Carleton Life Support Systems, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Carleton Life Support Systems, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan established on August 18, 2003 and sponsored by Carleton Life Support Systems, Inc. (the “Plan Sponsor”). The Plan covers substantially all employees of the Plan Sponsor, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective November 1, 2016, the Plan was amended and restated as a volume submitter defined contribution plan sponsored by Fidelity Management & Research Company (“Fidelity”). The Carleton Life Support System’s Retirement Plan was merged with the Plan as of the effective date.

Contributions – Participants may elect to contribute to the Plan amounts equal to a full percentage between 1% and 90% (effective November 2016, 30% prior to November 2016) of the participant’s eligible compensation as defined by the Plan, limited by the amount imposed by law. Participants may make Roth contributions into the Plan which are accounted for in separate participant level subaccounts. Roth contributions made to the Plan amounted to \$388,069 and \$318,687 during the years ended December 31, 2016 and 2015, respectively. Additionally, participants age 50 or older may elect to make a catch-up contribution limited to the amount imposed by law. Contributions received from participants for the years ended December 31, 2016 and 2015 include rollover contributions of \$8,900 and \$350,688, respectively.

The Plan Sponsor matches 50% of the first 10% of eligible compensation contributed to the Plan by the employee.

Effective November 1, 2016 and in accordance with the Plan document, the Plan Sponsor also makes service weighted contributions based on the following criteria:

<u>Completed Years of</u>	<u>Service-Weighted Contribution</u>
0 – 4	.50% of eligible compensation
5 – 9	1.25% of eligible compensation
10 – 14	2.00% of eligible compensation
15 – 19	2.75% of eligible compensation
20 – 24	3.50% of eligible compensation
25 – 29	4.25% of eligible compensation
30+	5.00% of eligible compensation

Carleton Life Support Systems, Inc. 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Also effective November 1, 2016, the Plan Sponsor makes a supplemental contribution for those eligible participants who commenced employment on or before August 18, 2003 (Acquisition Date of Life Support Division of Litton Systems, Inc.). Such participants who met The Rule of 100 on August 18, 2003, or who subsequently meet the Rule of 100 as of January 1st of a given Plan year, are eligible to receive the supplemental contribution. The Rule of 100 requires that the sum of 2½ times the participant's age as of his or her most recent birthday and the number of full years of benefit service completed by the participant as of the most recent anniversary of his or her most recent date of hire in a given Plan year is greater than 100.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions, and the participant's share of Plan earnings. Participant accounts are decreased by participant distributions and the participant's share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based on the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their salary deferral and rollover contribution accounts and the earnings thereon. Participants vest ratably in Plan Sponsor contributions at 25% for each year of service and become fully vested after four years.

Notes Receivable from Participants – In accordance with Plan provisions, participants are permitted to borrow a minimum of \$500 up to a maximum amount equal to the lesser of \$50,000, less the highest outstanding previous loan balance, if any, during the one year period ending immediately before the date of any new loan, or 50% of their vested balance as of the date the loan is made. Participants may have only one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates determined by the Plan administrator. Repayment terms may not exceed five years, with the exception of a loan used to purchase a primary residence, in which case repayment terms may not exceed 10 years. Principal and interest is paid ratably through each payroll deduction. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payments of Benefits – Plan assets allocated to a participant's account will be distributed upon termination of employment, after reaching age 65, or death. Participants may withdraw funds from their rollover account at any time. Participants may withdraw funds from their matching contribution account at any time after they reach 70½. Participants may withdraw funds from their deferral account at any time after they reach 59½. Hardship withdrawals, as defined by the Internal Revenue Code (the "Code"), are available to participants only from their deferral contributions account. If a hardship withdrawal is made, participants' eligibility to make contributions to the Plan is suspended for six months.

Carleton Life Support Systems, Inc. 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Forfeitures – Forfeited Plan Sponsor matching contributions are used to reduce future Plan Sponsor contributions. Forfeited matching contributions used to fund Plan Sponsor contributions amounted to \$59,450 and \$97,416 during the years ended December 31, 2016 and 2015, respectively.

Tax Status – The Plan Sponsor obtained a favorable determination letter dated July 28, 2011, in which the Internal Revenue Service (“IRS”) stated that the Plan was qualified under Section 401(a) of the Code. The Plan has since been amended and restated as a volume submitter profit sharing plan sponsored by Fidelity Management and Research Co. Fidelity Management and Research Co. received a letter dated March 31, 2014 from the IRS stating the form of the volume submitter plan is acceptable under Section 401 of the Code for use by employers for the benefit of their employees. The Plan Administrator believes that the Plan is operating in compliance with the requirements of the Code and therefore, believes that the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America (“GAAP”) require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in Plan Sponsor contributions and associated earnings thereon.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan’s investments in money market funds, mutual funds, and common collective trusts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Carleton Life Support Systems, Inc. 401(k) Plan
Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The Plan presents in the accompanying statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which includes both realized gains (losses) and unrealized net appreciation (depreciation) in the fair value of investments. Realized gains (losses) on disposition of investments were based upon actual costs and selling prices.

Purchases and sales of securities are recorded on a settlement date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. In the event of death or termination of employment, the entire outstanding principal and accrued interest shall be due and payable within 90 days. Any unpaid balance will be deemed a taxable distribution from the Plan.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain accounting and administrative expenses necessary to administer the Plan are paid for by the Plan Sponsor. Expenses relating to investment activity are paid by participants from their respective individual accounts.

Party-in-Interest Transactions – Certain Plan investments were held in Fidelity mutual funds, self-directed brokerage funds, and money market funds. Fidelity is a trustee of the Plan and, as such, transactions involving these funds qualify as party-in-interest transactions.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in risks in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Use of Estimates – The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Subsequent Events – The Plan Administrator has evaluated subsequent events, for recognition or disclosure, through October 3, 2017, the date the accompanying financial statements were available to be issued.

Carleton Life Support Systems, Inc. 401(k) Plan

Notes to Financial Statements (continued)

3. Information Certified by the Trustees (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MG Trust Company LLC (“MG Trust”) and Fidelity, collectively the trustees (the “Trustees”) have certified that the investments and participant loans included in the accompanying financial statements and supplementary information are complete and accurate at December 31, 2016 and 2015, respectively.

The Trustees also certified interest and dividend income totaling \$1,543,786 and \$606,576 and net appreciation (depreciation) in fair value of investments of \$2,595,441 and (\$1,088,067) for the years ended December 31, 2016 and 2015, respectively.

4. Fair Value Measurements

ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.
- Level 2 – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security. There were no assets of the Plan that were valued using Level 2 inputs at December 31, 2016 and 2015.
- Level 3 – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity’s own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that were valued using Level 3 inputs at December 31, 2016 and 2015.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Carleton Life Support Systems, Inc. 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value.

Money Market Funds: Shares of money market funds are valued at amortized cost, which approximates fair value. The amortized cost of an instrument is determined by valuing it at its original cost and thereafter amortizing any discount or premium from its face value at a constant rate until maturity.

Self-Directed Brokerage Account: Account primarily consists of cash and common stock that are valued on the basis of readily determined market prices.

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year end.

Common and Collective Trusts ("CCTs"): CCTs are valued daily at NAV based on the market value of the underlying assets. NAV is determined by dividing the fair value of the CCT's net assets by the total numbers of units owned.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	2016	2015
Level 1		
Money market funds	\$ 38,073	\$ 0
Mutual funds	55,805,066	42,369,422
Self-directed brokerage	674,395	0
Investments valued at net asset value		
Common and collective trusts	7,219,848	6,027,011
	<u>\$ 63,737,382</u>	<u>\$ 48,396,433</u>

Investments Measured at NAV

Columbia Trust Balance Fund III and *PIMCO Stable Income Fund II* are common collective trusts that are measured using NAV as a practical expedient to estimate fair value. The trusts are redeemable on any business day at NAV and there are no unfunded commitments.

5. Plan Merger

On November 1, 2016, assets from the Carleton Life Support Systems, Inc. Retirement Plan transferred into the Plan. The total asset transfer amount was \$9,663,252.

Carleton Life Support Systems, Inc. 401(k) Plan
Notes to Financial Statements (continued)

6. Subsequent Event

Effective October 1, 2017, the Plan was amended to allow an Employer discretionary match of 50% of participant deferrals up to 10% of participants' eligible compensation.
