INDEPENDENT AUDITORS' REPORT

Plan Trustees and Plan Administrator
Cimarron Energy, Inc. Savings and Investment Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Cimarron Energy, Inc. Savings and Investment Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

Adoption of New Accounting Standard

As discussed in Note 2, in 2016 and 2015 the Plan adopted new accounting guidance, the Financial Accounting Standards Board's Accounting Standards Update No. 2015-12: *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient,* and ASU No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* Our disclaimer of opinion is not modified with respect to this matter.

Other Matter

The supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2016, and Schedule H, Line 4a—Schedule of Delinquent Participant Contributions for the year ended December 31, 2016, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) DESCRIPTION OF THE PLAN

The following description of the Cimarron Energy, Inc. Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. Fidelity Management Trust Company ("Fidelity") is the trustee of the Plan.

General

The Plan is a volume submitter plan and is designed to comply with the regulations of the Internal Revenue Code of 1986, as amended (the "Code") and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan became effective February 17, 2015. The Plan covers all eligible employees of Cimarron Energy, Inc. (the "Company").

Contributions

Participants may make salary deferral contributions up to 75% of their pretax annual compensation, as defined by the Plan, not to exceed the maximum amounts established by the Code. The Plan also allows for Roth contributions. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the close of the plan year are also eligible to make catch-up contributions. These contributions are subject to certain limitations established by the Code. The Company may make discretionary matching contributions to the Plan, but chose not to make such contributions in 2016. Participants may roll over amounts representing distributions from other qualified benefit plans.

The Company may make, at its discretion, additional profit sharing contributions each year. In order to qualify for the additional profit sharing contribution, an employee must be actively employed on the last day of the plan year and have completed at least 1,000 hours of service during the plan year. No such contribution was made in 2016.

The Plan has an automatic enrollment feature. Upon eligibility, employees are automatically enrolled into the Plan with a 3% deferral percentage, unless the employee signs a waiver to decline enrollment.

(1) DESCRIPTION OF THE PLAN, CONTINUED

Participant Accounts/Investment Options

Each participant's account is credited with the participant's contributions, the Company's contributions, and the allocation of 1) plan earnings and 2) plan expenses. Allocations are based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may direct their contributions among various investment options offered by the Plan. Participants may change their investment options at any time.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Participants vest in employer discretionary matching contributions and employer profit sharing contributions in accordance with the following schedule:

Plan Years of Credited Service	Percent of Account Vested
Less than 3	0%
3 or more	100%

Notes Receivable from Participants

Participants may borrow against their account balance a minimum of $1,000 or up to a maximum of $50,000 or 50% of their vested balance, whichever is less. The Plan limits each participant to having a maximum of 1 outstanding loan. The loans are secured by the balance in the participant's account and are commensurate with local prevailing rates (typically at the prime rate + 1%) as determined quarterly by the plan administrator. Principal and interest are paid through payroll deduction and credited to the participant's account. Upon termination, retirement, or death, the participant (or beneficiary, as applicable) has the option to pay off the outstanding loan balance. If the participant or beneficiary elects to not pay off the loan, the outstanding loan balance is converted to a distribution.

(1) DESCRIPTION OF THE PLAN, CONTINUED

Payment of Benefits

Upon termination of service due to death, disability, or retirement, the participant (or beneficiary, as applicable) may select either a lump sum distribution or installments. A terminating member of the Plan is eligible to receive the balance of the employee contributed account and the vested balance of the employer contributed account. As of December 31, 2016, there were approximately $137,000 of deferred vested benefits unpaid to participants who are no longer participating in the Plan.

As of December 31, 2016, there were no unpaid vested benefits to participants who had requested withdrawal of his/her account.

Hardship distributions may be made to participants under certain conditions.

Forfeitures

The Company's contributions and earnings thereon which become forfeited as a result of any benefit payment or withdrawal provisions of the Plan may be used to pay plan expenses and any excess may be used to reduce the Company's future contributions. The Plan had forfeitures of $2,364 during the year ended December 31, 2016.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Administration of Plan Assets

Fidelity invests the contributions received, as well as interest and dividend income, and makes distributions to participants.

Administrative Costs

All reasonable expenses for administration of the Plan may be paid out of the Plan's assets unless paid by the Company. In addition, fees are assessed on employee-directed transactions within the Plan and are netted against earnings in the individual's account.

(2) SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Excess Participant Contributions Payable

The Plan failed the Average Deferral Percentage test for the year ended December 31, 2016. Excess contributions of $19,802 are recorded as a liability at December 31, 2016, in the accompanying statements of net assets available for plan benefits and as a reduction of participant contributions in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2016. The Plan reimbursed these excess contributions to its participants during 2017.

(2) SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Risks and Uncertainties

Plan participants may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Recent Accounting Pronouncements

In August 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2014-15, *Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern* (ASU 2014-15). ASU 2014-15 provides guidance on management's responsibility in evaluating whether there is substantial doubt about the Company's ability to continue as a going concern and related footnote disclosures. For each reporting period, management will be required to evaluate whether there are conditions or events that raise substantial doubt about the entity's ability to continue as a going concern within one year from the date the financial statements are issued. ASU 2014-15 is effective for annual periods ending after December 15, 2016. The amendments in ASU 2014-15 were adopted by the Plan on December 31, 2016, which did not have a significant effect on the Plan's financial statements.

In May 2015, FASB issued ASU No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07), which amends *Accounting Standards Codification* Topic 820, "Fair Value Measurement" (ASC 820). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. It also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 is effective for public business entities for fiscal years beginning after December 15, 2015, and for fiscal years beginning after December 15, 2016, for all other entities. Early adoption is permitted and was elected by the Plan for the year ended December 31, 2015. Accordingly, investments measured using the net asset per share practical expedient have not been categorized within the fair value hierarchy.

(2) SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Recent Accounting Pronouncements, Continued

In July 2015, FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Pension Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient* (ASU 2015-12). *Part I—Fully Benefit-Responsive Investment Contracts* (ASC Topics 962 and 965)—Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. A plan will continue to provide disclosures that help users understand the nature and risks of fully benefit-responsive investment contracts. Currently, ASC Topics 962 and 965 require fully benefit-responsive investment contracts to be measured at contract value, and also require an adjustment to reconcile contract value to fair value, when these measures differ, on the face of the plan financial statements. These amendments should be applied retrospectively for all financial statements presented. *Part II—Plan Investment Disclosures* (ASC Topics 960, 962, and 965)—Part II eliminates the current GAAP requirements for plans to disclose individual investments that represent 5% or more of net assets available for benefits, and the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. Part II also requires that investments (both participant-directed and nonparticipant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. These amendments should be applied retrospectively for all financial statements presented. *Part III—Measurement Date Practical Expedient* (ASC Topics 960, 962, and 965)—Part III provides a practical expedient to permit plans to measure investments and investment-related accounts (for example, a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. These amendments should be applied prospectively. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015. Earlier application of any or all of the three parts was permitted. The Plan adopted Part II of ASU 2015-12 as of February 17, 2015 (inception date). The Plan adopted Parts I and III of ASU 2015-12 as of January 1, 2016, which did not have a significant impact on the Plan's financial statement disclosures.

Date of Management's Review of Subsequent Events

Management has evaluated subsequent events through October 12, 2017, the date which the financial statements were available to be issued. See Note 10 for a discussion of significant subsequent events.

(3) COMMON/COLLECTIVE TRUST INVESTMENTS

Fidelity Managed Income Funds

The Plan invests in the Fidelity Managed Income Portfolio Class1 and Class 2 Funds (the "Funds"), which are collective investment trust funds sponsored by Fidelity. The beneficial interest of each participant in the Funds are represented by units. Units are issued and redeemed daily at the Funds' constant net asset value (NAV) of $1 per unit. Distribution to the Funds' unit holders is declared daily from the net investment income and automatically reinvested in the Funds on a monthly basis, when paid. It is the policy of the Funds to use its best efforts to maintain a stable net asset value of $1 per unit; although there is no guarantee that the Funds will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Funds, plus earnings, less participant withdrawals and administrative expenses. The Funds impose certain restrictions on the Plan, and the Funds may be subject to circumstances that affect their ability to transact at contract value as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the Funds to transact at less than contract value is not probable.

Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of a plan sponsor. The following employer- initiated events may limit the ability of the Funds to transact at contract value: 1) a failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; 2) any communication given to Plan participants designed to influence a participant not to invest in the Funds or to transfer assets out of the Funds; 3) any transfer of assets from the Funds directly into a competing investment option; 4) the establishment of a defined contribution plan that competes with the Plan for employee contributions; and 5) complete or partial termination of the Plan or its merger with another plan.

The Funds invest in assets, typically fixed income securities or bond funds, and enter into "wrapper" or "wrap" contracts issued by third parties. A wrap contract is an agreement by another party, such as a bank or insurance company to make payments to the Funds in certain circumstances. Wrap contracts are designed to allow a collective trust portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

(3) COMMON/COLLECTIVE TRUST INVESTMENTS, CONTINUED

Fidelity Managed Income Funds, Continued

The wrap contracts generally contain provisions that limit the ability of the Funds to transact at contract value upon the occurrence of certain events. These events include: 1) any substantive modification of the Funds or the administration of the Funds that are not consented to by the wrap issuer; 2) any change in law, regulation, or administrative ruling applicable to a plan that could have a material adverse effect on the Funds' cash flow; and 3) employer-initiated transactions by participating plans as described above.

In the event that wrap contracts fail to perform as intended, the Funds' NAV may decline if the market value of its assets declines. The Funds' ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer's ability to meet their financial obligations. The wrap issuer's ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments. The Funds are unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets. This could result from the Funds' inability to promptly find a replacement wrap contract following termination of a wrap contract. Wrap contracts are not transferable and have no trading market. There are a limited number of wrap issuers. The Funds may lose the benefit of wrap contracts on any portion of its assets in default in excess of a certain percentage of portfolio assets.

Principal Target Date Funds

The Plan invests in various Principal Trust Target Date Funds (the "Target Date Funds") which are classified as collective investment trusts. The Target Date Funds invest in various types of investments, including other underlying funds sponsored by Principal Financial Group, and each of the Target Date Funds is managed towards a particular target (retirement) date, or the approximate date a participant starts withdrawing money. No transfer restrictions apply to the Target Date Funds.

(4) FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. In estimating fair value, the Plan utilizes valuation techniques that are consistent with the market approach, the income approach, and/or the cost approach. Such valuation techniques are consistently applied. Inputs to valuation techniques include the assumptions that market participants would use in pricing an asset or liability. Fair values may not represent actual values of assets and liabilities that could have been realized on the measurement date or that will be realized in the future. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

(4) FAIR VALUE MEASUREMENTS, CONTINUED

ASC 820 establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1 inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

- Level 2 inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset and liability, either directly or indirectly, for substantially the full term of the asset or liability.

- Level 3 inputs consist of unobservable inputs which are used when observable inputs are unavailable and reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

The Plan uses appropriate valuation methods based on the available inputs to measure the fair value of its assets and liabilities.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for plan benefits as well as the general classification of such assets pursuant to the valuation hierarchy.

Registered Investment Companies

Shares of registered investment companies are valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end.

Common/Collective Trusts

Valued at the NAV as determined by using estimated fair value of the underlying assets held in the fund as reported by the investment manager of the trust. NAV is used as a practical expedient for fair value.

(4) FAIR VALUE MEASUREMENTS, CONTINUED

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for plan benefits at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

		Fair Value Measurements at Reporting Date Using		
	Assets Measured at Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2016				
Registered investment companies	$ 427,905	427,905	-	-
Common/collective trusts*	2,636,760	-	-	-
	$ 3,064,665	427,905	-	-

Common/collective trusts*	2,197,585	-	-	-
	$ 2,634,542	436,957	-	-

* In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the investment amounts presented in the statements of net assets available for plan benefits.

(4) FAIR VALUE MEASUREMENTS, CONTINUED

The following tables set forth additional disclosures of the Plan's investments for which the fair value is measured using the NAV per share practical expedient as of December 31, 2016 and 2015.

(5) INFORMATION CERTIFIED BY PLAN TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as certified by the trustee.

- Investments as shown in the statements of net assets available for plan benefits as of December 31, 2016 and 2015.
- Investment activity (net appreciation (depreciation) in fair value of investments, interest, and dividends) as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2016.
- Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2016, as shown on supplemental Schedule I.

See Independent Auditors' Report.

(5) INFORMATION CERTIFIED BY PLAN TRUSTEE, CONTINUED

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental Schedule I.

(6) TAX STATUS

The Plan is a volume submitter plan offered through Fidelity. The Internal Revenue Service has determined and informed the trustee by a letter dated March 31, 2014, that the volume submitter plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended from the volume submitter plan, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the date of the financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016 and 2015, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. As the Plan was formed in 2015, it is not subject to income tax examinations for years prior to 2015.

(7) TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. As such, transactions conducted by the Plan's third-party administrator, trustee, and independent auditor qualify as party-in-interest transactions.

(8) PROHIBITED TRANSACTIONS

During the year ended December 31, 2016, the Company did not timely remit participant withholdings totaling $49,001. These untimely submissions constitute prohibited transactions as defined by ERISA. The Company remitted the late contributions to the trustee during 2016. The related earnings have not been paid on these late contributions.

See Independent Auditors' Report.

(9) RECONCILIATION TO THE FORM 5500

Below are the reconciliations of the financial statements' net assets and changes in net assets to the Form 5500 as of December 31, 2016:

Net assets per the financial statements	$	3,180,916
Excess contributions payable		19,802
Net assets per the Form 5500	$	3,200,718
Changes in net assets per the financial statements	$	379,191
Increase in net assets:		
Excess contributions payable		19,802
Changes in net assets per the Form 5500	$	398,993

There were no differences in net assets per the financial statements and 5500 at December 31, 2015.

(10) SUBSEQUENT EVENTS

Effective January 1, 2017, the Company began making discretionary matching contributions to the Plan.

In 2017, the Plan was amended so that the vesting period on employer contributions was as follows:

Plan Years of Credited Service	Percent of Account Vested
Less than 1	0%
1 or more	100%
