NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015 (Unaudited) (See Independent Auditors' Report)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Corporate Visions, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that was established on January 1, 1998 by Corporate Visions, Inc. ("the Company" or "Plan Administrator") covering all eligible employees of the Company and its affiliates, as defined in the Plan agreement. Certain classes of employees as defined in the Plan agreement are excluded from plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

A Plan Committee ("the Committee") manages the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and investment performance. The Company has contracted with John Hancock Life Insurance Company (U.S.A.) ("John Hancock") to act as custodian and record-keeper to process and maintain the records of participant data. A third-party administrator provides certain plan services. A Company officer serves as plan trustee.

Effective January 1, 2016, the Plan was amended and restated for certain legislative and regulatory changes. Participants should refer to Plan documents for specific changes made to the Plan.

Contributions - Each year, participants may contribute an amount of eligible pre-tax annual compensation as defined in the Plan agreement, not to exceed the maximum statutory amount. Participants who are age 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amount. Participants may also contribute amounts representing distributions from other qualified eligible plans.

The Plan allows for an employer discretionary matching and/or an employer discretionary profit sharing contribution, subject to certain eligibility requirements; none were made for the year ended December 31, 2016.

Participant Accounts - Each participant's account is credited with the participant's contribution, the discretionary matching contribution (if any), an allocation of the discretionary profit sharing contribution (if any), plan earnings and losses, and plan expenses as applicable to the Plan. Allocations of the discretionary profit sharing contribution are based on participant compensation.

CORPORATE VISIONS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2016 AND 2015 (Unaudited) (See Independent Auditors' Report)

Allocations of plan earnings and losses are based on individual participant investment choices. All contributions/investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain investment and fund fees are charged to the funds and are included in plan investment income and losses and charged to participant accounts. Participants should refer to the funds' prospectuses for further information on these fees.

Vesting - Participants are 100% vested in their contributions and rollover amounts plus actual earnings thereon. Vesting in the discretionary matching and discretionary profit sharing contributions and earnings is based on years of credited service based on 20% per year after the second year with full vesting after six years. Participants become fully vested in the event of normal retirement age or plan termination.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Only one outstanding note per participant is permitted at any given time. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing rates as determined by the Plan Administrator. Outstanding notes receivable from participants as of December 31, 2016 carry interest rates which range from 5.25% to 5.50%. Outstanding notes receivable from participants as of December 31, 2015 carry an interest rate of 5.25%. Principal and interest is paid ratably through payroll deductions. The notes must be repaid within a five-year period, unless it is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The Plan Administrator establishes the specific terms and conditions of such notes.

Payment of Benefits - Upon the satisfaction of certain distributable events, participants or their beneficiaries may elect to receive their vested account balance and are paid in accordance with plan provisions. The Plan allows for automatic distribution of terminated participant balances less than or equal to \$5,000 to an IRA Rollover account.

Forfeited Accounts - Forfeited non-vested employer matching or employer profit sharing accounts can be used to pay plan expenses or reduce employer contributions. The employer forfeiture account balance was \$30,823 and \$9,800 as of December 31, 2016 and 2015, respectively.

NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2016 AND 2015 (Unaudited) (See Independent Auditors' Report)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by John Hancock. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant notes are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability. The excess contributions for 2016 were recorded as a payable as of December 31, 2016. There was no excess contributions payable as of December 31, 2015.

Plan Expenses - In 2016, some expenses related to the administration of the Plan were paid by the Company and these amounts are excluded from the Plan's financial statements. Investment/fund fees, certain plan related fees, and certain participant transaction fees are paid by the Plan and/or charged to participant accounts as applicable.

CORPORATE VISIONS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2016 AND 2015 (Unaudited) (See Independent Auditors' Report)

Payment of Benefits - Benefits are recorded when paid.

Accounting Change - The Plan elected to implement the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-07 *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* that was issued in May 2015. FASB ASU 2015-07 removes the requirement to categorize investments for which fair value is measured using net asset value ("NAV") as a practical expedient within the fair value hierarchy.

The Plan elected to implement certain provisions of FASB ASU 2015-12 - *Plan Accounting: Defined Contribution Pension Plans (Topic 962)* that was issued in July 2015. Under FASB ASU 2015-12, employee benefit plans are allowed to simplify certain disclosures about plan investments. The adoption of FASB ASU 2015-12 removed the requirement to disclose individual investments held which exceed 5% of net assets available for benefits, removed the requirement to disclose net appreciation in fair value of investments by type of investment held, and removed the requirement to disaggregate investments reported in the fair value hierarchy table by class of investment.

The Plan elected to adopt FASB ASU 2015-07 and FASB ASU 2015-12 for the 2016 plan year; however, the retrospective approach requires that the prior year be presented in accordance with FASB ASU 2015-07 and FASB ASU 2015-12 as applicable.

Subsequent Events - The Plan has evaluated subsequent events through October 16, 2017, the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, information

certified by John Hancock regarding the current value of assets held as of December 31, 2016 and 2015, and transactions entered into during the year ended December 31, 2016, was used in the preparation of the accompanying financial statements and supplemental schedules.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASU Subtopic 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate accounts: Units held in pooled accounts are valued using a NAV equivalent of the funds. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a pooled separate account is calculated based on a

CORPORATE VISIONS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

DECEMBER 31, 2016 AND 2015 (Unaudited) (See Independent Auditors' Report)

compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase, and redemption activity in the fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. For the pooled separate accounts there are no unfunded commitments, the units can be redeemed daily, and there is no redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016, and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

		Level 1	Level 2	Level 3	Total

intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 6 – GUARANTEED INTEREST ACCOUNTS

The Guaranteed Interest accounts (3, 5, & 10 years) are recorded at contract value which approximates fair value, as reported by John Hancock. The Guaranteed Interest accounts guarantee the return of principal plus compound interest earned over a defined 3, 5, or 10 year term, less any applicable contract or participant-level recordkeeping charges. Guaranteed Interest accounts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive Guaranteed Interest accounts. The Guaranteed Interest accounts are considered fully benefit-responsive. The interest rates are established on the first day of each calendar month and apply to any regular ongoing contributions made to the Guaranteed Interest accounts in that month. At the end of each reporting year, a composite rate of interest is determined for each participant's account depending on the amount contributed and the rate in effect on the day it is allocated under the participant account. Withdrawals taken from Guaranteed Interest accounts prior to the end of the guarantee period may be subject to a market value adjustment. At this time, no events are probable of occurring that might limit the ability of the Plan to transact at contract value with John Hancock and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 7 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Plan investments are held by John Hancock, the custodian of the Plan. Any purchases and sales of these investments are performed in the open market at fair or contract value. Plan related fees are paid by the Plan to John Hancock and a third party administrator. The Plan paid the Plan's auditor's fee. The Plan has other service providers. All these transactions while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8 - PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9 - TAX STATUS

The Plan has adopted a volume submitter plan, which has received an opinion letter dated March 31, 2014 from the IRS. The Plan has been amended since, however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - NONEXEMPT TRANSACTIONS

During 2016 and 2015, certain participant contributions and loan repayments in the amount of \$655,289 were not deposited with the custodian on a timely basis, in accordance with the DOL regulations, resulting in lost earnings (prohibited transaction amount) which will be deposited into the Plan by the Company in 2017. The Company will make the necessary excise tax filing with the IRS in 2017.
