INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Toyota-Lift of Los Angeles 401(k) Plan
Santa Fe Springs, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Toyota-Lift of Los Angeles, Inc 401(k) Plan (the "Plan"), which comprise the statement of net assets available for plan benefits as of December 31, 2016 and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Sentry Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2016, and for the year ended December 31, 2016, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

TOYOTA-LIFT OF LOS ANGELES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31 2016

1. DESCRIPTION OF THE PLAN

The following description of the Rebas, Inc dba Toyota-Lift of Los Angeles. (the "Company") 401(k) Plan, the Toyota-Lift of Los Angeles 401(k) Plan (the "Plan") provides general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all non-union employees of the Company who have six months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

Contributions

Each year, eligible participants may contribute a portion of their pretax annual compensation, subject to Internal Revenue Code dollar limits, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute (rollover) amounts representing pre-tax distributions from other qualified defined benefit or defined contribution plans. Contributions to the plan, are invested at the direction of the participants. The Company may also make a discretionary matching contribution equal to a uniform percentage or dollar amount of the elective deferrals each Plan Year. Each year, the Company will determine the formula for the discretionary matching contribution.

Participant Accounts

Each participant's account is credited or charged with his or her contributions and allocations of Company contributions, investment earnings or losses and trustee administrative fees. Allocations are based on participant earnings, account balances, or account activity. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Effective January 1, 2017, this Plan will include an automatic enrollment with a deferral percentage of 6% from the participant's compensation each payroll period unless the participant makes a contrary election. The plan will be referred to as a Qualified Automatic Contribution Arrangement 401(k) (QACA). A QACA plan is a plan design where the Employer commits to making certain contributions. This commitment to make contributions enables the Employer to simplify the administration of the Plan by ensuring that nondiscrimination regulations are met, which is called a "Safe harbor" plan. In order to maintain QACA safe harbor status, the Employer will make a safe harbor matching contribution equal to 100% of a participants salary deferrals that do not exceed 1% of your compensation plus 50% of the salary deferrals between 1% and 6% of the compensation.

Vesting

Participants are vested immediately in their contributions adjusted by investment earnings or losses thereon. Company contributions are vested based on years of credited service. There is a graded vesting schedule whereby a participant is 100 percent vested after four years of credited service (25% after one year of service and 25% per year thereafter). Upon retirement age, death, disablement or termination of the Plan by the Company, a participant becomes fully vested.

1. DESCRIPTION OF THE PLAN (continued)

Investment Options

The Plan currently offers mutual funds and investment contracts as investment options for participants. The participants may change their investment options at any time. Mutual funds offered by the Plan include a money market fund, bond funds, domestic and international equity funds, and asset allocation funds.

Payments of Benefits

On termination of service due to death, permanent disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments, or partial payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also allows in-service hardship withdrawals before retirement age for qualifying circumstances. Distributions to the participants of the plan are recorded when paid

Forfeitures

Forfeited nonvested accounts are available to be used to offset Plan expenses, but can also be used to reduce Employer contributions or allocated as discretional additional matching contributions. At December 31, 2016, no nonvested forfeitures were available.

Notes Receivable from Participants

Participants may borrow from their account balances, provided that the note receivable does not exceed the lesser of 50% of their vested account balance or $50,000 reduced by the highest outstanding note receivable balance during the preceding 12 months. The notes receivable are secured by the vested balance in the participant's account and bear interest at a rate commensurate with the prevailing rate charged by commercial lenders for a note receivable of similar duration, repayment terms and security, as determined by the Plan administrator. Interest rates on the notes outstanding at December 31, 2016 was 5.25% . Borrowers repay principal and interest over five years or less via regular payroll deductions.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contract, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* ("ASU 2015-12"). The amendments in this update remove the requirement to record fully benefit-responsive investment contracts at fair value and designate contract value as the only required measure for these contracts. The amendments also remove the requirement to disclose (a) individual investments that represent five percent or more of net assets available for benefits and (b) the net appreciation or depreciation for investments by general type, however, the net appreciation or depreciation in investments is still required to be presented in the aggregate. This amendment also provides a practical expedient to permit plans to measure investments and investment related accounts as of a month end date that is closest to the plan's fiscal year when the fiscal period does not coincide with month end. The Plan adopted the provisions of ASU 2015-12 and the ASU has been applied retrospectively to December 31, 2015. The Plan's financial statements for the years ended December 31, 2016 and 2015 have been presented to conform to the requirements of Parts I and II of ASU 2015-12.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, income is recognized when earned, and expenses are recorded when incurred.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

The Plan's participant directed investments are reported at fair value or net asset value as determined by Sentry Life Insurance Company (SLIC) based on factors such as quoted market prices in active markets and prevailing interest rates. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. *(See Note 5)*

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and appreciation includes the Plan's gains and losses on investments bought and sold as well as held at year-end.

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation and depreciation in the fair value of its investments, which consists of the realized and unrealized gains on those investments

Administrative Expenses

Investment transaction expenses are offset against the related investment income. Other administrative and non-investment expenses of the Plan are either paid by the Plan Sponsor, which is a party-in-interest, or through the Plan expense account. Expenses paid by the Plan Sponsor, which are not reflected in the accompanying financial statements, constitute exempt party-in-interest transactions under ERISA. Expenses paid through the Plan expense account are included in Administrative expenses in the Statement of Changes in Net Assets Available for Benefits. For the year ended December 31, 2016, the administrative expenses paid by the Plan were $1,162.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

Sentry Life Insurance Company (the "trustee") has certified that the following information included in the financial statements as of December 31, 2016 is complete and accurate:

a. Investments as included in the Statements of Net Assets Available for Plan Benefits.

The trustee has certified that the following information included in the financial statements as of December 31, 2016 is complete and accurate:

a. All information pertaining to investment income in the Statement of Changes in Net Assets Available for Plan Benefits.

4. INVESTMENTS

During the year ended December 31, 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held at year-end) appreciated in value by $269,975.

The Plan's investments earned interest and dividend income totaling $5,238 for the year ended December 31, 2016.

5. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of fair value hierarchy under FASB ASC, *Fair Value Measurements* are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable other than level 1 prices, such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation measurement are unobservable, supported by little or no market data, and are significant to the fair value of the assets and liabilities.

5. FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Mutual funds: Valued at the net asset value of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value of assets measured on a recurring basis at December 31, 2016:

	Fair Value Measurement at Decmeber 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds				
Fixed income	$ -	$ 160,588	$ -	$ 160,588
Equity fund	-	743,517	-	743,517
Target retirment fund	-	1,886,125	-	1,886,125
Equity/Income Blend fund	-	375,297	-	375,297
	$ -	$ 3,165,527	$ -	$ 3,165,527

As of December 31, 2016 the plan had no assets measured at fair value on a non-recurring basis and no liabilities measured at fair value on a recurring or non-recurring basis.

6. INVESTMENTS AT CONTRACT VALUE

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Sentry Life Insurance Company (SLIC) totaling $200,687 for 2016. Sentry Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a monthly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Sentry Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

6. INVESTMENTS AT CONTRACT VALUE (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

8. PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest is defined under Department of Labor regulations as any fiduciary (including, but not limited to, any administrator, officer, trustee or custodian), counsel or employee of the Plan, any party rending services to the Plan, the employer and certain others. The independent auditor of the plan's financial statements is a service provider to the plan and a party in interest. Certain plan investments are managed by Sentry Life Insurance Company or affiliates thereof. Sentry Life Insurance Company is the custodian as defined by the Plan and therefore, these transactions qualify as party –in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee received compensation from the Plan.

9. TAX STATUS

The Company adopted a Prototype Non-Standardized Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has implemented the new accounting requirements associated with the uncertainty in income taxes using the provisions of FASB ASC, *Income Taxes.* Using that guidance, tax positions initially need to be recognized in the financial statements when it is more-likely-than-not the positions will be sustained upon examination by tax authorities. It also provides guidance for derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

As of December 31, 2016, the Plan had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

10. CONCENTRATION OF MARKET AND CREDIT RISK

The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's concentration of credit risk and market risk is dictated by the Plan's provisions as well as those of ERISA and the participants' investment preferences. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements.

11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits at December 31, 2016.

12. PROHIBITED TRANSACTIONS

During 2011 through 2016 the plan sponsor became aware that they inadvertently failed to deposit $580,701, representing contributions of $ 518,019 and loan payments of $62,682, within the required time frame as stated by ERISA. These deferrals were deposited beyond the earliest expected date on which the assets could be segregated from the employer's assets. The Department of Labor (DOL) considers late deposits to be prohibited transactions. The plan sponsor is required to file Form 5330 and pay the excise tax relating to the prohibited transaction from the plan sponsor's assets and not from the assets of the Plan, in addition to calculating the lost earnings on these deferrals. These contributions currently have not been corrected by the Plan.

13. RECONCILIATION OF FINANCIAL STATEMENT TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31, 2016
Net assets available for benefits per the financial statements	$ 3,399,738
Excess contribution payable	11,103
Net assets available for benefits per the Form 5500	$ 3,410,841

The following is a reconciliation of changes in net assets available for benefits per the financial statements to from 5500:

	Year Ended December 31, 2016
Net increase in net assets available for benefits per the financial statements	$ 305,788
Participants contribution receivable	27,266
2015 excess contributions	(38,100)
2016 excess contributions	11,103
Net increase in net assets available for benefits per the Form 5500	$ 306,057

14. PLAN AMENDMENT

There were no significant amendments to the Plan during 2016.

15. SUBSEQUENT EVENTS

On September 1, 2017, the Plan discontinued offering the Qualified Automatic Contribution Arrangement (QACA), which included automatic enrollment with a deferral percentage of 6% from the participant's compensation each payroll period and Safe harbor plan. The plan reverted back to prior years employer discretionary matching equal to a uniform percentage or dollar amount of elective deferrals each plan year that is determined by a formula for the discretionary matching contribution.

The Plan has evaluated subsequent events through October 16, 2017, the date the financial statements were available to be issued.

TOYOTA-LIFT OF LOS ANGELES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31 2015

1. DESCRIPTION OF THE PLAN

The following description of the Rebas, Inc dba Toyota-Lift of Los Angeles. (the "Company") 401(k) Plan, the Toyota-Lift of Los Angeles 401(k) Plan (the "Plan") provides general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all non-union employees of the Company who have six months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

Contributions

Each year, eligible participants may contribute a portion of their pretax annual compensation, subject to Internal Revenue Code dollar limits, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute (rollover) amounts representing pre-tax distributions from other qualified defined benefit or defined contribution plans. Contributions to the plan, are invested at the direction of the participants. The Company may also make a discretionary matching contribution equal to a uniform percentage or dollar amount of the elective deferrals each Plan Year. Each year, the Company will determine the formula for the discretionary matching contribution.

Participant Accounts

Each participant's account is credited or charged with his or her contributions and allocations of Company contributions, investment earnings or losses and trustee administrative fees. Allocations are based on participant earnings, account balances, or account activity. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Effective January 1, 2017, this Plan will include an automatic enrollment with a deferral percentage of 6% from the participant's compensation each payroll period unless the participant makes a contrary election. The plan will be referred to as a Qualified Automatic Contribution Arrangement 401(k) (QACA). A QACA plan is a plan design where the Employer commits to making certain contributions. This commitment to make contributions enables the Employer to simplify the administration of the Plan by ensuring that nondiscrimination regulations are met, which is called a "Safe harbor" plan. In order to maintain QACA safe harbor status, the Employer will make a safe harbor matching contribution equal to 100% of a participants salary deferrals that do not exceed 1% of your compensation plus 50% of the salary deferrals between 1% and 6% of the compensation. In September 2017, the Plan discontinued the QACA plan – See Note 12 - Subsequent Events.

Vesting

Participants are vested immediately in their contributions adjusted by investment earnings or losses thereon. Company contributions are vested based on years of credited service. There is a graded vesting schedule whereby a participant is 100 percent vested after four years of credited service (25% after one year of service and 25% per year thereafter). Upon retirement age, death, disablement or termination of the Plan by the Company, a participant becomes fully vested.

1. DESCRIPTION OF THE PLAN (continued)

Investment Options

The Plan currently offers mutual funds and investment contracts as investment options for participants. The participants may change their investment options at any time. Mutual funds offered by the Plan include a money market fund, bond funds, domestic and international equity funds, and asset allocation funds.

Payments of Benefits

On termination of service due to death, permanent disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments, or partial payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also allows in-service hardship withdrawals before retirement age for qualifying circumstances. Distributions to the participants of the plan are recorded when paid

Forfeitures

Forfeited nonvested accounts are available to be used to offset Plan expenses, but can also be used to reduce Employer contributions or allocated as discretional additional matching contributions. At December 31, 2015, no nonvested forfeitures were available.

Notes Receivable from Participants

Participants may borrow from their account balances, provided that the note receivable does not exceed the lesser of 50% of their vested account balance or $50,000 reduced by the highest outstanding note receivable balance during the preceding 12 months. The notes receivable are secured by the vested balance in the participant's account and bear interest at a rate commensurate with the prevailing rate charged by commercial lenders for a note receivable of similar duration, repayment terms and security, as determined by the Plan administrator. The interest rate on the notes outstanding at December 31, 2015 was 5.25%. Borrowers repay principal and interest over five years or less via regular payroll deductions.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contract, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* ("ASU 2015-12"). The amendments in this update remove the requirement to record fully benefit-responsive investment contracts at fair value and designate contract value as the only required measure for these contracts. The amendments also remove the requirement to disclose (a) individual investments that represent five percent or more of net assets available for benefits and (b) the net appreciation or depreciation for investments by general type, however, the net appreciation or depreciation in investments is still required to be presented in the aggregate. This amendment also provides a practical expedient to permit plans to measure investments and investment related accounts as of a month end date that is closest to the plan's fiscal year when the fiscal period does not coincide with month end. The Plan adopted the provisions of ASU 2015-12 and the ASU for the year ended December 31, 2015. The Plan's financial statements for the year ended December 31, 2015 have been presented to conform to the requirements of Parts I and II of ASU 2015-12.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, income is recognized when earned, and expenses are recorded when incurred.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

The Plan's participant directed investments are reported at fair value or net asset value as determined by Sentry Life Insurance Company (SLIC) based on factors such as quoted market prices in active markets and prevailing interest rates. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. *(See Note 3)*

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and appreciation includes the Plan's gains and losses on investments bought and sold as well as held at year-end.

Administrative Expenses

Investment transaction expenses are offset against the related investment income. Other administrative and non-investment expenses of the Plan are either paid by the Plan Sponsor, which is a party-in-interest, or through the Plan expense account. Expenses paid by the Plan Sponsor, which are not reflected in the accompanying financial statements, constitute exempt party-in-interest transactions under ERISA.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of fair value hierarchy under FASB ASC, *Fair Value Measurements* are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable other than level 1 prices, such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation measurement are unobservable, supported by little or no market data, and are significant to the fair value of the assets and liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Mutual funds: Valued at the net asset value of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (continued)

Fair value of assets measured on a recurring basis at December 31, 2015:

	Fair Value Measurement at Decmeber 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ -	$ 2,861,860	$ -	$ 2,861,860
	$ -	$ 2,861,860	$ -	$ 2,861,860

As of December 31, 2015 the plan had no assets measured at fair value on a non-recurring basis and no liabilities measured at fair value on a recurring or non-recurring basis.

4. INVESTMENTS AT CONTRACT VALUE

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Sentry Life Insurance Company (SLIC) totaling $193,497 for 2015. Sentry Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a monthly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Sentry Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

4. INVESTMENTS AT CONTRACT VALUE (continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

6. PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest is defined under Department of Labor regulations as any fiduciary (including, but not limited to, any administrator, officer, trustee or custodian), counsel or employee of the Plan, any party rending services to the Plan, the employer and certain others. The independent auditor of the plan's financial statements is a service provider to the plan and a party in interest. Certain plan investments are managed by Sentry Life Insurance Company or affiliates thereof. Sentry Life Insurance Company is the custodian as defined by the Plan and therefore, these transactions qualify as party –in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee received compensation from the Plan.

7. TAX STATUS

The Company adopted a Prototype Non-Standardized Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has implemented the new accounting requirements associated with the uncertainty in income taxes using the provisions of FASB ASC, *Income Taxes.* Using that guidance, tax positions initially need to be recognized in the financial statements when it is more-likely-than-not the positions will be sustained upon examination by tax authorities. It also provides guidance for derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

As of December 31, 2015, the Plan had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

8. CONCENTRATION OF MARKET AND CREDIT RISK

The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's concentration of credit risk and market risk is dictated by the Plan's provisions as well as those of ERISA and the participants' investment preferences. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits at December 31, 2015.

10. RECONCILIATION OF FINANCIAL STATEMENT TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31, 2015
Net assets available for benefits per the financial statements	$ 3,093,950
Contribution receivable	(27,266)
Excess contribution payable	38,100
Net assets available for benefits per the Form 5500	$ 3,104,784

11. PLAN AMENDMENT

The Plan was restated as of January 1, 2015, and these financial statements reflect those changes.

12. PROHIBITED TRANSACTIONS

The plan sponsor is aware that they inadvertently failed to deposit contributions and loan payments, within the required time frame during the year ended December 31, 2015, as stated by ERISA. These deferrals were deposited beyond the earliest expected date on which the assets could be segregated from the employer's assets. The Department of Labor (DOL) considers late deposits to be prohibited transactions. The plan sponsor is required to file Form 5330 and pay the excise tax relating to the prohibited transaction from the plan sponsor's assets and not from the assets of the Plan, in addition to calculating the lost earnings on these deferrals. See 2016 Form 5500, Schedule H for detail of the 2015 and other impacted prior years prohibited transactions.

13. SUBSEQUENT EVENTS

On September 1, 2017, the Plan discontinued offering the Qualified Automatic Contribution Arrangement (QACA), which included automatic enrollment with a deferral percentage of 6% from the participant's compensation each payroll period and Safe harbor plan. The plan reverted back to prior years employer discretionary matching equal to a uniform percentage or dollar amount of elective deferrals each plan year that is determined by a formula for the discretionary matching contribution.

The Plan has evaluated subsequent events through October 16, 2017, the date the financial statements were available to be issued.
