## NOTE 1. Description of the Plan

The following description of the Troemner LLC Cash or Deferred Profit Sharing Plan and Trust provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. In 2016, the Henry Troemner LLC was sold is now a wholly-owned subsidiary of Mettler-Toledo, LLC. The Plan has subsequently amended its name to Troemner, LLC Cash or Deferred Profit Sharing Plan and Trust to reflect the change in ownership with no effect on benefits or net assets.

General: The Plan is a defined contribution plan with an option for a discretionary employer profit sharing contribution, covering all employees, except employees covered by a collective bargaining agreement. Employees must complete 1 year of service to be eligible (1,000 hours of service within a 12 month period). The Plan is subject to the provisions of the Employee Retirement Security Act of 1974(ERISA). The sponsor determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: The eligible employees may defer from 1% to 15% elective deferral by payroll deduction on a pre-tax annual compensation defined by the Plan. The employee is also permitted to make personal after-tax contributions to the Plan. Participants are also eligible to contribute amounts representing distributions from other qualified benefit plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The employer matching contributions are 50% of employee deferrals to a maximum of 6% of compensation. The employer may also contribute a discretionary amount to be allocated to each participant in proportion to his or her compensation for the calendar year. For the year ended December 31, 2016 the employer's matching contribution was $108,539.

Participant Accounts: Each participant's account is credited with the participant's elective deferrals, the participant's voluntary contributions; the employer's matching contribution, and allocations of (a) the employer's discretionary contribution, if any, and (b) the Plan earnings net of expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**NOTE 1. Description of the Plan (Continued)**

Vesting: Participants are fully vested in all benefits and accounts cannot be forfeited for any reason. Employer contributions made on your behalf are fully vested at all times.

Investments: Participants direct the investment of their contributions into various investment opportunities offered by the Plan.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive a distribution in a single lump sum payment or installment payments over any period that exceeds the life expectancy of the participant and the beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his account as a lump-sum distribution. Benefits are recorded when paid. As of December 31, 2016, there were no participants who had elected to withdraw and had not been paid.

Notes Receivable from Participant: Participant loans are permitted under the Plan. Loans must be approved by the Plan administrator and are subject to a strict set of rules established by law. Loan transactions are treated as a transfer between the investment fund and the participant loan fund. These loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Participants may borrow a minimum of $1,000 and not more than 50% of the participant vested account balance not to exceed $50,000.

**NOTE 2. Summary of Accounting Policies**

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with US generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**NOTE 2. Summary of Accounting Policies (Continued)**

Investment: The Plan's investments are reported at fair market value as determined by the Plan's Trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment recorded.

Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15, 2017.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. For the year ended December 31, 2016, the Company paid approximately $20,000 of expenses for the Plan.

Subsequent Events: The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through the date of this report, which is the date the financial statements were available for release.

**NOTE 3. Information Certified by the Trustee (Unaudited)**

The following is a summary of the unaudited information regarding the Plan as of December 31, 2016 and 2015, included in the Plan's financial statements and supplemental schedules that were derived from information prepared by PNC Bank, the trustee of the Plan, and furnished to the plan administrator. The Plan administrator has obtained certification from the trustee that such information is complete and accurate.

| | |

## NOTE 4. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, each participant would become 100% vested in his or her account balance.

## NOTE 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## NOTE 6. Tax Status

The Internal Revenue has determined and informed the Trustee by a letter dated November 19, 2001, that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes the Plan is qualified and the related Trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax provisions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2013.

## NOTE 7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for the identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include;

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability:
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the Level 2 input must be observable for substantially all of the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair market value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

*Collective Trust Fund*: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimated fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

**NOTE 7. Fair Value Measurements (Continued)**

*Collective Trust Fund (continued)*

Were the Plan to initiate a full redemption of the collective Trust, the investment advisor reserves the right to temporarily delay withdrawal from the Trust in order to ensure that securities liquidations will be carried out in an orderly manner.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

| | Quoted Prices in an Active Market (Level I) | Significant Other Observable Inputs (Level II) | Significant Unobservable Inputs (Level III) | Total |

| Totals Assets at Fair Value | $ 4,422,601 | $ 1,042,480 | $ - | $ 5,465,081 |

## NOTE 8. Party-in-Interest Transactions

The Plan invests in shares of mutual funds managed by an affiliate of PNC Advisors. PNC Advisors acts as trustee and record-keeper for only those investments as defined by the Plan. Transactions in such investments qualify as a party-in-interest transaction which is exempt from the prohibited transaction rules of ERISA.

## NOTE 9. Administrative Errors

*Employee Deferrals*
In administering employee contributions to the Plan, Company management identified certain classes of eligible compensation that were excluded in the eligible wage base for deferral contributions. Management is in the process of correcting this oversite through the IRS Voluntary Correction Program. As a result, the Plan has recorded a receivable from the Plan Sponsor amounting to $68,184.

*Automatic Enrollment*
During 2016, it came to the Company's attention that an employee was not automatically enrolled in the Plan at the appropriate time. The Company has made the appropriate corrective contribution of approximately $4,600.
