1. DESCRIPTION OF THE PLAN

The following description of the Joffrey's Coffee and Tea Company (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established effective January 1, 2003, is a defined contribution plan covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees of the Company who have 6 consecutive months of employment are eligible to participate in the Plan. The Plan provides for entry dates as of the first day of the month coinciding with or the next following the date that eligibility requirements are fulfilled.

Effective September 1, 2014, the Plan was amended and restated to comply with all applicable laws and regulations.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. For the years ended December 31, 2016 and 2015, the Company authorized a safe harbor match of 100% of elective deferrals up to 4% of compensation. The Company may authorize additional Qualified Non-Elective Contributions at the option of the Company's Board of Directors. During the years ended December 31, 2016 and 2015, no such elections were authorized by the Board of Directors. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor matching contributions, as well as allocations of the Company's discretionary profit sharing and matching contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are not paid by the Company. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon, as well as the safe harbor matching contributions and additional qualified non-elective contributions..

1. DESCRIPTION OF THE PLAN – CONTINUED

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at reasonable rates as determined by the plan administrator based on the prevailing rates charged by persons in the business of lending money for banks which would be made under similar circumstances. Loan terms generally range from 1 to 5 years with longer terms allowed if the loan is for the purchase of a residence. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. The Plan also provides for in-service distributions upon a qualified hardship, attainment of normal retirement age of 65, or at age 59-1/2. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the common/collective trust, which is a fully benefit responsive investment contract reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent Accounting Pronouncements
In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using net asset value ("NAV") practical expedient in Accounting Standards Codification 820 Fair Value Measurement, from categorization within the fair value hierarchy. This guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard at December 31, 2016. Accordingly, the amendment was retrospectively applied resulting in the removal of the common/collective trust funds from the fair value hierarchy.

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. This three part ASU simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively, with early application permitted. At December 31, 2016, management elected to early adopt Part I and II. Accordingly, the amendments were applied

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

resulting in the elimination of the notes disclosing investments representing more than 5% of the Plan's net assets and the net appreciation/depreciation by investment type. The amendment also eliminated the requirement to adjust the stable value fund from contract to fair value. Part III is not applicable to the Plan.

3. INFORMATION CERTIFIED BY TRUSTEE

All investment information regarding the Plan as of December 31, 2016 and 2015 and for the year ended December 31, 2016, included in the Plan's financial statements and supplementary schedules, was prepared by or derived from information provided by PNC Bank, NA, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certification from the trustee that such information is complete and accurate.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS – CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2016 and 2015:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be more actively traded.

Common/collective trust funds: Valued at NAV based upon the underlying investments held by the fund. Exchange traded funds traded on a recognized security exchange are valued at the last reported sales price that day or the official closing price, if applicable. .

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2016 and 2015:

	As of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Investsments at fair value hierarchy				
Mutual funds	$ 1,208,842	$ -	$ -	$ 1,208,842
Investments measured at NAV:				
Common/collective trust funds [(a)]				719,204
Total investments at fair value	$ 1,208,842	$ -	$ -	$ 1,928,046

	As of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Investsments at fair value hierarchy				
Mutual funds	1,167,814			$ 1,167,814
Investments measured at NAV:				
Common/collective trust funds [(a)]				459,576
Total investments at fair value	$ 1,167,814	$ -	$ -	$ 1,627,390

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. Also, in accordance with the adoption of ASU 2015-12, as disclosed in Note 3, if an investment is measured using the NAV per share (or its equivalent) as the practical expedient in ASC Topic 820 and that investment is in a fund that files a Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by the trustee (see Note 3), as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment as they are paid through revenue sharing rather than a direct payment.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

7. TAX STATUS

The IRS has determined and informed the plan sponsor by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, plan management believes that the Plan is designed and being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax position taken by the Plan and has concluded that, as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. PROHIBITED TRANSACTIONS

During 2016, the Company determined that certain amounts of participant deferrals were not remitted to the Plan in accordance with the Department of Labor's rules regarding the timeliness of depositing such employee contributions, representing a non-exempt loan of funds to the Company from the Plan. At December 31, 2016, all of the funds were transferred to the Plan and the lost earnings were not material to the financial statements.

10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 21, 2017, the date on which the financial statements were available to be issued.
