NOTE 1 - DESCRIPTION OF PLAN

The following description of the Michael Sullivan & Associates LLP 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on January 1, 2005, covering the employees of Michael Sullivan & Associates LLP, (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments. The Company is the Plan sponsor and serves as the Plan administrator and is responsible for oversight of the Plan as well as determining the appropriateness of the Plan's investment offerings and monitoring of investment performance. John Hancock Life Insurance Company ("John Hancock" or "Custodian") serves as the Plan's custodian and record-keeper. Alliance Benefit Group Rocky Mountain is the third-party administrator.

Eligibility

Employees of the Company are eligible to participate after the attainment of age 21, and after completing one month of service as defined by the Plan. Effective May 1, 2015, upon meeting eligibility requirements, a participant is automatically enrolled in the Plan with a deferral rate set at 5% of compensation on a pre-tax basis, unless the participant makes a contrary election. Employees are eligible to receive employer matching contributions and profit sharing contributions upon meeting participant eligibility requirements and completing one year of eligibility service as defined by the Plan. Entry dates are the first of the month immediately following the date the employee satisfies the service requirements.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan, in an amount not in excess of the maximum allowed by the Internal Revenue Code ("IRC"). Effective September 1, 2016, a participant may designate all or part of their elective contribution as a Roth, after-tax basis, contribution. Participants who have reached age 50 as of the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans.

The Company, at its discretion, may make matching contributions each Plan year. During the 2016 Plan year, the Company elected to match 10% of participant contributions up to 1% of eligible compensation. Employer matching contributions for the Plan year ended December 31, 2016 amounted to $41,559.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Contributions (continued)

The Company may make discretionary profit sharing contributions to the Plan which is divided among the participants eligible to share in that contribution for the Plan year as specified in the Plan document and amendments. There were no employer discretionary profit sharing contributions for the year ended December 31, 2016.

In addition, the Company may make qualified non-elective contributions ("QNEC"). A QNEC is a discretionary, fully vested contribution. The Company may direct that QNECs be allocated specifically to designated non-highly compensated employees in varying percentages of compensation as permitted by law.

Participant accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, rollover contributions, the Company's matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their investment options at their discretion to any of the investment options available under the Plan.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans to participants are collateralized by the participant's vested account balance and are subject to interest charges. Loan terms shall not exceed five years unless the loan is used for the purchase of a primary residence, in which case may be for a period up to 15 years. Interest rates applicable to participant loans are determined by the Plan administrator. The loan outstanding at December 31, 2016 bears interest at a rate of 4.5% and matures in August 2021. Principal and interest are generally paid through payroll deductions.

Payment of benefits

Upon termination of service due to death, disability or retirement, or for other reasons specified by the Plan document, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the vested interest in the participants' account. Normal retirement age is 65. In-service distributions are also permitted after age 59 ½, and upon meeting certain requirements as defined by the Plan. Participant consent is required for distributions where the vested balance exceeds $5,000.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon and in any qualified employer contributions.

Effective May 1, 2015, participants are vested in employer matching contributions and employer discretionary profit sharing contributions subject to the graded vesting schedule as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

To earn a year of service a participant must be credited with at least 1,000 hours of service during a Plan year as defined by the Plan document. A participant is entitled to 100% of his or her balance upon retirement, death or disability.

Hardship withdrawals

A participant may be permitted to withdraw a portion or all of the balances of their individual account that is attributable to the participant's pre-tax deferral contributions (without earnings) and Roth deferral contributions (without earnings) for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service ("IRS").

Forfeited accounts

Non-vested Company contributions forfeited by participants upon termination may be used to pay for Plan expenses, reduce future employer contributions or allocated to participant accounts. For the year ended December 31, 2016, $1,163 of forfeited employer contributions were applied to offset Plan expenses. As of December 31, 2016 and 2015, non-vested forfeited accounts available totaled $413 and $0, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). References to the "ASC" hereafter refer to the Accounting Standards Codification established by the Financial Accounting Standards Board ("FASB") as the source of authoritative U.S. GAAP.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments includes the Plan’s gains and losses in investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Excess contributions payable

Excess contributions payable represents amounts refunded to participants after year-end to comply with regulatory and Plan contribution limits.

Plan expenses

The Plan permits the payment of Plan expenses to be made from the Plan’s assets. Certain administrative expenses of maintaining the Plan may be paid directly by the Company, which is a party-in-interest. These expenses are not reflected in the financial statements and constitute exempt party-in-interest transactions under ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent accounting pronouncements

In May 2015, the FASB issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value ("NAV") practical expedient in ASC 820. ASU 2015-07 requires retrospective application and is effective for fiscal years beginning after December 15, 2016 with early adoption permitted. Management has elected to early adopt the provisions of this new standard. Accordingly, the standard was retrospectively applied.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient.* Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed at contract value. Part I also clarifies that a plan's investments in stable value funds are not fully benefit responsive for purposes of this guidance. Part II requires that investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5% or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. Additionally, if an investment is measured using the NAV per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of the investment's strategy is no longer required. Part III is not applicable to the Plan. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015. The amendments within Parts I and II require retrospective application. Management has adopted the provisions of Parts I and II of this new standard. Accordingly, these provisions were retrospectively applied.

The Plan adopted the provisions of ASU No. 2014-15, *Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern ("ASU 2014-15").* Regardless of financial condition, ASU 2014-15 requires every entity to assess its ability to continue operating as a going concern for the period of time that extends one year from the issuance of the financial statements. If the annual assessment indicates the presence of one or more conditions that raise substantial doubt, as defined in ASU 2014-15, about an entity's ability to continue as a going concern for the upcoming one-year period, the ASU requires disclosure in the footnotes that accompany the financial statements. Otherwise, no disclosure is required about the assessment results. The adoption of this standard had no impact on the financial statements.

NOTE 3 - INVESTMENTS

The Plan assets are held by John Hancock, pursuant to the agreements which provide all funds received by the Custodian shall be held, administered, invested and distributed by the Custodian, and that no part of the corpus or income shall be used for or directed to, purposes other than for the exclusive benefit of participants or their beneficiaries.

In the Statement of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation in the fair value of investments of $127,422, which consists of realized gains or losses, unrealized market value change of investments and dividends.

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following unaudited information in the financial statements was certified to be complete and accurate by the Custodian (See Note 1) of the Plan's assets, within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

- All amounts included as investments and notes receivable from participants in the Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015;

- Net appreciation in fair value of investments and interest for the year ended December 31, 2016 included in the Statement of Changes in Net Assets Available for Benefits; and

- All information in the Supplemental Schedule of Assets (held at end of year) as of December 31, 2016.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC 820, *Fair Value Measurements and Disclosures* are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate accounts: The Plan had $1,998,527 and $1,671,269 of investments in participation units held in pooled separate accounts through sub-accounts of an insurance company at December 31, 2016 and 2015, respectively. The underlying securities in pooled separate accounts, except for the stable value fund, are listed on national securities exchanges and valued on the basis of year-end closing. The fair values of participation units held in these pooled separate accounts are based on their net asset values reported by the fund managers as of the financial statements dates and recent transaction prices. Each of the subaccounts of the John Hancock Life Insurance Company Pooled Separate Accounts, other than the stable value fund, invests in a single, open-ended mutual fund which is generally identified in the name of the pooled separate account sub-account. Other than the stable value fund, each pooled separate sub-account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund’s net asset value per unit.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Included in pooled separate accounts, is a stable value fund, which represents participation of units of a collective investment trust for which the asset value is based on the market value of the underlying assets. The stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the bank collective trust. The Plan has concluded that the net asset value as adjusted and reported by the custodian denotes readily determinable fair value. The stable value fund as of December 31, 2016 and 2015, consists of the John Hancock Stable Value Fund Collective Investment Trust. The Trust seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term. The Trust's investments are in the Group Annuity Contract issued originally by John Hancock Life Insurance Company.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

As of December 31, 2016 and 2015, all fair value investments were valued using NAV practical expedient, and accordingly, no hierarchy table was presented.

NOTE 6 - PLAN TERMINATION

Although it is currently the intent of the Company to continue the Plan, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The Plan document is a volume submitter profit sharing plan that received a favorable opinion letter from the IRS on March 31, 2014, stating that the form of the Plan qualifies under the applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified and the related trust is tax exempt.

NOTE 7 - TAX STATUS (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Plan investments are managed by the Custodian. Transactions with the Custodian qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. The administrative fees paid by the Plan include account fees which are charged to participants and third-party fees for plan administration. Investment and management fees are expenses paid to parties-in-interest are reflected as a reduction in the investment returns of the individual investments held by the Plan and reflect parties-in-interest transactions.

NOTE 10 - PROHIBITED TRANSACTIONS

During the year ended December 31, 2016, the Plan failed to comply with the regulations concerning the timely remittance of participants' contributions to the trust containing assets for the Plan. Accordingly, the participants' contributions, including loan repayments totaling $22,966, were remitted to the Plan late as described in the supplemental schedule (Schedule H, Part IV, Line 4(a) - Schedule of Delinquent Participant Contributions). The principal amount of the contributions has been remitted to the Plan during 2016. However, in order to complete the correction, lost earnings must also be remitted by the employer. The Company plans to compute the lost earnings related to the 2016 late contributions of $22,966 and make the necessary remittance to the Plan in 2017.

NOTE 11 - SUBSEQUENT EVENTS

Subsequent events have been evaluated by the Plan through October 12, 2017, which is the date the financial statements were available to be issued.
