1. Plan Description

The following description of CognosHR 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan formed January 1, 2015, to provide retirement savings to the employees of CognosHR, LLC. (the "Company"). In addition, the Plan covers employees of participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees oversee governance of the Plan. The Trustees determine the appropriateness of the Plan's investments offerings and monitors investment performance. The Company as Plan Administrator maintains all necessary employment records and determines participant eligibility.

For the purposes of these financial statements, "participating employer" refers to all business entities that have adopted this plan. These entities have contracted with the Company for the employment of some or all of its personnel, and these employees are deemed employees of the participating employer. Each participating employer may designate the parameters to the matching contribution, if any, and whether its employees will receive credit for purposes of eligibility and vesting with a predecessor entity.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the participating employer's contribution portion of their accounts plus actual earnings thereon is based on the years of continuous service. The vesting schedules are determined in accordance with the option selected by the participating employer in its adoption agreement.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 2% over prime. Principal and interest is paid ratably through payroll deductions over a period not longer than five years unless loan proceeds were used to acquire a primary residence.

Payment of Benefits

Upon termination of services due to death, disability, or retirement, a participant may elect to take a lump-sum distribution or a series of equal installments over a participants assumed life expectancy. On termination of service a participant may elect to receive their vested account balance as a lump sum payment. However, if a participant's vested balance is less than $5,000 at termination of service may only be distributed in a single lump-sum distribution. Rollover contribution and allocable rollover earnings are not taken into account when determining the $5,000 threshold.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company. Loan administrations fees are charged directly to the participant's account and are included in administrative expenses.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled $27,886 and $2,197, respectively. These accounts will be used to either (1) reduce future employer contributions or (2) pay administrative expenses from the respective participating employer. In December 31, 2016 and 2015, no employer contributions were reduced by forfeitures.

2. Summary of Accounting

The financial statements of the Plan have been prepared under the accrual

Policies	method of accounting.
	Investment held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.
Investments and Income Recognition	Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.
	Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.
Notes Receivable from Participants	Notes receivable from participants are measured at their unpaid principal balance plus any accrued by unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.
Payment of Benefits	Benefits are recorded when paid.
Estimates	The preparation of financial statements in conformity with United States of America generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts and disclosure. Actual results could differ from those estimates.
Administrative Expenses	The costs incurred for the administration of the Plan are paid by the sponsors.
New Accounting	In July 2015, the FASB issued new guidance impacting benefit plan accounting
Standards	and reporting ("ASU 2015-12). ASU 2015-12 requires an employee benefit plan to use contract value as the only measurement amount for fully benefit-responsive investment contracts. It also simplifies and increases the effectiveness of plan investment disclosure requirements for employee benefit plans, and provides employee benefit plans with a measurement-date practical expedient for asset fair value. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. The Plan has adopted ASU 2015-12 in 2016 and has applied ASU 2015-12 retrospectively, as required and as reflected in the statements of net assets available for plan benefits and in the notes to the financial statements. Certain historical disclosures that are no longer required have been removed. The adoption in 2016 did not have any material effect on the financial statements.

2. Summary of Accounting Policies (Continued)

Subsequent Events

We monitor significant events occurring after the balance sheet date and prior to the issuance of the financial statements to determine the impacts, if any, of events on the financial statements to be issued. The Plan has evaluated subsequent events through the date which the financial statements are issued. See Note 10 for further details.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for plan benefits.

	Fair Value Measurements Using		
	(Level 1)	**(Level 2)**	**Total**
December 31, 2016			
Shares of registered investment companies	$ 9,181,719	$ -	$ 9,181,719
Total investments at fair value	$ 9,181,719	$ -	$ 9,181,719

	Fair Value Measurements Using		
	(Level 1)	**(Level 2)**	**Total**
December 31, 2015			
Shares of registered investment companies	$ 1,745,166	$ -	$ 1,745,166
Total investments at fair value	$ 1,745,166	$ -	$ 1,745,166

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quotes and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Fair Value Methodologies

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

3. Fair Value Measurements (Continued)

Changes in Fair Value Levels

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the years ended December 31, 2016 and 2015, there were no such transfers.

4. Guaranteed Investment Contract with Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Putnam Investments (Putnam). Putnam maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Putnam, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2016 and 2015, was $257,272 and $41,532, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Putnam. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan Administrator does not believe that any event that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. Plan Termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

In line with generally accepted accounting principles in the United States of America, the Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

8. Summary of Information Certified by Plan Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee:

Investment gain/(loss)	572,340	(77,245)

9. Parties-in-Interest

Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

10. Plan Transfers

During the year, one adopting plan sponsor elected to end their participation in the Plan resulting in investments and notes receivable from participants totaling $69,419, being transferred to other qualified plans.

11. Subsequent Events
