Employees are eligible to defer under the 403(b) provision immediately upon hire once they are eligible to enter the Plan. They become eligible to receive Company contributions in any plan year that they have made an elective deferral, have completed at least 1,000 hours of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees (the "Board") is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board.

Contributions:

Each year, participants may contribute a portion of their pretax annual compensation (as defined) into the Plan. The amount participants can contribute on an annual basis is limited to the amount set by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes matching contributions to each participant's account. The matching contribution is based on a percentage of the participant contribution. The Plan document states that the Company will match 25% of the participant contribution limited to the first 4% of a participant's eligible compensation.

The Company may also make a nonelective contribution, at the discretion of the Board, to the Plan. This contribution, if any, is determined annually and allocated based upon compensation, as defined, in the Plan. For 2016 and 2015, there were no nonelective contributions.

Plan participants become eligible for purposes of matching and nonelective contributions after they reach age 18, complete 1,000 hours of service and may enter the Plan the following July 1 of the Plan year.

Participant accounts:

Each participant's account is increased by the participant's contribution, the Company's contributions, and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

1. Description of the Plan (continued):

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Full vesting of the Company's contributions portion of their accounts plus actual earnings thereon occurs on the date the participant reaches normal retirement age (as defined by the Plan), becomes totally disabled (as defined by the Plan), or on the date the participant dies. Before that date, participants are vested as follows:

<u>Years of Vesting Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of benefits:

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or in the form of an annuity. For termination of service other than death, a participant may receive the value of the vested interest in their account as a lump-sum distribution. All distributions are to be made in cash.

Forfeitures:

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account (as defined) represents a forfeiture. Forfeitures may be used 1) to reinstate previously forfeited account balances of former participants, 2) to satisfy any corrective contributions required, 3) pay administrative expenses of the Plan, or 4) to reduce the Company contribution for the Plan year in which such forfeitures occur.

The amount of unallocated forfeited accounts amounted to \$3,308 at December 31, 2016 and \$286 at December 31, 2015. Forfeitures used to pay Plan administrative expenses were \$1,485 in 2016 and \$750 in 2015.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

2. Summary of significant accounting policies (continued):

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of disclosures. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

Investments are reported at fair value, except for the investment contract that is a fully benefit-responsive investment contract which is reported at contract value, as provided by The Nationwide Financial Services, Inc. including its subsidiary Nationwide Trust Company, FSB, a division of Nationwide Bank ("Nationwide"), the custodian of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participant at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. The Plan's gains and losses on investments bought and sold, as well as held during the year, are reflected in the statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Payment of benefits:

Benefit payments are recorded when paid.

Expenses:

Certain expenses are paid by the Plan with the expense allocated to each participant. Third-party administrator fees and other professional fees are periodically paid by the Company and would not be included in these financial statements. The Company provides other accounting and administrative services at no cost to the Plan. No such employee, nor the Company, receives compensation from the Plan. Additionally, investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent events:

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through October 16, 2017, the date the Plan's financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

3. Investments:

The following presents the participant-directed investments of the Plan as of December 31, 2016 and 2015.

	2016	2015
Money market fund (at fair value)	\$ 22,848	\$ 27,130
Mutual funds (at fair value)	573,718	494,170
Investment contract (at contract value)	207,628	196,083
Total investments	<u>\$ 804,194</u>	<u>\$ 717,383</u>

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

The money market fund and mutual funds are valued at the daily closing price as reported by the fund. The money market fund is valued at its face value, which approximates fair value. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

4. Fair value measurements (continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following fair value hierarchy table presents information by level about the Plan's assets measured at fair value as of December 31, 2016 and 2015.

	<u>2016</u>	<u>2015</u>
	<u>Level 1</u>	<u>Level 1</u>
Money market fund	\$ 22,848	\$ 27,130
Mutual funds	<u>573,718</u>	<u>494,170</u>
	<u>\$ 596,566</u>	<u>\$ 521,300</u>

5. Investment contract with insurance company:

The Plan participates in a fully benefit-responsive investment contract with Nationwide, which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed by the Plan.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract.

Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Nationwide. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdraw from the Plan or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the Plan's participants is probable.

The contract does not permit Nationwide to terminate the agreement prior to the scheduled maturity date.

YEARS ENDED DECEMBER 31, 2016 AND 2015

5. Investment contract with insurance company (continued):

The minimum guaranteed interest rate varies by participant and depends on the date the participant established his or her account.

6. Information certified by custodian:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, and interest and dividends for the years ended December 31, 2016 and 2015 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide.

7. Related-party and party-in-interest transactions:

Certain of the Plan's investments are managed by Nationwide Fund Advisors, an affiliate of Nationwide. Nationwide is the custodian and, therefore, these transactions are party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in expenses in the statements of changes in net assets available for benefits. As described in Note 2, the Plan made direct payments to Nationwide totaling \$11,242 in 2016 and \$9,995 in 2015.

8. Plan termination:

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan were to terminate or partially terminate, all participants would become 100% vested in their accounts.

9. Tax status:

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax exempt status for Plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

10. Delinquent participants contributions:

In 2016, the Company failed to remit employee contributions totaling \$4,825 within the time permitted in accordance with DOL Regulation 2510.3-102(b). In 2017, the Company calculated an estimate of the lost earnings and remitted the lost earnings to the Plan outside the guidelines of the Voluntary Fiduciary Correction Program (VFCP). Additionally, the Company paid the related excise tax on the lost earnings to the IRS.

11. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
