1 – DESCRIPTION OF PLAN

GENERAL

At Home 401(k) Savings Plan (the "Plan") is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on October 1, 2014 and restated January 1, 2016, for the benefit of eligible employees of At Home Stores LLC (the "Company"). Wells Fargo Bank, N.A. ("Wells Fargo"), in conjunction with Wells Fargo Bank, N.A. Trust Operations, serves as the Trustee and record-keeper of the Plan, respectively. The following descriptions provide only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All full-time employees of the Company and participating subsidiaries who have attained an age of eighteen and have completed six months of service are eligible to participate in the Plan, with the exception of union, leased, reclassified and non-resident alien employees. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company matching contributions, an allocation of Plan earnings, and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her eligible pretax compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,000 for 2016). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2016). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted by the Plan.

The Company also makes safe harbor contributions to the account of each eligible participant on a uniform basis. The Company's safe harbor contribution is equal to 100% of participant elective deferrals, up to 3% of eligible compensation, plus 50% of participant elective deferrals between 3% and 5% of eligible compensation. The Company's safe harbor contribution for the year ended December 31, 2016 totaled $797,607.

INVESTMENT OPTIONS

The Plan provided for participants to direct both their contributions and employer contributions into a variety of investment options in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

1 – DESCRIPTION OF PLAN

BENEFITS PAID TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in either installment payments or a lump-sum amount equal to 100% of the participant's account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances of $1,000 or less at the time of distribution will be "cashed out" as either an involuntary lump sum payment or by direct rollover into an individual retirement account or other eligible retirement plan.

VESTING

Participants are always 100% vested in all account balances.

FORFEITURES

Forfeitures are available to reduce future employer contributions or to pay administrative expenses. These amounts are reported as a component of net assets available for benefits. There were no forfeitures available at December 31, 2016 and 2015.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts, a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). The notes receivable from participants are secured by the vested balance in the participant's account and the rate of interest is based on prime rate plus 1%. All notes must be repaid within 5 years, unless for the purchase of a primary residence, in which case the repayment period may be up to 15 years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2016 had interest rates of 4.25% to 4.75% with maturity dates ranging from March 2017 to December 2021. Notes receivable from participants as of December 31, 2015 had interest rates of 4.25% with maturity dates ranging from July 2016 to January 2020.

ADMINISTRATIVE EXPENSES

Distribution and loan fees are charged directly to the requesting participant's account. All other costs and expenses of the Plan and its administration, including all fees and expenses of the Trustee, are paid by the Company.

PLAN TERMINATION

Although the Company expects to continue in the Plan, it may be terminated by the Company at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with United States generally accepted accounting principles ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document or loan policy of the Plan.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

3 – FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-7 ("ASU 2015-7"), Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent). The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015 for public entities and beginning after December 15, 2016 for all other entities, with early adoption permitted. Plan management is currently in the process of evaluating the impact that will result from adoption ASU 2015-7 and does not believe the adoption will have a material impact to the financial statements.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts ("FBRICs") and provide certain disclosures. Contract value is the only required measure for FBRICs. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to early adopt Parts I and II.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring and reporting the fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following methodologies were used for each type of investment:

Money market fund: Valued at cost of $1 per unit, which represents the net asset value ("NAV") at year end.

Mutual funds of registered investment companies: Valued at the NAV or quoted market prices of shares held by the Plan at year end.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING, CONTINUED

Mutual Funds of Registered Investment Companies	4,783,127	-	-	4,783,127
Total assets at fair value	$ 4,897,280	$ -	$ -	$ 4,897,280

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total

Mutual Funds of Registered Investment Companies	2,136,356	-	-	2,136,356
Total assets at fair value	$ 2,186,377	$ -	$ -	$ 2,186,377

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Company elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Wells Fargo, the Trustee and party-in-interest as defined by ERISA, as of December 31, 2016 and 2015 and for the year ended December 31, 2016, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2016	2015
Money market fund	$ 114,153	$ 50,021
Mutual funds of registered investment companies	4,783,127	2,136,356
Total investments	$ 4,897,280	$ 2,186,377
Notes receivable from participants	$ 98,071	$ 8,165
Interest and dividends	$ 62,373	
Participant loan interest	$ 2,319	
Net appreciation in fair value of investments	$ 279,715	

5 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Wells Fargo, which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the Wells Fargo volume submitter plan constitutes a qualified plan under Section 401 of IRC. The Company believes the Plan, as adopted and amended, has operated within the guidelines of the IRC and was tax exempt on the date of termination. Accordingly, no provision for federal income taxes was provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2013.

6 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of a money market fund managed by Wells Fargo. Wells Fargo is the Recordkeeper and Trustee as defined by the Plan and therefore, this investment qualifies as a party-in-interest investment. Fees paid by the Plan for various administrative expenses, including investment management services, amounted to $3,688 for the year ended December 31, 2016.

7 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8 – RECONCILIATION TO THE 2016 FORM 5500, SCHEDULE H

There are no reconciling items between the net assets reported in the audited financial statements and the Schedule H of the Form 5500 for the year ended December 31, 2016.

9 – SUBSEQUENT EVENTS

In accordance with FASB Accounting Standards Codification 855, “Subsequent Events,” the Company has evaluated events or transactions occurring after December 31, 2016, the Statement of Net Assets Available for Benefits date, through October 13, 2017, the date the financial statements were issued, and determined there were no events or transactions that would impact our financial statements for the year ended December 31, 2016.

1 – DESCRIPTION OF PLAN

GENERAL

At Home 401(k) Savings Plan (the "Plan") is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on October 1, 2014 and restated January 1, 2016, for the benefit of eligible employees of At Home Stores LLC (the "Company"). Wells Fargo Bank, N.A. ("Wells Fargo"), in conjunction with Wells Fargo Bank, N.A. Trust Operations, serves as the Trustee and record-keeper of the Plan, respectively. The following descriptions provide only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All full-time employees of the Company and participating subsidiaries who have attained an age of eighteen and have completed six months of service are eligible to participate in the Plan, with the exception of union, leased, reclassified and non-resident alien employees. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company matching contributions, an allocation of Plan earnings, and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her eligible pretax compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,000 for 2016). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2016). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted by the Plan.

The Company also makes safe harbor contributions to the account of each eligible participant on a uniform basis. The Company's safe harbor contribution is equal to 100% of participant elective deferrals, up to 3% of eligible compensation, plus 50% of participant elective deferrals between 3% and 5% of eligible compensation. The Company's safe harbor contribution for the year ended December 31, 2016 totaled $797,607.

INVESTMENT OPTIONS

The Plan provided for participants to direct both their contributions and employer contributions into a variety of investment options in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

1 – DESCRIPTION OF PLAN

BENEFITS PAID TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in either installment payments or a lump-sum amount equal to 100% of the participant's account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances of $1,000 or less at the time of distribution will be "cashed out" as either an involuntary lump sum payment or by direct rollover into an individual retirement account or other eligible retirement plan.

VESTING

Participants are always 100% vested in all account balances.

FORFEITURES

Forfeitures are available to reduce future employer contributions or to pay administrative expenses. These amounts are reported as a component of net assets available for benefits. There were no forfeitures available at December 31, 2016 and 2015.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts, a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). The notes receivable from participants are secured by the vested balance in the participant's account and the rate of interest is based on prime rate plus 1%. All notes must be repaid within 5 years, unless for the purchase of a primary residence, in which case the repayment period may be up to 15 years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2016 had interest rates of 4.25% to 4.75% with maturity dates ranging from March 2017 to December 2021. Notes receivable from participants as of December 31, 2015 had interest rates of 4.25% with maturity dates ranging from July 2016 to January 2020.

ADMINISTRATIVE EXPENSES

Distribution and loan fees are charged directly to the requesting participant's account. All other costs and expenses of the Plan and its administration, including all fees and expenses of the Trustee, are paid by the Company.

PLAN TERMINATION

Although the Company expects to continue in the Plan, it may be terminated by the Company at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with United States generally accepted accounting principles ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document or loan policy of the Plan.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

3 – FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-7 ("ASU 2015-7"), Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent). The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015 for public entities and beginning after December 15, 2016 for all other entities, with early adoption permitted. Plan management is currently in the process of evaluating the impact that will result from adoption ASU 2015-7 and does not believe the adoption will have a material impact to the financial statements.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts ("FBRICs") and provide certain disclosures. Contract value is the only required measure for FBRICs. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to early adopt Parts I and II.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring and reporting the fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following methodologies were used for each type of investment:

Money market fund: Valued at cost of $1 per unit, which represents the net asset value ("NAV") at year end.

Mutual funds of registered investment companies: Valued at the NAV or quoted market prices of shares held by the Plan at year end.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING, CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Company elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Wells Fargo, the Trustee and party-in-interest as defined by ERISA, as of December 31, 2016 and 2015 and for the year ended December 31, 2016, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2016	2015
Money market fund	$ 114,153	$ 50,021
Mutual funds of registered investment companies	4,783,127	2,136,356

Notes receivable from participants	$ 98,071	$ 8,165
Interest and dividends	$ 62,373	
Participant loan interest	$ 2,319	
Net appreciation in fair value of investments	$ 279,715	

5 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Wells Fargo, which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the Wells Fargo volume submitter plan constitutes a qualified plan under Section 401 of IRC. The Company believes the Plan, as adopted and amended, has operated within the guidelines of the IRC and was tax exempt on the date of termination. Accordingly, no provision for federal income taxes was provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2013.

6 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of a money market fund managed by Wells Fargo. Wells Fargo is the Recordkeeper and Trustee as defined by the Plan and therefore, this investment qualifies as a party-in-interest investment. Fees paid by the Plan for various administrative expenses, including investment management services, amounted to $3,688 for the year ended December 31, 2016.

7 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8 – RECONCILIATION TO THE 2016 FORM 5500, SCHEDULE H

There are no reconciling items between the net assets reported in the audited financial statements and the Schedule H of the Form 5500 for the year ended December 31, 2016.

9 – SUBSEQUENT EVENTS

In accordance with FASB Accounting Standards Codification 855, “Subsequent Events,” the Company has evaluated events or transactions occurring after December 31, 2016, the Statement of Net Assets Available for Benefits date, through October 13, 2017, the date the financial statements were issued, and determined there were no events or transactions that would impact our financial statements for the year ended December 31, 2016.

1 – DESCRIPTION OF PLAN

GENERAL

At Home 401(k) Savings Plan (the "Plan") is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on October 1, 2014 and restated January 1, 2016, for the benefit of eligible employees of At Home Stores LLC (the "Company"). Wells Fargo Bank, N.A. ("Wells Fargo"), in conjunction with Wells Fargo Bank, N.A. Trust Operations, serves as the Trustee and record-keeper of the Plan, respectively. The following descriptions provide only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All full-time employees of the Company and participating subsidiaries who have attained an age of eighteen and have completed six months of service are eligible to participate in the Plan, with the exception of union, leased, reclassified and non-resident alien employees. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company matching contributions, an allocation of Plan earnings, and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her eligible pretax compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,000 for 2016). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2016). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted by the Plan.

The Company also makes safe harbor contributions to the account of each eligible participant on a uniform basis. The Company's safe harbor contribution is equal to 100% of participant elective deferrals, up to 3% of eligible compensation, plus 50% of participant elective deferrals between 3% and 5% of eligible compensation. The Company's safe harbor contribution for the year ended December 31, 2016 totaled $797,607.

INVESTMENT OPTIONS

The Plan provided for participants to direct both their contributions and employer contributions into a variety of investment options in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

1 – DESCRIPTION OF PLAN

BENEFITS PAID TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in either installment payments or a lump-sum amount equal to 100% of the participant's account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances of $1,000 or less at the time of distribution will be "cashed out" as either an involuntary lump sum payment or by direct rollover into an individual retirement account or other eligible retirement plan.

VESTING

Participants are always 100% vested in all account balances.

FORFEITURES

Forfeitures are available to reduce future employer contributions or to pay administrative expenses. These amounts are reported as a component of net assets available for benefits. There were no forfeitures available at December 31, 2016 and 2015.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts, a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). The notes receivable from participants are secured by the vested balance in the participant's account and the rate of interest is based on prime rate plus 1%. All notes must be repaid within 5 years, unless for the purchase of a primary residence, in which case the repayment period may be up to 15 years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2016 had interest rates of 4.25% to 4.75% with maturity dates ranging from March 2017 to December 2021. Notes receivable from participants as of December 31, 2015 had interest rates of 4.25% with maturity dates ranging from July 2016 to January 2020.

ADMINISTRATIVE EXPENSES

Distribution and loan fees are charged directly to the requesting participant's account. All other costs and expenses of the Plan and its administration, including all fees and expenses of the Trustee, are paid by the Company.

PLAN TERMINATION

Although the Company expects to continue in the Plan, it may be terminated by the Company at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with United States generally accepted accounting principles ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document or loan policy of the Plan.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

3 – FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-7 ("ASU 2015-7"), Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent). The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015 for public entities and beginning after December 15, 2016 for all other entities, with early adoption permitted. Plan management is currently in the process of evaluating the impact that will result from adoption ASU 2015-7 and does not believe the adoption will have a material impact to the financial statements.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts ("FBRICs") and provide certain disclosures. Contract value is the only required measure for FBRICs. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to early adopt Parts I and II.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring and reporting the fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following methodologies were used for each type of investment:

Money market fund: Valued at cost of $1 per unit, which represents the net asset value ("NAV") at year end.

Mutual funds of registered investment companies: Valued at the NAV or quoted market prices of shares held by the Plan at year end.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING, CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Money Market Fund	$ 114,153	$ -	$ -	$ 114,153
Mutual Funds of Registered Investment Companies	4,783,127	-	-	4,783,127
Total assets at fair value	$ 4,897,280	$ -	$ -	$ 4,897,280

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Money Market Fund	$ 50,021	$ -	$ -	$ 50,021
Mutual Funds of Registered Investment Companies	2,136,356	-	-	2,136,356
Total assets at fair value	$ 2,186,377	$ -	$ -	$ 2,186,377

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Company elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Wells Fargo, the Trustee and party-in-interest as defined by ERISA, as of December 31, 2016 and 2015 and for the year ended December 31, 2016, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2016	2015
Money market fund	$ 114,153	$ 50,021
Mutual funds of registered investment companies	4,783,127	2,136,356
Total investments	$ 4,897,280	$ 2,186,377
Notes receivable from participants	$ 98,071	$ 8,165
Interest and dividends	$ 62,373	
Participant loan interest	$ 2,319	
Net appreciation in fair value of investments	$ 279,715	

5 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Wells Fargo, which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the Wells Fargo volume submitter plan constitutes a qualified plan under Section 401 of IRC. The Company believes the Plan, as adopted and amended, has operated within the guidelines of the IRC and was tax exempt on the date of termination. Accordingly, no provision for federal income taxes was provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2013.

6 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of a money market fund managed by Wells Fargo. Wells Fargo is the Recordkeeper and Trustee as defined by the Plan and therefore, this investment qualifies as a party-in-interest investment. Fees paid by the Plan for various administrative expenses, including investment management services, amounted to $3,688 for the year ended December 31, 2016.

7 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8 – RECONCILIATION TO THE 2016 FORM 5500, SCHEDULE H

There are no reconciling items between the net assets reported in the audited financial statements and the Schedule H of the Form 5500 for the year ended December 31, 2016.

9 – SUBSEQUENT EVENTS

In accordance with FASB Accounting Standards Codification 855, “Subsequent Events,” the Company has evaluated events or transactions occurring after December 31, 2016, the Statement of Net Assets Available for Benefits date, through October 13, 2017, the date the financial statements were issued, and determined there were no events or transactions that would impact our financial statements for the year ended December 31, 2016.

1 – DESCRIPTION OF PLAN

GENERAL

At Home 401(k) Savings Plan (the "Plan") is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on October 1, 2014 and restated January 1, 2016, for the benefit of eligible employees of At Home Stores LLC (the "Company"). Wells Fargo Bank, N.A. ("Wells Fargo"), in conjunction with Wells Fargo Bank, N.A. Trust Operations, serves as the Trustee and record-keeper of the Plan, respectively. The following descriptions provide only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All full-time employees of the Company and participating subsidiaries who have attained an age of eighteen and have completed six months of service are eligible to participate in the Plan, with the exception of union, leased, reclassified and non-resident alien employees. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company matching contributions, an allocation of Plan earnings, and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her eligible pretax compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,000 for 2016). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2016). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted by the Plan.

The Company also makes safe harbor contributions to the account of each eligible participant on a uniform basis. The Company's safe harbor contribution is equal to 100% of participant elective deferrals, up to 3% of eligible compensation, plus 50% of participant elective deferrals between 3% and 5% of eligible compensation. The Company's safe harbor contribution for the year ended December 31, 2016 totaled $797,607.

INVESTMENT OPTIONS

The Plan provided for participants to direct both their contributions and employer contributions into a variety of investment options in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

1 – DESCRIPTION OF PLAN

BENEFITS PAID TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in either installment payments or a lump-sum amount equal to 100% of the participant's account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances of $1,000 or less at the time of distribution will be "cashed out" as either an involuntary lump sum payment or by direct rollover into an individual retirement account or other eligible retirement plan.

VESTING

Participants are always 100% vested in all account balances.

FORFEITURES

Forfeitures are available to reduce future employer contributions or to pay administrative expenses. These amounts are reported as a component of net assets available for benefits. There were no forfeitures available at December 31, 2016 and 2015.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts, a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). The notes receivable from participants are secured by the vested balance in the participant's account and the rate of interest is based on prime rate plus 1%. All notes must be repaid within 5 years, unless for the purchase of a primary residence, in which case the repayment period may be up to 15 years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2016 had interest rates of 4.25% to 4.75% with maturity dates ranging from March 2017 to December 2021. Notes receivable from participants as of December 31, 2015 had interest rates of 4.25% with maturity dates ranging from July 2016 to January 2020.

ADMINISTRATIVE EXPENSES

Distribution and loan fees are charged directly to the requesting participant's account. All other costs and expenses of the Plan and its administration, including all fees and expenses of the Trustee, are paid by the Company.

PLAN TERMINATION

Although the Company expects to continue in the Plan, it may be terminated by the Company at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with United States generally accepted accounting principles ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document or loan policy of the Plan.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

3 – FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-7 ("ASU 2015-7"), Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent). The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015 for public entities and beginning after December 15, 2016 for all other entities, with early adoption permitted. Plan management is currently in the process of evaluating the impact that will result from adoption ASU 2015-7 and does not believe the adoption will have a material impact to the financial statements.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts ("FBRICs") and provide certain disclosures. Contract value is the only required measure for FBRICs. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to early adopt Parts I and II.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring and reporting the fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following methodologies were used for each type of investment:

Money market fund: Valued at cost of $1 per unit, which represents the net asset value ("NAV") at year end.

Mutual funds of registered investment companies: Valued at the NAV or quoted market prices of shares held by the Plan at year end.

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Company elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Wells Fargo, the Trustee and party-in-interest as defined by ERISA, as of December 31, 2016 and 2015 and for the year ended December 31, 2016, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2016	2015
Money market fund	$ 114,153	$ 50,021
Mutual funds of registered investment companies	4,783,127	2,136,356
Total investments	$ 4,897,280	$ 2,186,377

Interest and dividends	$ 62,373	
Participant loan interest	$ 2,319

5 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Wells Fargo, which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the Wells Fargo volume submitter plan constitutes a qualified plan under Section 401 of IRC. The Company believes the Plan, as adopted and amended, has operated within the guidelines of the IRC and was tax exempt on the date of termination. Accordingly, no provision for federal income taxes was provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2013.

6 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of a money market fund managed by Wells Fargo. Wells Fargo is the Recordkeeper and Trustee as defined by the Plan and therefore, this investment qualifies as a party-in-interest investment. Fees paid by the Plan for various administrative expenses, including investment management services, amounted to $3,688 for the year ended December 31, 2016.

7 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8 – RECONCILIATION TO THE 2016 FORM 5500, SCHEDULE H

There are no reconciling items between the net assets reported in the audited financial statements and the Schedule H of the Form 5500 for the year ended December 31, 2016.

9 – SUBSEQUENT EVENTS

In accordance with FASB Accounting Standards Codification 855, “Subsequent Events,” the Company has evaluated events or transactions occurring after December 31, 2016, the Statement of Net Assets Available for Benefits date, through October 13, 2017, the date the financial statements were issued, and determined there were no events or transactions that would impact our financial statements for the year ended December 31, 2016.
