   The Plan is funded by voluntary contributions of participants and discretionary matching and profit sharing contributions of the Company. Discretionary matching and profit sharing contributions are made to participants covered under a collective bargaining agreement. Effective December 7, 2016, discretionary matching contributions are also made to participants who are not covered by a collective bargaining agreement. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company made or accrued discretionary matching and profit sharing contributions of $971,063 and $290,823 respectively, to the Plan for the year ending December 31, 2016. The Company accrued correcting contributions of $489,385 to the Plan for the year ending December 31, 2016 (Note J).

3. Investment Options

   Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary matching and profit sharing contributions, and an allocation of plan earnings. The Company's discretionary matching contributions are allocated as of the last day of the plan year and are based on a percentage of participant contributions and total compensation for all eligible participants. The Company's discretionary profit sharing contributions are allocated based on a percentage of eligible participant compensation. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. Hardship withdrawals and in-service withdrawals for participants over the age of 59 1/2 are also permitted by the Plan. In addition, distributions previously could be made to fund participants' investments in an employee stock ownership plan sponsored by the Company. The employee stock ownership plan was terminated effective December 7, 2016.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest ranging from 3.25% to 5.25%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled $14,080 for the year ended December 31, 2016.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

9. Forfeitures

At December 31, 2016 and 2015, unallocated plan assets resulting from forfeited nonvested accounts totaled $4,144 and $18,999, respectively. These accounts will be used to reduce future discretionary Company contributions. Forfeitures of $15,745 were used to reduce discretionary Company contributions related to the Plan year ended December 31, 2016.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include the following:
* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the Plan's investments measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

	Plan Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 25,565,393	$ -	$ -	$ 25,565,393

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 22,109,233	$ -	$ -	$ 22,109,233

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodian. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. The Company has determined the correcting employer contribution receivable for the year ended December 31, 2016 based on management's best estimates. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INFORMATION CERTIFIED BY VOYA RETIREMENT INSURANCE AND ANNUITY COMPANY

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental information, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental information related to the following assets:

	2016	2015
Investments, at fair value		
Mutual funds	$ 25,565,393	$ 22,109,233
Investment, at contract value		
Fully benefit-responsive investment contract	1,599,187	1,210,337
	$ 27,164,580	$ 23,319,570

The custodian also certified the completeness and accuracy of $1,891,816 of net appreciation in value of investments and $27,671 of interest related to the aforementioned assets for the year ended December 31, 2016.

NOTE D - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company through the Voya Fixed Account which is reported at contract value. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

Voya Retirement Insurance and Annuity Company maintains the contributions in its general account. Voya Retirement Insurance and Annuity Company guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rating is updated annually based upon contract provisions, and it may not be less than 1.00%. Voya Retirement Insurance and Annuity Company's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The contract does not provide for any conditions or circumstances under which distributions from the contract would be payable at amounts below contract value.

NOTE E - INCOME TAX STATUS

Effective March 27, 2015, the Plan adopted a nonstandardized form of a prototype plan sponsored by Voya Retirement Insurance and Annuity Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company is the custodian, as defined by the Plan; these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE I - PLAN AMENDMENTS

Effective January 1, 2016, upon meeting eligibility requirements, employees are automatically enrolled in the Plan with a deferral rate of 3% of eligible compensation, unless an election is made to decline participation or an alternate deferral rate is elected. This deferral rate increases 1% annually up to a deferral rate of 10% of eligible compensation, unless an election is made to decline participation or an alternate deferral rate is elected.

Effective December 7, 2016, the Plan was amended to allow discretionary matching contributions for participants who are not covered under a collective bargaining agreement.

Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

NOTE J - PROHIBITED TRANSACTIONS

The Plan Sponsor failed to deposit participant contributions within the required timeframe as stated by the DOL. The DOL considers late deposits to be prohibited transactions as disclosed in the accompanying supplemental information. The Plan Sponsor corrected these deficiencies subsequent to year end, including contribution of lost earnings, pursuant to the principles articulated in the DOL's Voluntary Fiduciary Correction (VFC) Program.

NOTE J - PROHIBITED TRANSACTIONS (Continued)

The Plan Sponsor failed to allow eligible leased employees who met eligibility requirements to make contributions to the Plan from 2011 through 2016. The Plan Sponsor has received an acceptance letter from the IRS to make a corrective contribution for 2011 through 2015 totaling $418,363 through the IRS Voluntary Correction Program. The 2011 through 2015 corrective contribution was made on October 13, 2017. The Plan Sponsor intends to fund the 2016 corrective contribution of $71,022 in 2017. Corrective contributions totaling $489,385 have been included in employer contributions receivable for the year ending December 31, 2016.

NOTE K - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 16, 2017, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions, other than those described in Note A-6, Note J, and below, have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.

As discussed in Note A-6, the Plan Sponsor's employee stock ownership plan was terminated effective December 7, 2016. Through the date that these financial statement were available to be issued, rollover contributions totaling approximately $31,800,000 were made from the terminated plan to the SG360 Savings Plan during 2017.

The Plan Sponsor acquired Data Service Solutions in August 2017. There is no impact on Plan operations.
