INDEPENDENT AUDITORS' REPORT

TO THE PLAN ADMINISTRATOR AND PARTICIPANTS
OF ABLE ENGINEERING SERVICES 401(k) PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ABLE ENGINEERING SERVICES 401(k) PLAN (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2016 financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2016 financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2016 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2016 and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these 2016 financial statements.

Other Matter – Supplemental Schedules

The supplemental Schedule H – Line 4a: Schedule of Delinquent Participant Contributions for the year ended and December 31, 2016, and supplemental Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2016 are required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated October 4, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ABLE ENGINEERING SERVICES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2016

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Able Engineering Services 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 1996, and was most recently restated on January 1, 2016, to provide retirement benefits for employees of Crown Energy, Inc. dba Able Engineering Services (the "Company"). The Plan is a defined contribution plan covering all eligible employees whose compensation and conditions of employment are established by the terms of a good-faith collective bargaining agreement between the Company and such employee's lawful representative or bargaining agent and have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

The Plan provides for an administrative committee (the "Administrative Committee") which is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law. The Administrative Committee oversees the Plan's operations, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

During the year, certain investments totaling $128,324 were transferred from the Able Engineering Services Retirement Plan, an affiliated defined contribution plan for nonunion employees of the Company. This transfer relates to employees whose union membership status and eligibility changed during the year.

Participant Contributions – Participants may voluntarily contribute up to 90% of their pretax annual compensation as defined by the Plan, with maximum contributions of $18,000 for 2016. Additionally, participants, who have attained fifty years of age before the end of the Plan year, are eligible to make catch up contributions up to $6,000 for 2016. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions – The Company may make discretionary employer matching contributions and discretionary non-elective contributions. Participants must complete at least 1,000 hours of service during the Plan Year and be employed as of the last day of the Plan Year to be eligible to receive any non-elective contributions that may be made for that Plan Year. No discretionary employer contributions were made in 2016. During 2016, qualified non-elective contributions of $1,757 were made by the employer relating to corrections pertaining to certain employees.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – The Plan maintains an account for each participant, which is credited with the participant's contributions and employer matching and non-elective contributions and allocations of Plan investment earnings or losses and expenses. Allocations are based on participant compensation or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions, employer match and non-elective contributions, and rollover contributions plus actual earnings thereon.

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of his or her account balance into various funds available through the Plan.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000. The duration of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. Loans are subject to interest charged at rates based on the prime rate as listed in the Wall Street Journal Money Rate Table. Interest rates remain fixed throughout the life of the loan. Principal and interest are paid ratably through payroll deductions and loans are due immediately upon termination of employment.

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive a distribution as a lump-sum payment or installment payments. If a terminated participant's account balance is between $1,000 and $5,000, and no instructions have been received from such participant, the amount will be rolled over to an individual retirement account as designated by the Plan administrator. Vested account balances of less than $1,000 are automatically cashed out as a single lump-sum distribution. A participant may also elect to receive a pre-retirement distribution of his or her salary deferrals upon incurring a hardship, as defined by the Plan. Benefit payments to the participant generally must begin by the later of the year after the participant attains age 70½ or the year in which the participant terminates employment.

Forfeited Accounts – A participant's non-vested account may be forfeited upon severance of employment. As of December 31, 2016 and 2015, forfeited non-vested accounts amounted to $11,345 and $13,075, respectively. Forfeitures may be used to pay Plan fees, and/or to reduce Company contributions to the Plan. For the year ended December 31, 2016, forfeitures of $3,217 were used to pay Plan fees. Forfeited non-vested accounts of $192 were transferred from the Able Engineering Services Retirement Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are stated at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 and 2015 excess contributions to the applicable participants during 2017 and 2016, respectively.

Payments of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Adoption of Recent Accounting Pronouncements – Effective January 1, 2016, the Plan adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* Under the guidance in ASU 2015-07, investments for which fair value is measured using the net asset value per share practical expedient will no longer be categorized within the fair value hierarchy levels, but will be presented as a reconciling item. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. ASU 2015-07 also eliminates the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value by limiting those disclosure requirements to investments for which the entity has elected to measure the fair value using that practical expedient.

Effective January 1, 2016, the Plan adopted FASB ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). The overall objective of this ASU is to reduce complexity in employee benefit plan accounting. Some of its key provisions include the designation of contract value as the only required measure for fully benefit-responsive investment contracts and the elimination of certain disclosure requirements for investments.

These ASUs have been applied retrospectively. Accordingly, the 2015 statement of net assets available for benefits and certain disclosures related to 2015 have been modified to be in accordance with these new standards. These modifications have had no effect on previously reported net assets available for benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are required to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the Plan's valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	2016			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 16,276,513	$ -	$ -	$ 16,276,513

	2015			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 13,861,276	$ -	$ -	$ 13,861,276

Investments in two and three of the Plan's options represent 38% and 52% of total investments as of December 31, 2016 and 2015, respectively.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, and the related notes to the financial statements, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2016, and the related investment and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016.

NOTE 5 – TAX STATUS

The Plan has adopted the Fidelity prototype plan, which received a favorable opinion letter from the IRS on March 31, 2014 stating that the prototype plan is designed in accordance with the applicable sections of the IRC. The Plan has not filed for a separate determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds offered through the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in mutual funds managed by Fidelity. Fidelity is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are netted against the net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan or the Company pays directly any other fees related to the Plan's operations.

Fidelity provides certain administrative services to the Plan pursuant to a service agreement between the Company and Fidelity. Fidelity receives revenue from certain mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the service agreement, Fidelity remits the excess to the Plan. Such amounts may be applied to pay Plan recordkeeping and administration fees. During 2016 there were no excess amounts. The Plan or Plan sponsor may make a payment to Fidelity for administration expenses not covered by revenue sharing.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the years ended December 31, 2016 and 2015, there were unintentional delays by the Company in remitting certain employee contributions and participant loan repayments amounting to $23,142 and $280,621, respectively, to the Plan, within the period prescribed by Department of Labor regulations. The Company has calculated and contributed the amount of lost earnings arising from the delays to the affected participants during the 2017 and 2016 plan years, respectively.

NOTE 10 – SUBSEQUENT EVENTS

Subsequent to the Plan year end, the Administrative Committee the Administrative Committee approved the merger of the Plan into the Able Engineering Services Retirement Plan. The merger is to be effective January 1, 2018. The name of the surviving plan is to be the Able Services 401(k) Retirement Plan.

The Plan has evaluated subsequent events through October 11, 2017, the date the financial statements were available to be issued.
