NOTE A – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES

The following description of Green Tree School 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution retirement plan covering substantially all employees of Green Tree School (the Company) who have completed one year of service with at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan became effective July 1, 2006. The plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

2. Contributions

Participants direct the investment of their contributions into various investment options offered by the Plan. Each year, participants may contribute up to limits set by the Internal Revenue Service (IRS). Participants may also make contributions representing distributions from other qualified defined benefit or defined contribution plans, (rollover). A discretionary matching contribution may be made by the Company as determined by the Company's members. For the year ended December 31, 2016, the matching contribution was equal to 50% of a participant's deferral on the first 6% of the participant's eligible salary. Qualified non-elective contributions are allowed to be made by the Company. There were no qualified non-elective contributions during the year ended December 31, 2016. Company contributions are invested in the same manner as those directed by the participants.

3. Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of, Company contributions, the Plan earnings and losses and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary and matching contribution portion of their accounts plus actual earnings thereon is based on years of service. Participants are 25% vested after two years of service and vesting increases 25% for each additional year of service until fully vested after five years of service. Upon normal retirement, death, disability or early retirement while employed with the Company, the participant becomes 100% vested.

NOTE A – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES – Continued

5. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

6. Benefits

On termination of service due to death, disability, or retirement, a participant or the participant's estate or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in the participant's account, a single sum distribution of a portion of their vested balance, or installments for a specified term. If the vested account balance is less than $1,000, it will be paid in a lump sum. In service distributions for participants 59 ½ are permitted and upon proof, to the satisfaction of the plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose from a participant's account. Benefits are recorded when paid.

7. Forfeited Accounts

Forfeitures are used to reduce Company contributions or offset Plan administrative expenses. During the year ended December 31, 2016, there were no forfeitures applied to Company contributions. At December 31, 2016 and 2015, forfeited non-vested accounts totaled $10,943 and $3,682, respectively.

8. Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to 50% of their vested account balance up to $50,000. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with rates charged for similar loans by commercial lenders as determined by the Plan administrator, which ranges from 4.25% to 4.5%. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

9. Administrative Costs

Certain expenses of maintaining the Plan are paid by the Plan, unless paid by the Company. Expenses paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment related expense are included in the net appreciation of fair value of investments.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE A – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES – Continued

11. Investment Valuation

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees and insurance company. See Note E for discussion of fair value measurements.

12. Revenue Policy

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

13. Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2017, the date the financial statements were available to be issued.

NOTE B – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event that the Plan is terminated, the value of all interests shall be determined and distributed as if each participant had retired.

NOTE C – TAX STATUS

The Plan qualifies for tax exemption under Section 401(a) of the Internal Revenue Code (IRC). The plan administrator believes that since the Plan is currently using the prototype plan from AccuDraft, Inc., which has been approved by the IRS, it is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE D – INFORMATION CERTIFIED BY CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments, notes receivable from participants held, at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Massachusetts Mutual Life Insurance Company (Mass Mutual), the custodian of the Plan for the year ended December 31, 2016 and 2015. Investment balance information is included in Note E.

NOTE E – FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The hierarchy includes three levels. Level 1 includes instruments whose inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 2 includes instruments whose inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 includes instruments whose inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate accounts: Valued at the net asset value, as a practical expedient, based on the market value of the underlying investments. The net asset value is not a publicly-quoted price in an active market. The underlying investments in the pooled separate accounts are mutual funds.

	Assets at Fair Value as of December 31, 2016			
Description	(Level 1)	(Level 2)	(Level 3)	Total
Pooled separate accounts	$ -	$ 740,539	$ -	$ 740,539
Total	$ -	$ 740,539	$ -	$ 740,539

	Assets at Fair Value as of December 31, 2015			
Description	(Level 1)	(Level 2)	(Level 3)	Total
Pooled separate accounts	$ -	$ 835,677	$ -	$ 835,677
Total	$ -	$ 835,677	$ -	$ 835,677

NOTE F – EXCESS CONTRIBUTIONS REFUNDABLE

At December 31, 2016 and 2015, payables of $71 and $5,351 are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the IRS. The amounts are recorded as a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

NOTE G – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Mass Mutual is the custodian and record keeper for the Plan. Transactions between the Plan and Mass Mutual related to these services qualify as party-in-interest transactions. Fees paid by the Plan to Mass Mutual for custodial and record keeping service were $2,368 for the year ended December 31, 2016.
