual Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The initial guaranteed interest rate is 0% and is subject to change as declared by the insurance company. The average yield for 2016 was 2.9%. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Massachusetts Mutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 13 - Guaranteed Account Contract with Massachusetts Mutual Life Insurance Company (continued):

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include but are not limited to (1) failure to perform as required under the terms of the contract, (2) failure to make a contribution to the contract, (3) the Plan has failed to remain qualified, and (4) the Plan is terminated.

Note 14 - Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 15 - Plan description and status:

Due to a merger of Wirtz Beverage and another liquor distributor, the Plan document was restated as of January 1, 2016 to include the following companies in the Plan: Chicago Blackhawks Hockey Team Inc., Fair Chance Farms, Inc., Wirtz Beverage Nevada, Wirtz Beverage Nevada Beer, Wirtz Beverage Reno, and Wirtz Realty Corporation. For the other companies in the Plan prior to January 1, 2016, the Plan balances of these companies at January 6, 2016 were transferred to a newly established Plan. The restated Plan document has primarily the same rules as the prior Plan document. Effective March 1, 2016, the companies Wirtz Beverage Nevada, Wirtz Beverage Nevada Beer, and Wirtz Beverage Reno became part of the merged company and consequently the accounts of these companies were transferred to the newly established Plan.
