INDEPENDENT AUDITORS' REPORT

To the trustees
DMTA 401(k) Plan
Pine Brook, New Jersey

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the DMTA 401(k) Plan (the Plan) which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the period from March 15, 2016 (date of inception) through December 31, 2016 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Trust Company, LLC (Great West), except for comparing such information with the related information included in the 2016 financial statements. We have been informed by the plan administrator that Great West holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Great West as of December 31, 2016 and for the period from March 15, 2016 (date of inception) through December 31, 2016, that the information provided to the plan administrator by Great West is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in these financial statements and supplemental schedule, other than that derived from the information certified by Great West, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of plan:

The following description of the DMTA 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan sponsor is Doosan Machine Tools America Corporation (the Company, Plan Sponsor or Plan Administrator). The Plan was formed March 15, 2016 following the formation of the Company, which is a subsidiary of Doosan Machine Tools, Ltd. At the date of formation, assets totaling $10,677,249, previously held by Company participants in the Doosan Global Machine Tool 401(k) Plan, were transferred into the Plan. The Plan is a defined contribution plan covering substantially all employees of the Company who have at least three months of service and have attained age 21. For eligibility and vesting purposes, Daewoo Equipment Corporation, Daewoo International, and Daewoo Machinery Corporation are treated as predecessor employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Directors.

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions according to the regulations of the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically-enrolled participants have their deferral rate set at 5% of eligible compensation. The employee contribution deferral rate is increased by one percentage point annually every August 1st until the amount withheld from the contribution deferral percentage reaches 10%. A participant may elect to change their deferral percentage in one percentage point increments or decline to participate in the Plan at any time. Participants may allocate their contributions and their allocation of the Company's contribution to any of the Plan's investment options. Participants may change their investment option daily.

Note 1 - Description of plan - continued:

Contributions - continued

The Company may make a discretionary matching contribution to the Plan. For 2016, the Company matched 100% of the first 3% deferred into the Plan. The Plan will not match catch-up deferrals. The Company made discretionary matching contributions of $172,233 for the period ending December 31, 2016.

Participant accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company matching contributions and Plan earnings or losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions, Company matching contributions, and earnings thereon.

Forfeitures

Forfeitures represent forfeited amounts transferred into the Plan at the date of inception. At December 31, 2016, forfeited non-vested accounts totaled $777. Forfeitures are used to offset administrative expenses of the Plan or to reduce Company contributions. During the year ended December 31, 2016, no forfeitures were used to reduce Plan expenses or Company contributions.

Payment of benefits

A participant is entitled to receive a lump-sum amount equal to the vested value of his or her account upon attainment of age 59½, termination of service, retirement, disability or death. A participant may request a withdrawal from the Plan while still under the employment of the Company for reasons of financial hardship, but the withdrawal must not be less than $500 and is limited to the amount of the participant's pretax contributions and earnings thereon.

Note 1 - Description of plan - continued:

Notes receivable from participants

Participants may borrow from the Plan in any amount equal to or greater than $1,000 up to 50% of the participant's vested account balance, not to exceed $50,000. Note terms are for a period not exceeding five years unless for the purchase of a principal residence, in which case the note repayment period may not extend beyond 10 years. Notes are secured by the balance in the participant's account and bear interest at an agreed-upon percentage based on prevailing market rates. Principal and interest is paid ratably through payroll deductions. Participants are allowed one outstanding note.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Collective trust fund

Investments in the collective trust fund are required to be reported at fair value. The collective trust fund is composed primarily of fully benefit-responsive investment contracts held by the fund's trustee. These contracts are not considered fully benefit-responsive to the Plan as the underlying contracts are not direct investments between the Plan and the issuer. Net asset value (NAV) for the collective trust fund reflects the contract value of the underlying fully

Note 2 - Summary of significant accounting policies - continued:

Collective trust fund - continued

benefit-responsive investment contracts within the fund because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the cost plus contributions made under the contract plus interest at the contract rates less withdrawals and administrative expenses. The Plan has elected to value the collective trust fund using NAV as a practical expedient to determine fair value.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Great-West Trust Company, LLC (Great West).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 - Summary of significant accounting policies - continued:

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statement of net assets available for benefits.

New accounting pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement* (ASC 820). Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Management adopted ASU 2015-07 in 2016. The adoption of ASU 2015-07 did not have a material impact on the Plan's financial statements.

Note 2 - Summary of significant accounting policies - continued:

New accounting pronouncements - continued

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (ASU 2015-12). Part I of ASU 2015-12, eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of ASU 2015-12, eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of ASU 2015-12, allows a plan with a fiscal year end that doesn't coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015 and earlier application was permitted. Plans could early adopt any of the ASU's three parts without early adopting the other parts. Parts I and II could be applied retrospectively. Part III is to be applied prospectively. Management adopted Parts I and II in 2016. Part III is not applicable to the Plan. The adoption of Parts I and II of ASU 2015-12 did not have a material impact on the Plan's financial statements.

Subsequent events

The Plan has evaluated subsequent events through October 16, 2017, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2016, have been incorporated into these financial statements.

Note 3 - Investments and information certified by the trustee:

Great West holds the Plan's investment assets and executes investment transactions. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period ended December 31, 2016, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Great West.

Note 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair value measurements - continued:

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

- Mutual funds (or shares of registered investment companies) are valued at the NAV of shares held by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges.

- Units of participation of the collective trust fund are valued at the NAV provided by the fund's trustee as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair value measurements - continued:

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,927,913	$ -	$ -	$ 10,927,913
Total assets in the fair value hierarchy	$ 10,927,913	$ -	$ -	10,927,913
Investments measured at net asset value:*				
Collective trust fund				475,341
Investments at fair value				$ 11,403,254

*In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

There were no significant transfers between Level 1 and Level 2 investments or into or out of Level 3 investments during the period ended December 31, 2016.

The following tables summarize investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2016

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Putnam stable value fund	$ 475,341	n/a	Daily	Daily

Note 5 - Related-party transactions:

The Plan invests in mutual funds and a collective trust fund managed by an affiliate of Great West. Additionally, the Plan Sponsor pays administrative expenses of the Plan. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Tax status:

The underlying prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated April 2, 2012 stating that the form of the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator is taking steps to bring the Plan in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
