INDEPENDENT AUDITOR'S REPORT

To the Trustees of
First Sonora Bancshares, Inc. 401(K) Employee Stock Ownership Plan:

We were engaged to audit the accompanying financial statements of First Sonora Bancshares, Inc. 401(K) Employee Stock Ownership Plan, which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements referred to in the first paragraph.

Other Matter—Supplemental Schedules

The supplemental Schedule of Assets Held at End of Year as of December 31, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter—2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Reliance Trust Company, the trustee of the Plan. Their report, dated October 14, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2016

The form and content of the information included in the 2016 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: DESCRIPTION OF PLAN

The following description of the First Sonora Bancshares, Inc. 401(K) Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a prototype defined contribution plan covering all eligible employees of First Sonora Bancshares, Inc. (the Company). A new employee becomes eligible to participate in the Plan upon attaining 21 years of age and completion of 30 days of service. The Plan is established to comply with Internal Revenue Code Sections 401 and 501. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan's Trustees are responsible for the oversight of the Plan. The Benefit Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustees.

Contributions

An eligible participant may authorize the Company to withhold a specific dollar amount or from one percent to one hundred percent of eligible compensation not to exceed the annual limits established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participant contributions are invested in accordance with investment directions provided to the Trustee by each participant. However, participants shall not be permitted to direct the investment of their elective deferral contributions or rollover contributions into the Company's common stock except for a one time election granted on the effective date of the Plan.

The Company makes a safe harbor match of up to 4% of compensation for all eligible employees. Additionally, the Company has approved a discretionary profit sharing contribution of 4% of compensation for all eligible employees. The Company allocates its contributions into the investment options equal to the percentages specified by the participant. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with contributions and earnings from their investments. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Loans to participants may be made up to $50,000 or 50% of their vested interest. The minimum loan is $1,000. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from 1-5 years, with an exception for a longer period for use in securing the participant's primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

NOTE 1: DESCRIPTION OF PLAN – continued

Vesting

Participants are vested immediately in their contributions and their safe harbor employer contributions plus actual earnings thereon. Vesting in Company's profit sharing contributions plus actual earnings thereon is based on years of service, as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6 or more years	100%

Payment of Benefits

Benefits are recorded when paid. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or by payment in a series of substantially equal installments over the participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Absent election, participant's balances less than $1,000 as of the date of termination are distributed in accordance with the Plan provisions.

Under provisions of the Plan, the Company may be obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. During 2016, the Company purchased 195 shares from participants.

Withdrawals

Withdrawals during employment are permitted under certain circumstances. There are two types of withdrawals: hardship and non-hardship. A non-hardship withdrawal is available under certain circumstances, depending on the participant's age, length of Plan participation, and/or type of account or sub-account involved. A hardship withdrawal is available under limited circumstances, which the participant must document. Participants who take a financial hardship distribution shall not be permitted to make contributions during the 6 month period beginning on the date of such distribution.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to first reduce future employer contributions and then administrative expenses. At December 31, 2016 and 2015, forfeited nonvested accounts totaled $42,424 and $183,681, respectively. During 2016, $184,132 was allocated to existing participants. In 2015, $11,620 was used to reduce employer contributions.

NOTE 1: DESCRIPTION OF PLAN – continued

Voting Rights

The Company shall direct the Trustee as to the manner in which voting, dissenter's or other rights of securities held by the Trust are to be exercised, except that each participant may direct the vote of shares of the Company common stock allocated to his ESOP Accounts if such shares are to be voted with respect to any merger, consolidation, recapitalization, reclassification, liquidation, dissolution or sale of substantially all of the assets of any trade or business of the Company, and such other issues as may be required by regulations adopted by the Secretary of the Treasury. In the event that a participant fails to exercise such voting rights in accordance with the rules adopted by the Company under this section, the Company may direct the vote of such shares. The Company may adopt rules and procedures to facilitate the exercise of such voting rights. If a participant fails to exercise such voting rights in accordance with the rules adopted by the Company under this section, the Company shall not direct the vote of such shares.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in the employer stock into investments which are more diversified. Participants who are at least 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any share previously diversified. In the 6th year, the percentage changes to 50%. Participants who elect to diversify have the option to receive a cash distribution or transfer to another investment offered in the Plan.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 5 for discussion of fair value measurements. The common shares of the Company are valued at fair value on December 31, 2016 and 2015. Fair value is determined by independent appraisal. Shares of mutual funds and common/collective trust are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Expenses

Plan expenses are charged to the Company and paid using forfeited funds, if applicable. Fees associated with specific transactions (loans, distributions, etc.) and quarterly administrative fees are charged to the participant as incurred. All fees are deducted from the participant's account as those fees are assessed.

Subsequent Events

Management of the Plan has evaluated subsequent events through October 13, 2017, the date the financial statements were available to be issued.

NOTE 3: INFORMATION CERTIFIED BY TRUSTEE

Other than the Company stock held by the Plan, certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company (the trustee of the Plan). The fair value and activity for year ended December 31, 2015 related to the Company's common stock held by the Plan is not included in the certification by Reliance Trust Company. See Note 4 for more details on the Company common stock.

NOTE 4: INVESTMENTS

The Plan's investment in Company common stock, at December 31, is presented in the following table:

	2016	2015
First Sonora Bancshares, Inc. common stock		
Number of shares outstanding	719	914
Price per share	$ 1,325	$ 1,293
Total fair value	$ 952,675	$ 1,181,802

NOTE 5: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted process in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities is active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset of liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2016 and 2015.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 5: FAIR VALUE MEASUREMENTS – continued

Common Collective Trust - Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments related to the trust and the redemption period is daily.

The following table sets for the by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5: FAIR VALUE MEASUREMENTS – continued

First Sonora Bancshares, Inc. common stock is not actively traded and significant other observable inputs are not available. Thus, the fair value of the First Sonora Bancshares, Inc. common stock is determined by independent appraisal. This valuation was based on a combination of the net asset value, transactions and capitalized earnings methods consistent with prior years. The valuation took into account historical cash flow and net income, market comparables and estimated fair value of company assets and liabilities.

The following table sets forth a summary of changes in the fair value of the Plans' Level 3 assets for the years ended December 31, 2016, and 2015.

Fair Value Measurements Using Significant Unobservable Inputs at December 31 (Level 3)

First Sonora Bancshares, Inc. Common Stock	2016	2015

Unrealized gains/(losses) for the years ended December 31, 2016 and 2015 are reported in net appreciation in fair value of investments in the Statements of Changes in Net Assets Available for Benefits.

NOTE 6: RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments in mutual fund and common collective funds are managed by Reliance Trust Company, the trustee of the Plan's assets. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Company contributions.

NOTE 8: TAX STATUS

The IRS has determined and informed the Plan by a letter dated August 27, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax exempt.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of employer securities, mutual funds, and common/collective trust offered by the Plan. Investment securities are exposed to various risks, such as interest rate risk, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
