I. DESCRIPTION OF PLAN

The following description of the Alkon Corporation Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Alkon Corporation and Star Hydraulics LLC (collectively the "Company" or "Employer") who meet minimum age and service requirements. For employee salary deferrals and employer matching contributions, the employee must have attained age 21 and completed one year of service. Payroll deferrals may begin on the first day of the Plan year quarter following the date when eligibility requirements are satisfied. For the employer profit sharing contributions, the employee must have completed at least 1,000 hours of service during the first twelve consecutive months of employment with the Company, and be a participant on the last day of the plan year.

The Plan has adopted an automatic deferral election, where upon becoming eligible to make salary deferrals, the employee will become a Participant in the Plan, and will be deemed to have entered into a salary deferral election at a rate of four percent. Employees have an option to opt out from this automatic enrollment.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Salary Deferral Contributions and Employer Matching - Employees can make pre-tax or ROTH elective salary deferral contributions up to 50% of their Plan compensation, subject to IRS limits. Participants age 50 or older before year end are permitted to make catch-up contributions to the Plan. The additional contribution is permitted once the participant's maximum contribution has been reached. For the 2016 Plan year, the catch-up contribution limit was \$6,000. Matching contributions are discretionary and are determined as a percentage of salary deferrals employees make during the year or a uniform dollar amount. During the plan year ended December 31, 2016 the Company made matching contributions of \$93,139.

Profit Sharing Contribution - The Company reserves the right to make an elective contribution each year, and allocate it to participants' accounts based on a uniform formula based on compensation. For the plan year ended December 31, 2016, the Company did not elect to make a profit sharing contribution.

Rollover Contributions - The Plan may receive rollover contributions on behalf of an employee. Acceptance of a rollover contribution shall be subject to the approval of the plan administrator, and in accordance with the Plan Document.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, an allocation of the Company's elective profit sharing contribution, and plan earnings. Earnings are allocated based on account balances.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2016, and for the Year Ended December 31, 2016

I. DESCRIPTION OF PLAN (Continued)**Investment Options**

Participants direct the investment of their account balance and future contributions into various investment options offered by the Plan. Upon enrollment in the plan, a participant may select any combination of investment options consisting of registered investment companies (mutual funds) and a group annuity contract. Participants may change their investment options at any time.

Vesting

Participants are immediately vested in their salary deferrals and rollover contributions, plus actual earnings thereon. Vesting in profit sharing and matching contributions is based on years of continuous service. A participant is 100 percent vested after four years of credited service. Participants become fully vested after reaching early retirement age, and upon termination of service due to death or disability.

Notes Receivable from Participants

Participants may borrow from their vested account balances up to a maximum of the lesser of \$50,000 or 50 percent of their available balance, as prescribed in the Participant Loan Program. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant note fund. Loan terms range from one to five years, unless the proceeds of the loan are used to purchase a primary residence. Loans are secured by balances in the participants' accounts. Interest rates on all outstanding loans were 3.5% - 5.25%. Principal and interest are paid ratably through periodic payroll deductions, or by personal checks received from terminated employees.

Payments of Benefits

Upon termination of employment, a Participant may elect to receive a lump-sum distribution of his/her entire vested account balance, a partial lump-sum, or an installment distribution in accordance with the Plan Document. Participants who are still employed by the Company have an option to request a hardship distribution. In service distributions are permitted by the Plan for eligible participants.

Forfeitures

Forfeitures are used to pay Plan expenses, and to reduce employer and/or matching contributions. Additionally, forfeitures could be used to restore the non-vested portion of the account balance for Participants who resume employment with the Company within certain time limits. For the year ended December 31, 2016, net forfeitures amounted to \$813.

II. SUMMARY OF ACCOUNTING POLICIES**Date of Management's Review**

The Plan's management has evaluated subsequent events through October 13, 2017, the date which the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS**As of December 31, 2016, and for the Year Ended December 31, 2016****Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant loan is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The shares of the registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The shares of the group annuity contract are valued based on market data obtained from sources independent of the Plan. See note III for a discussion of fair value measurement.

The Standard Stable Asset Fund ("SAF") is a group annuity contract that meets the five conditions to be considered fully benefit-responsive. Because the SAF has no stated maturity dates, the amount payable on demand is the contract value (except for any charges that may arise in contract discontinuance) and the interest rate is reset monthly, again with no maturity dates on balances, it is the Custodian's position that the contract value of the SAF is equal to the fair value per FASB standards. Since contract value is fair value according to FASB standards, the average yield earned by the plan is equal to the average yield earned by the plan adjusted to reflect the actual interest rate credited to plan participants.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of the IRC limits. There were no excess contributions for the year ended December 31, 2016.

Investment Options

Participants direct the investment of their account balance and future contributions into various investment options offered by the Plan. Upon enrollment in the plan, a participant may select any combination of available investment options consisting of mutual funds and a group annuity contract. If no selection is made, the contribution is invested in the Putnam Dynamic AA Balanced fund. Participants may change their investment options at any time.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2016, and for the Year Ended December 31, 2016

III. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles define fair value, establish a framework for measuring fair value, and establish a fair value hierarchy that prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell an asset or transfer a liability occurs in the principal market for the asset or liability, or in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels:

Level 1 - Quoted prices in active markets for identical assets at the measurement date. The fair value of registered investment companies is based on quoted net asset values on the shares held by the Plan at year end.

Level 2 - Observable inputs other than quoted prices for the asset, either directly or indirectly observable, that reflect assumptions market participants would use to price the asset based on market data obtained from sources independent of the Plan. This may include matrix pricing, yield curves and indices.

Level 3 - Unobservable inputs that reflect the Plan's own assumptions about the assumptions market participants would use to price the asset based on the information available in the circumstances. The fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2016:

	Fair Value	Fair Value Measurements Using:		
		Quoted Prices In Active Markets For Identical Assets (Level 1)	Observable Inputs Other Than Quoted Market Prices (Level 2)	Significant Unobservable Inputs (Level 3)

IV. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2016 and for the year ended December 31, 2016, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Charles Schwab, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certification from the trustee that such information is complete and accurate:

Statement of Net Assets:	2016
Investments at Fair Value	\$ 5,099,145
Notes Receivable from Participants	195,514
Statement of Changes in Net Assets:	2016
Net appreciation in fair value of investments	\$ 252,418

Supplemental Schedule

All investment related information included in the supplemental schedule of assets held at year end.

Notes III and IV

All investment balances and information.

V. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100 percent vested in their accounts.

VI. PLAN QUALIFICATION

The Plan has adopted a PPA Prototype Style Volume Submitter plan type. The Plan is not required to obtain its own determination letter because it relies on the opinion letter obtained by the volume submitter. Although the Plan has been amended since the issuance of the determination letter, the Plan's administrator and tax counsel believe the plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2016, and for the Year Ended December 31, 2016

VII. RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

II. TAX STATUS

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities. There are currently no audits for any tax period in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

IX. PLAN MERGER

On January 4, 2016, the Star Hydraulics LLC 401k Plan was merged into the Alkon Corporation Profit Sharing Plan & Trust. Prior to the merger, the plans covered eligible employees at the Alkon Corporation and its subsidiary, the Star Hydraulics LLC. The transferred net assets have been recognized in the accounts of the Alkon Corporation Profit Sharing Plan & Trust plan as of January 4, 2016, at their balances as previously carried in the accounts of the Star Hydraulics LLC 401k Plan. The changes in net assets of the combined plans are included in the accompanying statement of changes in net assets available for benefits from January 1, 2016. A summary of the transferred net assets follows:
