NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of the Peoples Services, Inc. 401(k) Retirement Plan (the “Plan”) is provided for only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering substantially all non-union employees of Peoples Services, Inc. (the “Company”) and related companies (Peoples Cartage, Inc., Total Distribution, Inc., Quick Delivery Service, Inc., Publix, Inc., Crown Warehousing & Logistics, Inc., and Central Warehouse Operations) who have completed two months of services during the year. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). During 2016 the Plan switched from Transamerica Life Insurance Company to Principal Financial Group as custodians and plan administrators.

Contributions - The Plan’s provisions provide for contributions to be made by the participants and the Company. An employee must complete two months of service to be eligible for elective deferral participation and discretionary employer matching and profit sharing contributions. All participants must be employed on the last day of the Plan year to be eligible for participation in Company contributions. Contributions provided for under the Plan are as follows:

Employee Deferral Contributions - The Plan enables employees to contribute a percentage of their compensation (as defined) by the Plan, not to exceed a maximum amount allowable as a deduction under the Internal Revenue Service Section 404 on a tax-deferred basis. The Plan also allows participants who have attained the age of 50 to make catch up contributions not to exceed the maximum amount allowable per Internal Revenue Service regulations.

Employee Rollover Contributions - The Plan enables participants to rollover contributions from other qualified defined benefit or defined contribution accounts.

Matching Contributions - The Company may contribute a discretionary matching contribution. No such contributions were made for the year ended December 31, 2016. If a matching contribution is made, it is based on a uniform percentage of each tier of salary deferrals per the Plan document.

Participant Accounts - Each participant’s account is credited with the participant’s contribution and allocation of (a) the Company’s discretionary matching and (b) Plan earnings (losses). Plan earnings (losses) are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. All investments of the Plan are fully participant-directed.

401(k) RETIREMENT PLAN
(Employer Federal ID #34-1692443, Plan #002)

NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION (CONTINUED):

Vesting - Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting in the Company's discretionary matching contribution portion of their accounts plus actual earnings (losses) thereon is based on years of continuous service according to the schedule that follows:

<u>Years of Service</u>	<u>Vesting %</u>
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants - Participants may borrow from their fund account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from one to five years or longer for the purchase of a primary residence as permitted by the administrator. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. The interest rate on the loans was between 3.25% and 3.50% at December 31, 2016. Principal and interest is paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest.

Payment of Benefits - On attaining age 59-1/2, retirement, death or disability, the participant may request the account balance in the form of a lump-sum an amount equal to the value of the participant's vested interest in his or her account. Non-terminated employees may make withdrawals from their elective deferral account balance as a hardship withdrawal prior to reaching age 59-1/2. Hardship withdrawals are subject to additional rules and conditions as outlined in the Plan agreement. Participants who terminate employment with a vested account balance less than \$5,000 but more than \$1,000 are rolled into an IRA. Participants who terminate employment with vested account balances less than \$1,000 are paid in a lump-sum distribution.

Forfeitures - Forfeited matching contributions from terminated participants' non-vested accounts can be allocated to active participants based upon a method deemed appropriate by the Employer given in written notice to the custodian or can also be used to reduce future Company contributions or pay administrative expenses incurred by the Plan. There were no forfeitures available as of the year ended December 31, 2016.

Investment Options - Upon enrollment in the Plan a participant may direct all contributions in a number of investment options. The Plan's investment strategies include investments with varying degrees of risk that are subject to the volatility of financial markets. Based on these risks it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Basis of Accounting - The Plan's financial statements and the Annual Return/Report of Employee Benefit Plan - Form 5500 have been prepared on the accrual basis of accounting.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value as determined by the custodians using quoted market prices and other available information. All asset values have been certified to by the custodians, Transamerica Life Insurance Company and Principal Financial Group. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable - Amounts payable to participants totaling \$22,543 for contributions and earnings in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions in 2017.

Payment of Benefits - Benefits are recorded when paid.

Administrative Fees - The Company has elected to pay certain fees and expenses related to the operation of the Plan. Certain investment management fees, brokerage commissions, and other fees are paid directly by the Plan.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent Events - Plan management has evaluated subsequent events through October 16, 2017, which is the date the financial statements were available to be issued.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Recent Accounting Pronouncements - In May 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2015-07, *Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or Its Equivalent)*, (“ASU 2015-07”). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early adoption is permitted. Management has elected to early adopt ASU 2015-07, and the disclosures in Note D are presented accordingly.

In July 2015, the FASB released ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, (“ASU 2015-12”). Part II of the ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III of the ASU are not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 31, 2015. Part II is to be applied retrospectively. Management elected to early adopt Part II as of December 31, 2015 and the presentation of the financial statements and notes herein are presented accordingly.

C. INFORMATION PROVIDED BY THE CUSTODIANS:

Information including pooled separate accounts, stable value option fund, registered investment companies, common/collective trusts and notes receivable as shown on the statement of net assets available for benefits, and interest and dividend income and net appreciation in fair value as shown on the statement of changes in net assets available for benefits as of December 31, 2016 and 2015 and for the year ended December 31, 2016, was prepared by or derived from information provided by the Transamerica Life Insurance Company and Principal Financial Group, the custodians, and furnished to the plan administrator. The plan administrator obtained certifications of this information from the custodians that the information provided to the plan administrator was complete and accurate.

D. FAIR VALUE MEASUREMENTS:

The authoritative accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative accounting guidance are described as follows:

PEOPLES SERVICES, INC.
401(k) RETIREMENT PLAN
(Employer Federal ID #34-1692443, Plan #002)

NOTES TO FINANCIAL STATEMENTS

D. FAIR VALUE MEASUREMENTS (CONTINUED):

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs include quoted prices for similar assets or liabilities in active markets or for identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Pooled separate accounts - Valued at the net asset value ("NAV") of shares held by the plan at year end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Stable Value Option Fund: Valued at contract value based on the beginning balance plus deposits and credited interest, less any withdraws, charges, or expenses, a measurement which approximates fair value.

Registered investment companies - Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common/collective trusts - Valued at the net asset value ("NAV") of shares held by the plan at year end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

D. FAIR VALUE MEASUREMENTS (CONTINUED):

There have been no changes from prior years in techniques and inputs used to determine fair value. There were no transfers between Levels 1 and 2 and no transfers in or out of Level 3 during 2016 or 2015, other than presenting the net asset value funds separately in accordance with ASU 2015-07.

The following tables set forth by level, within the fair value hierarchy, the Plan assets at fair value as of December 31, 2016 and 2015:

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2016:

(Employer Federal ID #34-1692443, Plan #002)

NOTES TO FINANCIAL STATEMENTS

E. TRANSACTIONS WITH PARTIES-IN-INTEREST:

Certain administrative expenses including legal and accounting fees relating to the maintenance of participant eligibility records are absorbed by the Company. Other than as described above or pursuant to a trust agreement, the Plan has no agreements or transactions with any parties-in-interest.

Principal Financial Group and Transamerica Life Insurance Company, the current custodian and former custodian of the plan, respectively, hold all of the Plan's investments. Principal Financial Group and Transamerica Life Insurance Company are parties-in-interest of the Plan as defined by ERISA Section 3(14), and accordingly investment transactions in the funds are party-in-interest transactions.

F. DISTRIBUTIONS UPON PLAN TERMINATION:

The Company has the right, at any time, to terminate the Plan by delivering to the Trustee written notice of such termination. Upon termination, all amounts credited to the affected participants' accounts shall become 100% vested and will not thereafter be subject to forfeiture, and all unallocated amounts shall be allocated to the accounts of all participants in accordance with the Plan provisions. The Company has no intention to terminate the Plan at this time.

G. INCOME TAX STATUS:

The Plan has adopted a prototype non-standardized plan document sponsored by Principal Life Insurance Company. The Internal Revenue Service ("IRS") approved the prototype plan document on March 31, 2014. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The authoritative accounting guidance requires the plan administrator to evaluate uncertain tax positions taken by the Plan. The plan administrator has concluded that as of December 31, 2016, there were no uncertain income tax positions taken or expected to be taken by the Plan. The Plan has not recognized any interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. DELINQUENT EMPLOYEE LOAN PAYMENT REMITTANCES:

The Company made late employee loan payment remittances to the Plan during the year ended December 31, 2016. The 2016 late employee loan payment remittances were remitted to the Plan in October 2016. A disclosure has been made on Form 5500, Schedule H Part IV, line 4a that \$723 of 2016 employee loan payment remittances were not remitted to the plan within the time period described in 29 CFR 2510.3-102, which is considered a section 4975(a) prohibited transaction.
