We were engaged to audit the accompanying financial statements of the Dermalogica, LLC 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. However, because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 7, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2016 is required by DOL Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following description of the Dermalogica, LLC 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provision.

General

The Plan is a defined contribution plan covering substantially all employees of Dermalogica, LLC (the "Company") who are age 21 or older. Employees become eligible to participate in 401(k) salary deferrals after completing one hour of service. Employees who have met the eligibility requirements to participate in the Plan are also eligible to receive employer matching contributions provided that they are employed as of the last day of the Plan year. Employees are also eligible to participate in profit sharing contributions after completing one year of employment consisting of at least 1,000 hours and are employed as of the last day of the Plan year. The Plan provides for the automatic enrollment of eligible participants at a deferral rate of 6% of eligible pay, unless the participant affirmatively elects otherwise. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2015, Dermalogica, LLC became a wholly-owned subsidiary of a publically traded company. There were no changes to the Plan as a result of this business acquisition. Also, during 2015 the sponsoring employer of the Plan was changed to Dermalogica, LLC. As a result, the Plan name was changed from the Dermalogica, Inc. 401(k) Profit Sharing Plan to the Dermalogica, LLC 401(k) Profit Sharing Plan.

Effective January 1, 2016, the Plan document was restated to reflect the provisions of the Pension Protection Act of 2006 as well as recent legislation and regulatory changes. The restatement did not have a significant impact on the existing provisions of the Plan.

Contributions

The Plan permits employees to make pre-tax (regular and catch-up) and Roth (regular and catch-up) contributions. Each year, participants may contribute up to the maximum dollar amount allowed under the Plan subject to Internal Revenue Code limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified plans.

The Company may elect each plan year, by resolution of its Board of Directors, to make discretionary matching contributions equal to 25% of each participant's deferral amount up to a maximum match of the greater of $1,000 or 3% of the respective participant's compensation per plan year. In addition to a matching contribution, the Company may elect each plan year, by resolution of its Board of Directors, to make a discretionary profit sharing contribution to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and allocations of the Plan's earnings, and charged with the participant's withdrawals and allocations of the Plan's losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of Plan (continued)

Vesting

Participants are immediately 100% vested in their salary deferrals and rollover contributions plus earnings thereon. Vesting in matching and profit sharing contributions by the Company is based on years of continuous service. A participant is 20% vested after two years of service and vests an additional 20% per year of service until they are 100% vested after six years of service.

Investment Options

Participants direct both employee deferrals and employer contributions to be invested in various investment options as made available and determined by the Plan administrator, which are more fully described in the Plan literature.

Benefit Payments

Participants may withdraw the vested interest in their account only in the event of termination of employment, retirement, death, disability, financial hardship or when they reach normal retirement age. On termination of employment, a participant may receive cash in one lump-sum payment, or in installments equal to the value of the participant's vested interest in his or her account or a portion of the total vested balance at the participant's discretion. If a participant makes no distribution election upon termination of employment, and the value of their account is less than $5,000, the vested balance of their account may be automatically rolled over into an Individual Retirement Account.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000, up to a maximum of $50,000 or 50% of the vested portion of their account balance, whichever is less. The notes are secured by the balance in the respective participant's account and bear interest at rates that were commensurate with local prevailing rates for similar notes at the time funds were borrowed. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts

Forfeited non-vested accounts may be used to reduce future employer contributions. At December 31, 2016 and 2015, forfeited non-vested accounts were $51,430 and $17,887, respectively. During the year ended December 31, 2016, forfeited account balances of $17,887 were allocated among active participants.

Subsequent Events

Effective January 1, 2017, the Plan was amended to remove the 8.5% maximum deferral limitation imposed on highly compensated participants, the $1,000 maximum limitation placed on the matching contribution, and the requirement to be employed on the last day of the Plan year. Effective July, 1 2017, the Plan was amended to increase the employer matching contribution from 25% of each participant's deferral amount to 50% of each participant's deferral amount, to a maximum employer matching contribution of 3% of compensation, and also revised its vesting provisions so participants are 25% vested after each year of service until 100% vested after four years of service.

Note 1 – Description of Plan (continued)

Subsequent Events (continued)

The Plan has considered subsequent events through October 12, 2017, the date the financial statements were available to be issued, in preparing the financial statements and notes thereto.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment securities, including pooled separate accounts, mutual funds and guaranteed interest accounts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

The Plan is subject to review by certain regulatory authorities. Management does not believe that the effect of such reviews, if any, will have a significant impact on the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

The Plan has guaranteed interest accounts with Principal Life Insurance Company. Principal Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest accounts promise contract value for a benefit event (termination, death, disability and retirement). However, there is a possible surrender charge when funds are withdrawn prior to their maturity. Thus, the guaranteed interest accounts are considered non-benefit responsive.

Note 2 – Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Fair market value is the amount that would be received if the funds were to be withdrawn or transferred within the Plan prior to maturity. This fair market value represents guaranteed interest account contract values adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. This value represents contributions allocated to guaranteed interest accounts, plus interest at the contractually guaranteed rate, less funds used to pay benefits and insurance company administrative expenses.

All withdrawals from the guaranteed account are made on a last-in, first-out basis and are made at either book value, the lesser of book value or market value or market value depending upon the withdrawal type as outlined in the contract. Book value equals the sum of all contributions made to the participant account plus interest owed less all asset charges, fees and any previous withdrawals. The contract, is therefore, included in the financial statements at fair value as reported to the Plan by Principal Life Insurance Company. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment approximates its fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net increase in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Terminated and Defaulted Notes

Notes receivable from participants are terminated when a participant withdraws from the Plan. Any unpaid loan balance will be reduced by the amount of the vested interest in the account balance upon distribution. Notes with any scheduled repayment that remain unpaid by the last day of the calendar quarter following the calendar quarter in which the required payment was due, may be considered by the Plan to be in default.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Plan as provided in the Plan document. However, the Company may also pay the Plan expenses directly. Transaction charges for loan and benefit payment transactions, if any, are paid by the Plan by reducing the balances of those participants initiating the transaction.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Note 2 – Significant Accounting Policies (continued)

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent).* ASU 2015-07 exempts investments measured using the net asset value ("NAV") practical expedient in ASC 820 from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years beginning after December 15, 2016, with a provision for early adoption. The Plan adopted this ASU retrospectively as of December 31, 2015.

In July 2015, FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I of ASU 2015-12 eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of ASU 2015-12 eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type, however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2016, with a provision for early adoption. The Plan adopted Part II of the ASU retrospectively as of December 31, 2015. The adoption did not affect the Plan's reported net assets available for benefits or changes in net assets available for benefits.

Note 3 – Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by Principal Life Insurance Company and was not subjected to any auditing procedures performed by the independent public accountants:

a. Pooled separate accounts, mutual funds and guaranteed interest accounts as of December 31, 2016 and 2015, as indicated in the Statements of Net Assets Available for Benefits;

b. Total investment income, as indicated in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016; and

c. All investment-related information in the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2016.

Note 4 – Related Party Transactions

Certain Plan investments are managed by Principal Life Insurance Company. Principal Life Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to Principal Life Insurance Company for investment management services were $11,600 for the year ended December 31, 2016.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants will become 100% vested in their employer contributions.

Note 6 – Federal Income Tax Status

The Internal Revenue Service has determined and informed the sponsor of the volume submitter document adopted by the Company, by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Per Revenue Procedure 2005-16, a Company adopting such a plan may rely on the volume submitter's letter if the terms of the Plan are followed in operation. Accordingly, this reliance on an IRS opinion letter is equivalent to a favorable determination letter issued to the Company. Although the Plan has been amended since the date of this letter, the Company believes that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Service.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing and other jurisdictions. However, there are currently no audits in progress for any prior tax periods.

Note 7 – Fair Value Measurements

ASC Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: These inputs into the valuation methodology consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Examples of these inputs into the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: These inputs into the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the net asset value of shares held at year end.

Pooled separate accounts: The fair value of the investments in this category has been estimated using the NAV per unit provided by the administrator of the fund. The NAV of these accounts is based on the value of underlying assets owned by the fund, minus liabilities divided by the units outstanding. The NAV is not a publicly quoted price in an active market. There are currently no redemption restrictions on these investments for participants.

Note 7 – Fair Value Measurements (continued)

Guaranteed interest accounts: Guaranteed interest accounts ("GIA") cannot be sold to a third-party, thus, the only option to exit the GIA is to withdraw the funds prior to maturity. The fair value is the discontinuance value which is the amount the plan participant would receive if they transfer or surrender their funds out of the guaranteed interest account prior to maturity. The fair value of the GIAs is computed using a combination of the current interest rates based on remaining investment terms at the reporting date as well as the interest rate on the account. If the applicable interest rate is greater than the interest rate on the account, the fair value is the contract value reduced by a percentage. This percentage is equal to the difference between the applicable interest rate and the interest rate on the account, multiplied by the years (including fractional years) until the maturity date. If the applicable interest rate is equal to or less than the interest rate on the account, the fair value is equal to the contract value. The following table provides information about significant unobservable inputs related to the Plan's investment in the guaranteed interest accounts, which are categorized as Level 3 in the ASC Topic 820 fair value hierarchy.

Contract Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range of Crediting
Guaranteed interest	$401,996	Assumed proceeds at discontinuance	- Interest rates - Accounts maturing through 12/31/20	0.20% - 1.14%

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at December 31, 2016 and 2015.

Note 7 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2016 and 2015:

December 31, 2016	Level 1	Level 2	Level 3	Total
Mutual funds	$ 421,011	$ -	$ -	$ 421,011
Guaranteed interest accounts	-	-	401,996	401,996
	$ 421,011	$ -	$ 401,996	823,007
Investment measured at net asset value as practical expedient:				
Pooled separate accounts				25,712,292
				$ 26,535,299

December 31, 2015	Level 1	Level 2	Level 3	Total
Mutual funds	$ 596,873	$ -	$ -	$ 596,873
Guaranteed interest accounts		-	177,455	177,455
	$ 596,873	$ -	$ 177,455	774,328
Investment measured at net asset value as practical expedient:				
Pooled separate accounts				23,939,199
				$ 24,713,527

Changes in economic conditions or valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2016 and 2015, there were no transfers in or out of levels 1, 2 or 3.

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2016 and 2015:

	Guaranteed Interest Accounts
Balance at January 1, 2015	$ 148,797
Realized/unrealized gains, net	1,122
Purchases	28,073
Settlements/transfers	(537)
Balance at December 31, 2015	177,455
Realized/unrealized gains, net	1,431
Purchases	16,157
Settlements/transfers	206,953
Balance at December 31, 2016	$ 401,996

Note 8 – Reconciliation of Plan Financial Statements to the Form 5500

The Annual Return / Report of Employee Benefit Plan (the "Form 5500") is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of the Form 5500 differ from those included in these financial statements. The ending net asset balances are reconciled as follows:

	2016	2015
Net assets as presented in these financial statements	$27,372,953	$ 25,718,346
Participant contributions receivable not included in Form 5500	(66,630)	(70,978)
Net assets as presented in Form 5500	$27,306,323	$ 25,647,368

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended December 31, 2016 to Form 5500:

Increase in net assets available for benefits as presented in these financial statements	$ 1,654,607
Participant contributions receivable at December 31, 2015, included in Form 5500	70,978
Participant contributions receivable at December 31, 2016, not included in Form 5500	(66,630)
Increase in net assets available for benefits as presented in Form 5500	$ 1,658,955
