Notes to Financial Statements

1. Description of the Plan

The following description of the RoundTower Technologies, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of RoundTower Technologies, LLC (formerly RoundTower Technologies, Inc.) (the Company) who are age 21 or older. Eligible employees may enter the Plan on the first day of the month following the completion of the eligibility requirements. Eligible employees may receive safe harbor contributions from the Company after at least 500 hours of service during the Plan year or are employed by the Company on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

American Pension Benefits (APB) is the third party administrator of the Plan as of December 31, 2016 and 2015. Mid Atlantic Trust Company (Mid Atlantic) is the record-keeper and custodian of the Plan assets, invests all contributions, and allocates to each participant account its proportionate share of the funds' investment earnings as of December 31, 2016 and 2015. The Plan was established effective January 1, 2009 and was amended and restated as of May 1, 2015.

Contributions

The Plan is primarily funded through employee elective wage deferrals under the deferred compensation provisions of the Internal Revenue Code Section 401(k). Each year, participants may elect to defer up to 100% of their pretax annual compensation, as defined by the Plan, not to exceed the annual limitation as defined by the Internal Revenue Service. A participant who has attained age fifty before the end of the Plan year is eligible to defer additional amounts to make catch-up contributions. Additionally, Roth elective deferrals are permitted by the Plan.

The Company make annual safe harbor contributions of at least 3% of each eligible employee's compensation up to ERISA's annual compensation limit. During 2016 and 2015, the Company made safe harbor contributions totaling \$901,400 and \$577,488, respectively. The Company's contribution is paid subsequent to year end and to be eligible, all qualifying participants must have been employed and have participated in the Plan during the year.

The Company may, in its sole discretion, make profit sharing contributions to the Plan. During the years ended December 31, 2016 and 2015, no profit sharing contributions were made to the Plan.

Participants direct the investment of their contributions as well as the Company's contribution into various investment options offered by the Plan. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans.

Excess Contributions Payable

The Company performs certain participant discrimination testing annually in accordance with ERISA. There were no excess contributions as of December 31, 2016 and 2015 as a result of this testing.

RoundTower Technologies, Inc. 401(k) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, and Plan earnings. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and safe harbor contributions plus any actual earnings thereon. Vesting in the Company's profit sharing contribution portion of participant accounts plus earnings thereon, is based on years of service. A participant is fully vested after six years of credited service. The nonvested balance is forfeited upon termination of services.

The exception to this vesting schedule is when the employee terminates as a result of death or disability, reaches normal retirement age or when Plan terminates, at which time the employee becomes fully (100%) vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 reduced by the excess (if any) of (i) the highest outstanding balance of loans from the Plan during the twelve month period ending on the day before the loan is made, over (ii) the outstanding balance of loans from the Plan on the date the loan is made or 50% of their vested account balance, whichever is less. A maximum number of one outstanding loan is allowed per participant at any time. Loan terms are not to exceed 5 years, with the exception of loans used for the purchase of a principal residence of the participant, which are limited to a period consistent with commercial home loan practices. The loans are secured by the balance in the participant's accounts and bear interest between 4.25% and 4.50% at December 31, 2016 and 2015, which is determined at loan inception by the Plan administrator based on the prime rate plus 1.00%. During 2016 and 2015, principal and interest were paid ratably through weekly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or normal retirement, a participant, or his or her beneficiary upon death may receive benefits in a single lump-sum amount equal to 100% of the participant's vested account balance. Normal retirement age is 65; early retirement is not permitted. For termination of service due to normal retirement, or other reasons, a participant may elect whether to receive the value of the vested interest as a single lump-sum distribution or to roll over the distribution to another retirement plan such as an individual retirement account.

Financial hardship withdrawals

Financial hardship withdrawals of a participant's deferral contributions are permitted in certain circumstances of immediate and heavy financial need.

RoundTower Technologies, Inc. 401(k) Plan

Notes to Financial Statements

Automatic Cash-Out Provisions

The Plan includes automatic cash-out provisions. These provisions provide for terminated participants with vested balances of less than \$5,000 to take a distribution as soon as practicable following their termination of employment. The participant may elect whether to receive the distribution or to roll over the distribution to another retirement plan such as an individual retirement account. The Plan allows for involuntary cash-outs for terminated participants with vested balances of \$1,000 or less.

Forfeitures

At December 31, 2016 and 2015, no forfeited non-vested accounts existed. At the discretion of the Company, forfeitures may be used towards the Company's safe harbor or profit sharing contribution to the Plan or to offset Plan expenses.

Plan Expenses

All administrative expenses of the Plan are paid by either the Plan out of forfeitures or the Company, except for loan and distribution origination fees, which are paid by the respective participant. Fees paid by the Plan for recordkeeping totaled \$26,671 and \$23,552 for the years ended December 31, 2016 and 2015, respectively.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

RoundTower Technologies, Inc. 401(k) Plan

Notes to Financial Statements

Risks and Uncertainties

The Plan provides for various investment securities. These investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level and uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements as of December 31, 2016 and 2015.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Events occurring after Reporting Date

The Company has evaluated events and transactions that occurred between December 31, 2016 and October 11, 2017, which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements.

Subsequent to year-end, all investments and notes receivable were transferred to Fidelity Investment Group, who became the Plan administrator and custodian effective January 1, 2017.

3. Investments (Unaudited)

All investment and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedules, including investments and participant notes receivable as of December 31, 2016 and 2015 and the transactions in such Plan investments and participant notes receivable for the years then ended has been certified to the plan administrator by Mid Atlantic Trust Company, the custodian of the Plan as of December 31, 2016 and 2015. As elected by the plan administrator, no auditing procedures have been performed on this information except to compare such information to the information included in the accompanying financial statements.

4. Plan Tax Status

The Plan obtained its latest determination letter on September 30, 2014, in which the Internal Revenue Service stated that the prototype non-standardized profit sharing plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the tax authorities. A recognized tax position is then measured at the largest amount of benefit that is greater than 50% likely of being realized upon settlement.

RoundTower Technologies, Inc. 401(k) Plan

Notes to Financial Statements

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Additionally, the Plan had no interest and penalties related to income taxes.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Fair Value Measurements

The Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosure* defines fair value, provides guidance for measuring fair value, and expands disclosures about fair value measurements in accordance with accounting principles generally accepted in the United States of America. *Fair Value Measurements and Disclosure* does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

Fair Value Measurements and Disclosure establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Mutual funds: Mutual funds are valued at the fair value of shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	Fair Value Measurements at Reporting Date Using			
<i>December 31, 2016</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,329,609	\$ -	\$ -	\$ 6,329,609
Total assets at fair value	\$ 6,329,609	\$ -	\$ -	\$ 6,329,609

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	Fair Value Measurements at Reporting Date Using			
<i>December 31, 2015</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,075,517	\$ -	\$ -	\$ 4,075,517
Total assets at fair value	\$ 4,075,517	\$ -	\$ -	\$ 4,075,517
