Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Polymer Group, Inc. Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with ERISA.

Respectfully submitted,

1. Description of the Plan

The following description of the Polymer Group, Inc. Retirement Savings Plan (the Plan) provides only general information. The Plan sponsor, Chicopee, Inc., is a wholly-owned subsidiary of the Polymer Group, Inc. (the Employer). Participants should refer to the summary Plan description or Plan document for a more complete description of the Plan's provisions.

By action of its Board of Directors, Chicopee, Inc., merged the Plan with the Berry Plastics Employees 401(k) Retirement Plan (the Berry Plan). This merger became effective December 30, 2016 and all employees in the Plan became eligible to participate in the Berry Plan effective January 1, 2017. All Plan assets were transferred to the trustee of the Berry Plan and all assets of the Plan were invested in comparable funds under the Berry Plan. Participants affected by the merger were 100% vested as of the effective merger date.

General

The Plan was a defined contribution plan, under section 401(k) of the Internal Revenue Code (IRC) (the Code), covering employees of the following subsidiaries of Polymer Group, Inc.: Chicopee, Inc., FiberTech Group, Inc., FNA Polymer Corp., FNA Acquisition, Inc., Poly-Bond, Inc., and Fabrene Corp and Fiberweb plc. The Plan covered all employees of these subsidiaries who had three months of service and were not independent contractors, leased employees, nonresident aliens, paid by third-parties or nondomestic payrolls, or were covered by a collective bargaining agreement that did not specifically allow participation under the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Plan participants could elect to contribute between 1% and 50% of their annual compensation subject to certain limitations. The Employer matched participant contributions using a formula based on the participant's classification. The Employer could, at its discretion, make contributions to the Plan. The Employer could also contribute a nonelective contribution on behalf of eligible participants in an amount equal to 3% of the base compensation of all participants under the Plan.

Upon enrollment in the Plan, participants could designate how their contributions and those of the Employer were to be apportioned among the investment options. Participants had the option to retain, for a fee, an investment advisory service to manage asset allocation. The cost of the service was based upon the asset balance in the participant account and the fee was charged against the individual participant account.

1. **Description of the Plan (cont.)**

Participant Accounts

Each participant's account balance was credited with an allocation of Plan investment results and Employer contributions, and charged with an allocation of administrative expenses. Allocations were based on the participant's compensation or account balances, as defined.

Vesting

Participants were immediately vested in their own contributions plus actual earnings thereon. Vesting in the Employer's matching contribution portion of their accounts was based on years of continuous service. A participant's vesting percentage increased 20% each year after the first year of service, up to 100% after five years of credited service. Participants were immediately vested in Employer nonelective contributions.

Forfeitures

Forfeited accounts were used to reduce subsequent Employer contributions to the Plan or to pay administrative expenses. At December 31, 2016 and 2015, forfeited nonvested accounts totaled $0 and $113,060, respectively. In 2016 and 2015, Employer contributions were reduced by $117,667 and $40,005 from forfeited nonvested accounts, respectively.

Payment of Benefits

On termination of service, a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments until the balance was depleted.

Notes Receivable from Participants

Participants could borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account and bore interest at prime plus 1%, or as determined by the Plan administrator based on periodic evaluations of interest rates. Loan terms ranged from one to five years or up to ten years for the purchase of a primary residence. Principal and interest payments were made through payroll deductions based on an amortization schedule.

Administrative Expenses

Pursuant to provisions of the Plan, expenses incurred in the administration and operation of the Plan could be paid by the Employer at the Employer's election, except for certain account activity charges which were paid from the accounts of the participants that incurred the charges.

1. **Description of the Plan (cont.)**

Administrative Expenses (cont.)

A revenue sharing agreement was in place whereby investment fees earned by the custodian based upon a percentage of assets under management were shared with the Plan to be used to pay fees.

2. **Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value, including the common collective trust, which holds indirect investments in fully benefit-responsive investment contracts.

Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of the fair value measurements.

Purchases and sales were recorded on a trade-date basis. Interest was recorded when earned and dividends were recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represented participant loans that were recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants was recorded when it was earned. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses was recorded as of December 31, 2015. If a participant ceased to make loan repayments and the Plan administrator deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded.

2. Summary of Significant Accounting Policies (cont.)

Payment of Benefits

Benefits were recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2017, the date these financial statements were available to be issued.

3. Information Prepared and Certified by the Trustee

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, the trustee of the Plan, provided a certification that the financial information included in the financial statements as of December 31, 2016 and 2015 and for the year ended December 31, 2016, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements as of December 31, 2016 and 2015, and for the year ended December 31, 2016, is covered by such certification and has not been audited by independent auditors.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (cont.)

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes to the methodology used at December 31, 2015.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that are registered. These funds were required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Collective Trusts - Valued at the NAV as the practical expedient, inclusive of net investment gains or losses, based on information provided by the trustee and using the audited financial statements of the collective trusts at year-end. The investment objectives of the funds included in this class of investments were to approximate as closely as practicable, before expenses, the performance of certain widely observed indices over the long term, while providing participants the ability to purchase and redeem units at will. Generally, neither of the individual investment funds that comprise this class of investment contain redemption restrictions that would prevent or considerably delay a participant from redeeming his or her investment at any point of participation in the fund. As of December 31, 2015, there were no unfunded obligations with respect to any of the funds in this investment category.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan investment assets at fair value as of December 31, 2015.

Investment Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 65,719,120	$ -	$ -	$ 65,719,120
Collective trusts measured at net asset value*	-	-	-	53,655,419
Total investments at fair value	$ 65,719,120	$ -	$ -	$ 119,374,539

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Income Tax Status

The Plan used a prototype plan document. The prototype plan received its latest opinion letter on October 20, 2011, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan had been amended since the prototype plan received its opinion letter. However, the Plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party Transactions

Certain Plan investments were shares of mutual funds and common trust funds managed by Wells Fargo Bank, N.A. Wells Fargo was the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants were also defined by ERISA as party-in-interest transactions.

7. Risk and Uncertainty

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities occurred in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
