MECHANICAL PARTNERS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

1. **Description of Plan**

The following description of the Mechanical Partners, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Mechanical Partners, Inc. (the "Company") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company. All employees of the Company who have completed at least three months of service, as defined in the Plan, and are twenty-one years of age or older are eligible to participate. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration - The Plan is administered by the Pension Committee which is appointed by the Board of Directors of the Company. The Plan's custodian, Massachusetts Mutual Life Insurance Company, (the "Custodian"), is responsible for the custody and management of the Plan's assets. The Company absorbs significant costs of the plan administration.

Contributions - Each year, participants may contribute up to 90 percent of their pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (except rollovers of after-tax employee contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company may make matching contributions equal to a discretionary percentage to be determined by the Company of the Participants salary reduction as well as nonelective discretionary contributions. Contributions are subject to certain limitations.

Participant Accounts - Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations are based on the ratio of each participant's contribution to the total contributions of all participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

MECHANICAL PARTNERS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

1. **Description of Plan (continued)**

Participant Loans - Participants may borrow from their fund accounts. Participant loans are limited to 50 percent of a participant's vested account balance or \$50,000, whichever is less. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms range from one to five years, or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates currently range from 5.25 to 5.5 percent. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a partial withdrawal. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts - As of December 31, 2016 and 2015, there were no forfeited nonvested accounts. These accounts will be used to reduce future employer contributions and plan expenses.

2. **Summary of Significant Accounting Policies**

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value except for its investment contract which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

MECHANICAL PARTNERS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

2. **Summary of Significant Accounting Policies (continued)**

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Participant loans - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan Document.

Expenses - Some operating expenses related to Plan administration are paid by the Company and are therefore excluded from these financial statements.

Excess contributions - The plan had no excess contributions payable to participants as of December 31, 2016 and 2015.

Reclassifications - Certain 2015 amounts have been reclassified to conform to the 2016 presentation.

3. **Investment Contract with Insurance Company**

The Plan is funded with a Group Annuity Contract issued by Massachusetts Mutual Life Insurance Company ("MassMutual"). The contract offers a General Account plus various Separate Accounts, offering mutual funds from a variety of investment managers. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that the issuer guaranteed to the Plan.

MECHANICAL PARTNERS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

3. **Investment Contract with Insurance Company (continued)**

Because the general account contract is a traditional, fully benefit-responsive guaranteed investment contract, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The general account contract is presented on the face of the statement of net assets available for benefits at contract value.

Contract value, as reported by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Contract value of the investment contract as of December 31, 2016 and 2015, was \$46,696 and \$38,283, respectively.

Certain events may limit the Plan's ability to transact at contract value with MassMutual. Such events include complete or partial termination of the Plan, bankruptcy of the Plan sponsor or other Plan sponsor events which result in a significant withdrawal from the Plan, or the failure of the Plan trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Further, certain events may allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include a breach of the Plan's investment guidelines, a material amendment to the contract without the issuer's consent, a violation of a material obligation under the contract, or a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The crediting interest rate, which reset semi-annually, is based on a formula agreed upon with the issuer, with a guaranteed minimum interest rate.

	<u>2016</u>	<u>2015</u>
Average yields:		
Based on actual earnings	1.60%	1.60%
Based on interest rate credited to participants	1.60%	1.60%

MECHANICAL PARTNERS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

4. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

5. **Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has since been amended, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

6. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. **Subsequent Events**

Generally accepted accounting principles defines the period after the balance sheet date during which management shall evaluate events or transactions that may occur for potential recognition or disclosure, the circumstances under which an organization shall recognize events occurring after the balance sheet date and the disclosures that an organization shall make about those events or transactions. Management evaluated all events and transactions that occurred after December 31, 2016 and through October 14, 2017, the date which the financial statements were available to be issued. The Plan did not have any material recognizable subsequent events during this period.

MECHANICAL PARTNERS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

8. **Related party transactions**

Certain plan investments are shares of mutual funds managed by Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company is the custodian of the Plan's assets and, therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan to MassMutual for the years ending December 31, 2016 and 2015, totaled \$4,012 and \$3,731, respectively.

9. **Investments**

10. **Fair Value Measurements**

Generally Accepted Accounting Principles establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan measures fair value using Level 1 and Level 2 inputs.

Level 1 Fair Value Measurement

The fair value of the money market funds and mutual funds are based on 100% of the price of the underlying investment funds.

Level 2 Fair Value Measurement

The fair value of participant loans represents the outstanding principal balance taking into account the applicable interest rate.

10. **Fair Value Measurements (continued)**

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.
