(1) Description of the Plan

The following brief description of The Savage Companies Retirement & Employee Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

Savage Companies and its U.S. subsidiaries (collectively, the “Employer” or the “Company”) established the Plan effective January 1, 1972, under Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan has been amended several times subsequent to its effective date.

Eligibility

The Plan is a defined contribution plan that allows participation in the Plan for all full-time employees who become eligible on the first day of the month following 60 days of employment and part-time employees who have worked at least 1,000 hours in a plan year. Employees covered by certain collective bargaining agreements may participate in the Plan when they meet eligibility requirements.

Contributions

Participants may elect under a salary reduction agreement to contribute up to 100% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain IRC limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Employer matches 25% of participant contributions for participants with less than 2 years of service, 35% for participants with 2-4 years of service, and 50% for participants with over 4 years of service, up to 8% of a participant’s compensation. The Employer may, at its discretion, make an additional contribution to the Plan based on a percentage of each participant’s annual compensation, excluding bonuses and expense allowances. Certain employee groups are excluded from additional discretionary contributions. The Employer contributed 3% of each eligible participant’s base compensation as an additional discretionary contribution for the year ended December 31, 2016.

All eligible employees are automatically enrolled with their deferral set at 3% of before-tax compensation unless they elect otherwise.

Participant Accounts

Each participant’s account is credited with (a) the employee’s contribution, (b) any Employer’s matching contribution, (c) an allocation of the Employer’s discretionary contribution and (d) plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant’s earnings, account balances or specific participant transactions, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant Options for Investments

Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

The Savage Companies Retirement & Employee Savings Plan

Notes to Financial Statements

December 31, 2016 and 2015

Vesting

Employee contributions, Employer matching contributions and earnings thereon, are 100% vested. Employer discretionary contributions vest 20% after two periods of service (a period in which at least 12 cumulative months are worked) and 20% for each additional plan year of service. A participant is, therefore, 100% vested in employer discretionary contributions after six years of such service. Participants also become fully vested in such contributions upon attaining the age of 65 or upon death or disability.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts are used to reduce Employer contributions and pay plan expenses. Forfeitures used to reduce employer contributions during the year ended December 31, 2016 were \$372,000. There was no forfeiture balance as of December 31, 2015. Forfeiture balances as of December 31, 2016 totaled \$841,000. In February 2017, forfeitures of \$970,725 were used to reduce employer discretionary contributions for the year ended December 31, 2016.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated employee with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their vested account balances. Loan terms range from one to thirty years. Each loan is secured by the balance in the participant's account and bears interest at the prevailing market rate at the date the loan is taken. Principal and interest payments are collected ratably through payroll deductions. As of December 31, 2016, interest rates on outstanding loans ranged from 4.23% to 7.54% with various maturity dates through July 2032.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the Statement of Changes in Net Assets Available for Benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

Subsequent Events

The plan administrator has evaluated subsequent events through October 13, 2017, the date which the financial statements were available to be issued.

(3) Tax Status of the Plan

The Plan uses a pre-approved plan document sponsored by the Vanguard Group, which received an opinion. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress.

(4) Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the hierarchy under Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The Plan had no level 3 investments as of December 31, 2016 and 2015.

The asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Common collective trust— Valued at carrying value based on the net asset value (NAV) of the observable market prices of the underlying assets within that account less liabilities.

Mutual funds— Valued at fair value based on the quoted NAV of shares held by the Plan at year end.

Money market mutual fund— Valued at the quoted NAV of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Savage Companies Retirement & Employee Savings Plan
Notes to Financial Statements
December 31, 2016 and 2015

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 105,801,000	\$ -	\$ -	\$ 105,801,000
Money market mutual fund	863,000	-	-	863,000
Common collective trust	-	5,290,000	-	5,290,000
Investments at fair value	<u>\$ 106,664,000</u>	<u>\$ 5,290,000</u>	<u>\$ -</u>	<u>\$ 111,954,000</u>

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 86,329,000	\$ -	\$ -	\$ 86,329,000
Money market mutual fund	12,023,000	-	-	12,023,000
Common collective trust	-	42,000	-	42,000
Investments at fair value	<u>\$ 98,352,000</u>	<u>\$ 42,000</u>	<u>\$ -</u>	<u>\$ 98,394,000</u>

For the years ended December 31, 2016 and 2015, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3.

The following table sets forth the disclosure for the fair value measurement of investments in certain entities that calculate NAV per share as of December 31, 2016 and 2015:

	2016			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust Stable value fund	\$ 5,290,000	\$ -	Daily	Daily

	2015			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust Stable value fund	\$ 42,000	\$ -	Daily	Daily

The stable value fund's objective is to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit.

(5) Information Certified by Plan Custodian

The plan administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by Vanguard Fiduciary Trust Company.

The plan custodian has certified its statement of accounts as of December 31, 2016 and 2015, and for the year ended December 31, 2016. The statement of accounts includes beginning and ending balances of investments held, notes receivable from participants, and detail of all transactions during the period, including investment earnings and interest income on notes receivable from participants.

(6) Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, a money market mutual fund and a common collective trust managed by the custodian, as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions qualify as exempt party-in-interest transactions under ERISA.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

(8) Nonexempt Party-In-Interest Transactions

During 2016, the Company failed to remit to the Plan's trustees certain contributions totaling \$11,513 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors, and the Company will make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delay.
