NOTE A - DESCRIPTION OF PLAN

The following description of The Elyria Manufacturing Corporation Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of The Elyria Manufacturing Corporation (the Company and Plan Sponsor) who have completed 90 days of service and have reached the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is sponsored and administered by the Company.

Contributions

Participants may elect to defer up to the lesser of 100% of their pre-tax or after-tax compensation as defined by the Plan or the maximum contribution allowable by law. The Plan provides for a discretionary employer matching contribution to eligible participants which was equal to 50% of the first 6% of participant compensation contributed to the Plan for the year ended December 31, 2016. The Company may make an additional discretionary contribution for participants who have completed one year of service. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch-up contributions for participants who reach the age of fifty by the end of the plan year. Participants direct the investment of their contributions into various options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer matching contributions and allocations of (a) the Company's additional discretionary contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant account earnings, account balances, hours of service, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral and rollover contributions and in the Company's matching and discretionary contributions, plus actual earnings thereon.

Notes to Financial Statements

December 31, 2016 and 2015 and Year Ended December 31, 2016

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balances. Note receivable terms range from 1 - 5 years or up to a reasonable period of time as determined by the plan administrator for the purchase of a primary residence. Notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 4.50% at December 31, 2016. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon attaining the age 59½ or upon termination of service, a participant may elect to receive installment payments, a life annuity, a qualified joint and survivor annuity (if the participant is married), or a lump-sum amount equal to the value of his or her account. In the event of death of a married participant, the normal form of death benefit for accrued benefits in excess of \$5,000 is a qualified preretirement survivor annuity purchased from an insurance company, payable upon obtaining a signed consent form from the spouse or payable at the retirement date of the participant. If the value of the vested benefits credited to a participant's account is \$1,000 or less at the time of termination, the entire amount will automatically be distributed to a participant without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the plan administrator.

Active participants may request hardship withdrawals from their elective deferral account balances, subject to Plan provisions. A participant who receives a distribution on account of hardship is prohibited from making deferrals for six months after receipt of the distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Adoption of New Accounting Standards

In May 2015, the Financial Accounting Standards Board (FASB) issued an Accounting Standards Update (ASU) which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. The ASU is effective retrospectively for fiscal years beginning after December 15, 2016, with early adoption permitted. Plan management has elected to early adopt this ASU in these financial statements for the year ended December 31, 2016, and applied the changes retrospectively to the statement of net assets available for benefits as of December 31, 2015.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Adoption of New Accounting Standards (Continued)

In July 2015, the FASB issued an ASU which simplifies financial reporting for employee benefit plans. This ASU contains three parts. Parts I and III are not applicable to the Plan. Part II eliminates the requirements to (i) disclose individual investments that represent five percent or more of net assets available for benefits, (ii) disclose the net appreciation or depreciation in fair value of investments by type, (iii) disaggregate investments measured at fair value by nature, characteristics, and type, and instead disaggregate them by general type, and (iv) disclose significant investment strategies for an investment in a fund that files an annual report on Form 5500 as a direct filing entity when the investment is measured using net asset value per share as a practical expedient. This ASU is effective retrospectively for fiscal years beginning after December 15, 2015. The Plan adopted this ASU as required for the year ended December 31, 2016, and applied the changes retrospectively to the statement of net assets available for benefits as of December 31, 2015.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note D for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make repayments on a note receivable, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Gains and losses on securities transactions are determined using the average cost method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions

Participant and employer contributions are recorded and credited to each participant's account as received by the trustee from the Company. Any contributions attributable to the Plan year but not received or allocated by the trustee by the last day of the Plan year are recorded as a receivable.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan and fees for benefit payments are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in investment income.

Income Taxes

The Plan received a determination letter from the Internal Revenue Service (IRS) dated June 24, 2011, stating that the Plan and related trust were designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes the Plan is no longer subject to income tax examinations for years prior to 2013.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2017, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION

Notes receivable from participants and investment information disclosed in the accompanying financial statements and supplemental schedules, including notes receivable from participants and investments held at December 31, 2016 and 2015, and net appreciation in the fair value of investments, interest, and dividends for the year ended December 31, 2016 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's investments accounted for at fair value as of December 31, 2016 are summarized below:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Mutual funds	\$4,522,650		\$4,522,650
Self-directed brokerage accounts	<u>1,376,682</u>	<u>\$163,779</u>	<u>1,540,461</u>
Total investments in the fair value hierarchy	<u>\$5,899,332</u>	<u>\$163,779</u>	6,063,111
Investments measured at net asset value			<u>464,288</u>
Total investments at fair value			<u>\$6,527,399</u>

The Plan's investments accounted for at fair value as of December 31, 2015 are summarized below:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Mutual funds	\$4,276,794		\$4,276,794
Self-directed brokerage accounts	<u>1,276,838</u>	<u>\$151,554</u>	<u>1,428,392</u>
Total investments in the fair value hierarchy	<u>\$5,553,632</u>	<u>\$151,554</u>	5,705,186
Investments measured at net asset value			<u>565,729</u>
Total investments at fair value			<u>\$6,270,915</u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Mutual funds are valued at the net asset value of the shares held by the Plan at year end, as reported on the active markets in which the investments are traded.

Common equity securities (self-directed brokerage accounts) are valued at the closing price reported on the active market in which the individual securities are traded.

PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2016 and 2015 and Year Ended December 31, 2016

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Corporate and government bonds (self-directed brokerage accounts) are valued at quoted prices in markets that are not active, broker dealer quotations, or other methods by which all significant inputs are observable, either directly or indirectly.

Common collective trust is valued at the net asset value of shares held by the Plan at year end. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. Net asset value is based on the fair value of the trust's underlying assets, which are principally investment contracts, cash equivalents, and wrap contracts, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

NOTE E - INVESTMENT IN COMMON COLLECTIVE TRUST

The Plan has an investment in the Federated Capital Preservation Fund Service Pricing (the Fund), a common collective trust fund. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balances within the Fund to noncompeting funds on a daily basis. Participant transfers from the Fund to competing investments require a twelve month advance written notice.

NOTE F - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. The Plan Sponsor remitted employee contributions to the custodian late during 2014 totaling \$92. Lost earnings of \$4 on the 2014 contributions were remitted to the Plan in October 2015. The Plan Sponsor remitted employee contributions to the custodian late during 2015 totaling \$1,536. Lost earnings of \$130 on the 2015 contributions were remitted to the Plan on various dates in 2016, with the final amount remitted in October 2016.
