## Note 1. Plan Description

The following description of Piedmont Hardware Brands 401k Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General:** The Plan was formed on November 15, 2013. The Plan is a defined contribution plan covering all full-time employees of Nova Wildcat Amerock, LLC and affiliates (the Sponsor) who have one month of service, except for collective bargaining employees, non-resident aliens and part-time/temporary/seasonal employees who work less than 1,000 hours. The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. JPMorgan Chase Bank N.A. serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions:** Participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Sponsor makes safe harbor contributions, in an amount not to exceed 5% of a participant's compensation. The Sponsor's contribution percentage was 100% of the first 3% of compensation and 50% of the next 2% of compensation for the years ended December 31, 2015 and 2014. The Sponsor also made a non-elective Plan Sponsor contributions to the Plan for the year ended December 31, 2014. The contribution was done in the following manner: Whole Age + Completed Whole Years of Service as of January 1 of the Plan Year: Less than 40 2%, 40-49 3%, 50-59 4%, 60 or more 5% of participating compensation. Service attained with Newell Rubbermaid, Inc. (the former owner of the Sponsor) prior to the formation of the Plan was used in calculating Whole Age + Completed Whole Years of Service above. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

**Investment options:** Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator or through self-directed accounts as permitted by the Plan document in 1% increments. Participants may change their investment options daily.

**Participant accounts:** Each participant's account is credited with the participant's contributions and the Sponsor's matching contributions and Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Sponsor's safe harbor contributions plus actual earnings thereon immediately. Participants are vested in the Sponsor's non-elective contributions plus actual earnings thereon based on years of continuous service. A participant is 100% vested after three years of service for non-elective contributions.

**Payment of benefits:** The Plan permits withdrawals when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

### Note 1. Plan Description (Continued)

**Forfeitures:** Forfeitures will be used to reduce future employer contributions or pay Plan expenses. Forfeited nonvested accounts totaled approximately $23,500 and $23,600 at December 31, 2015 and 2014, respectively. During 2015, approximately $41,100 was used to reduce employer matching contributions and no forfeitures were used to pay administrative expenses.

**Notes receivable from participants:** Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. The rates were 3.25% on loans outstanding at December 31, 2015 and 2014, and the loans mature through 2044. Principal and interest are paid ratably through monthly payroll deductions.

### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Loans are in arrears and delinquent when any payment is missed. A late loan payment notice will be issued after the end of the calendar quarter in which the payment is delinquent. If the loan is not paid up-to-date by the end of the calendar quarter after the calendar quarter in which a payment is first delinquent, the loan will be in default.

### Note 2. Summary of Significant Accounting Policies (Continued)

**Contributions:** Contributions from Plan participants and the matching contribution from the Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. All participant and employer contributions are participant-directed.

**Payment of benefits:** Benefits are recorded when paid.

**Expenses:** Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

**Subsequent events:** The Plan has evaluated subsequent events (events occurring after December 31, 2015) through November 30, 2016, the date the financial statements were available to be issued.

### Note 3. Information Certified or Provided by FASCore, LLC (Agent of the Trustee)

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the agent of the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the agent of the trustee that information provided to the Plan Administrator by the agent of the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedules related to the following assets:

| | December 31 | |
|---|---|---|
| | 2015 | 2014 |
| Investments at fair value: | | |
| Registered investment companies | $ 19,535,222 | $ 19,039,939 |
| Common collective trust fund | 881,889 | 914,790 |
| Self directed brokerage account | 166,731 | 151,989 |
| | $ 20,583,842 | $ 20,106,718 |
| Notes receivable from participants | $ 379,062 | $ 320,240 |

The agent also certified to the completeness and accuracy of $1,005,517 net depreciation in fair value of investments and $747,235 of interest and dividends related to the aforementioned Plan assets for the years ended December 31, 2015.

### Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

***Registered investment companies (mutual funds):*** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

***Common collective trust fund:*** Valued based on the NAV of units of the common collective trust. The NAV, as provided by the agent of the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

***Self-directed brokerage accounts:*** Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

### Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014.

| | Assets at Fair Value as of December 31, 2015 | | | |
|---|---|---|---|---|
| Description | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | $ 19,535,222 | $ - | $ - | $ 19,535,222 |
| Self-directed brokerage account | 166,731 | - | - | 166,731 |
| | $ 19,701,953 | $ - | $ - | 19,701,953 |
| Investments valued at NAV (a) | | | | 881,889 |
| Investments at fair value | | | | $ 20,583,842 |

| | Assets at Fair Value as of December 31, 2014 | | | |
|---|---|---|---|---|
| Description | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | $ 19,039,939 | $ - | $ - | $ 19,039,939 |
| Self-directed brokerage account | 151,989 | - | - | 151,989 |
| | $ 19,191,928 | $ - | $ - | 19,191,928 |
| Investments valued at NAV (a) | | | | 914,790 |
| Investments at fair value | | | | $ 20,106,718 |

(a) In accordance with Subtopic 820-10 as amended by ASU 2015-17, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) practical expedient as of December 31, 2015 and 2014.

| | Fair Value December 31 | | Unfunded | Redemption | Redemption |
|---|---|---|---|---|---|
| Investment | 2015 | 2014 | Commitment | Frequency | Notice Period |
| Common collective trust fund: | | | | | |
| JPMCB Stable Asset Income F | $ 881,889 | $ 914,790 | None | Daily | 30 days |

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2015 and 2014, there were no significant transfers in or out of Levels 1, 2 or 3.

### Note 5. Related Party Transactions and Parties-in-Interest

JPMorgan Chase Bank N.A. is the trustee of the Plan; therefore, transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled $300 for the year ended December 31, 2015. The Sponsor also paid certain administrative expenses of the Plan.

### Note 6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

### Note 7. Tax Status

Effective November 15, 2013, the Plan adopted a non-standardized form of a prototype plan sponsored by the Great-West Trust Company. The prototype plan has received a determination letter from the IRS as to the Plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
