Report of Independent Auditors

To the Administrator of Range Generation Next, LLC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Range Generation Next, LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015 and the related statements of changes in net assets available for benefits for the year ended December 31, 2016 and the period ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2016 and as of and for the period ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Range Generation Next, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2016 and 2015

A. Description of Plan

The following description of the Range Generation Next, LLC ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution plan covering all employees of the Company who are age 21 or over. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Managers ("Board") is responsible for oversight of the Plan, and has delegated certain responsibilities to the Plan Administrator ("Administrator"). The Board determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan commenced on April 6, 2015.

2. *Contributions*. Each year, participants may elect to defer from their compensation a specific percentage or dollar amount and have that amount contributed to the Plan as a salary deferral, up to certain IRS limitations ($18,000 in 2016 and 2015). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to certain IRS limitations ($6,000 in 2016 and 2015). There are two types of salary deferrals: Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. For purposes of this description, "salary deferrals" generally means both Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. Regardless of the type of deferral a participant makes, the amount deferred is counted as compensation for purposes of Social Security taxes.

   Pre-Tax 401(k) deferrals. Pre-Tax 401(k) deferrals reduce taxable income by the deferral contributions. Later, when the Plan distributes the deferrals and earnings, participant will pay the taxes on those deferrals and the earnings.

   Roth 401(k) deferrals. Roth 401(k) deferrals are subject to federal income taxes in the year of deferral. However, the deferrals and, in most cases, the earnings on the deferrals are not subject to federal income taxes when distributed to the participant. In order for the earnings to be tax free, certain conditions must be met as described in the Plan summary.

   Company Match. The Company provides a matching contribution to participants based on their employment status. Represented employees are governed by the terms of their Collective Bargaining Agreement. Non-represented employees are provided a pre-determined company match.

3. *Participant accounts*. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting.* Participants are 100% vested immediately in both their contributions and the Company's contributions plus actual earnings thereon.

5. *Notes receivable from participants.* Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The notes are secured by the balance in the participant's account. The note interest rate is equal to one percent above the prime rate. The interest rate will be fixed for the duration of the note. Generally, the term of notes may not exceed five years unless related to the purchase of your principal residence and are repaid through payroll deductions or check.

6. *Payment of benefits.* On termination of service from the Company due to death, disability, retirement, or other reasons, the participant may receive a distribution from their account in the Plan. If the value of the vested account balance does not exceed $5,000, then a distribution will be made to the participant regardless of whether they consent to receive it. If the vested account balance exceeds the $5,000 threshold then the participant must consent to a distribution. Participants may also elect to rollover distributions to a qualified IRA.

7. *Forfeited accounts*. At and during the periods ended December 31, 2016, and 2015 there were no forfeited accounts as participants are 100% vested in contributions at all times.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Fully benefit-responsive investment contracts (FBRICs) are reported at contract value, which is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in FBRICs through the Voya Fixed Account.

Pooled Separate Account investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies

utilizing information provided by the investment advisers, custodians and insurance company. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Accounting Standards

In July 2015, FASB issued ASU No. 2015-12 "I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, III. Measurement Date Practical Expedient." Under Part I of the update, fully benefit-responsive investment contracts are measured, presented and disclosed at contract value for defined contribution and health and welfare benefit plans. Part II of the update eliminates the requirement to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation for investment by general type. Additionally, Part II requires that investments of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investment in multiple ways. Part III of the update provides a practical expedient to permit plans to measure investment and investment-related accounting as of a month-end date that is close to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end.

The update is effective for fiscal years beginning after December 15, 2015. The Plan's financial statements reflect the adoption of the standard.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis at a rate of 4.25% and 4.5% for 2016 and 4.25% for 2015. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan may be paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2017, the date the financial statements were available to be issued.

C. Information Certified by the Custodian

The Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investments, notes receivable, and interest income on notes receivable from participants held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2016 and period ended December 31, 2015, disclosed in the accompanying financial statements and supplemental schedule were obtained or derived from the information supplied to the Administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company ("Voya").

Statement of Net Assets Available for Benefits:

	December 31, 2016	*December 31, 2015*

	$ 22,742,658	$ 14,927,526

Statement of Changes in Net Assets Available for Benefits:

	Year Ended December 31, 2016	*Period from April 6, 2015 (Commencement of Operations) through December 31, 2015*
Investment income		
Interest and dividends	$ 35,907	$ 9,974
Net appreciation (depreciation) in fair value of investments	$ 1,403,786	$ (348,117)
Total investment income (loss)	$ 1,439,693	$ (338,143)
Interest income on notes receivable from participants	$ 15,410	$ 3,765

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of the asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no transfers between levels during 2016 and 2015. Following is a description of the valuation methodology used.

Pooled Separate Accounts: The variable funds are pooled separate accounts that invest directly in designated mutual funds. The separate account owns and holds the underlying mutual funds which are valued daily at their net asset value (NAV). Plans and participants hold "units of participation" in the separate account. The accumulation unit value (AUV) is the value of each unit in the separate account and the separate account is valued daily as the number of accumulation units held multiplied by the AUV. Voya Retirement Insurance and Annuity Company (VRIAC)

determines the AUV daily based on the net asset value of shares in the underlying fund, the fund's dividends and the Contract's separate account charges.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016

	Level 1	*Level 2*	*Level 3*	*Total*
Pooled Separate Accounts	$ 18,412,835	-	-	$ 18,412,835
Total assets at fair value	$ 18,412,835	-	-	$ 18,412,835

Assets at Fair Value as of December 31, 2015

	Level 1	*Level 2*	*Level 3*	*Total*
Pooled Separate Accounts	$ 12,436,487	-	-	$ 12,436,487
Total assets at fair value	$ 12,436,487	-	-	$ 12,436,487

Pooled Separate Accounts, which were classified as Level 1 Mutual Funds in the period ended December 31, 2015, were revised in the current year to reflect the investment level unit of account of Pooled Separate Accounts.

E. Fully Benefit-Responsive Investment Contracts

In 2015, the Plan entered into a fully benefit-responsive guaranteed investment contract with Voya Financial through a group funding contract issued by Voya Retirement Insurance and Annuity Company (VRIAC). The account is an obligation of VRIAC's general account. The value of the account is determined by the daily crediting of interest which is subject to minimum contractual guarantees. Investment transfers to and from the account and withdrawals to pay participant benefits are made at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of

net assets available for benefits at contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The guaranteed investment contract does not permit the Contract Holder to terminate the agreement prior to the scheduled maturity date unless the Contract Holder is notified of any unilateral change.

F. Rollovers Contributions

On September 9, 2015, the Company approved an addendum to the Plan Service Agreement for the Plan to have Voya process rollover contributions into the Plan based solely on the employee's execution in good order of the prescribed rollover form. Accordingly, the self-certification section of the rollover form advises employees that they may be required to provide additional documentation to substantiate the rollover contribution and a corrective distribution may be made to the participant of any portion of such rollover that is later determined to be an ineligible rollover contribution in accordance with plan provisions and/or related Internal Revenue Service regulations. All participants in the Plan became 100 percent vested in that plan upon hire and were provided the option to have existing account balances from other plans rolled into the Plan.

G. Related-Party Transactions and Party In Interest Transactions

The Custodian of the Plan, Voya, is a party-in-interest with respect to the plan. The Voya Fixed Account is available through a group funding contract issued by Voya Retirement Insurance and Annuity Company. The Plan also pays fees to the Custodian. In addition, the Plan has a revenue sharing agreement with the Custodian whereby certain revenue received by the Custodian from sponsors of some of

the Plan investment options is used to pay Plan expenses. For the periods ended December 31, 2016 and 2015, the Plan did not earn revenue under the revenue sharing agreement.

Subject to the terms of the Plan document, the Plan makes certain loans to participants who are employees of the Company, and are therefore parties-in-interest with respect to the plan.

H. Plan Termination

Although it has not expressed any intent to do so, the Company has the right at any time to terminate the Plan by delivering to the Trustee and Administrator written notice of such termination subject to the provisions of ERISA. Upon any full or partial termination or upon the complete discontinuance of the Company's contributions to the plan, all amounts credited to the affected participants' combined accounts shall not thereafter be subject to forfeiture.

I. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan is in compliance with Section 401 of the Internal Revenue Code (IRC). The Plan's tax counsel believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress since Plan commencement.

J. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

K. Reconciliation of Financial Statements to Form 5500

Report of Independent Auditors

To the Administrator of Range Generation Next, LLC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Range Generation Next, LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015 and the related statements of changes in net assets available for benefits for the year ended December 31, 2016 and the period ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2016 and as of and for the period ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Range Generation Next, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2016 and 2015

A. Description of Plan

The following description of the Range Generation Next, LLC ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution plan covering all employees of the Company who are age 21 or over. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Managers ("Board") is responsible for oversight of the Plan, and has delegated certain responsibilities to the Plan Administrator ("Administrator"). The Board determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan commenced on April 6, 2015.

2. *Contributions*. Each year, participants may elect to defer from their compensation a specific percentage or dollar amount and have that amount contributed to the Plan as a salary deferral, up to certain IRS limitations ($18,000 in 2016 and 2015). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to certain IRS limitations ($6,000 in 2016 and 2015). There are two types of salary deferrals: Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. For purposes of this description, "salary deferrals" generally means both Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. Regardless of the type of deferral a participant makes, the amount deferred is counted as compensation for purposes of Social Security taxes.

   Pre-Tax 401(k) deferrals. Pre-Tax 401(k) deferrals reduce taxable income by the deferral contributions. Later, when the Plan distributes the deferrals and earnings, participant will pay the taxes on those deferrals and the earnings.

   Roth 401(k) deferrals. Roth 401(k) deferrals are subject to federal income taxes in the year of deferral. However, the deferrals and, in most cases, the earnings on the deferrals are not subject to federal income taxes when distributed to the participant. In order for the earnings to be tax free, certain conditions must be met as described in the Plan summary.

   Company Match. The Company provides a matching contribution to participants based on their employment status. Represented employees are governed by the terms of their Collective Bargaining Agreement. Non-represented employees are provided a pre-determined company match.

3. *Participant accounts*. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting.* Participants are 100% vested immediately in both their contributions and the Company's contributions plus actual earnings thereon.

5. *Notes receivable from participants.* Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The notes are secured by the balance in the participant's account. The note interest rate is equal to one percent above the prime rate. The interest rate will be fixed for the duration of the note. Generally, the term of notes may not exceed five years unless related to the purchase of your principal residence and are repaid through payroll deductions or check.

6. *Payment of benefits.* On termination of service from the Company due to death, disability, retirement, or other reasons, the participant may receive a distribution from their account in the Plan. If the value of the vested account balance does not exceed $5,000, then a distribution will be made to the participant regardless of whether they consent to receive it. If the vested account balance exceeds the $5,000 threshold then the participant must consent to a distribution. Participants may also elect to rollover distributions to a qualified IRA.

7. *Forfeited accounts*. At and during the periods ended December 31, 2016, and 2015 there were no forfeited accounts as participants are 100% vested in contributions at all times.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Fully benefit-responsive investment contracts (FBRICs) are reported at contract value, which is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in FBRICs through the Voya Fixed Account.

Pooled Separate Account investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies

utilizing information provided by the investment advisers, custodians and insurance company. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Accounting Standards

In July 2015, FASB issued ASU No. 2015-12 "I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, III. Measurement Date Practical Expedient." Under Part I of the update, fully benefit-responsive investment contracts are measured, presented and disclosed at contract value for defined contribution and health and welfare benefit plans. Part II of the update eliminates the requirement to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation for investment by general type. Additionally, Part II requires that investments of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investment in multiple ways. Part III of the update provides a practical expedient to permit plans to measure investment and investment-related accounting as of a month-end date that is close to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end.

The update is effective for fiscal years beginning after December 15, 2015. The Plan's financial statements reflect the adoption of the standard.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis at a rate of 4.25% and 4.5% for 2016 and 4.25% for 2015. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan may be paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2017, the date the financial statements were available to be issued.

C. Information Certified by the Custodian

The Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investments, notes receivable, and interest income on notes receivable from participants held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2016 and period ended December 31, 2015, disclosed in the accompanying financial statements and supplemental schedule were obtained or derived from the information supplied to the Administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company ("Voya").

Statement of Net Assets Available for Benefits:

Total investment income (loss)	$ 1,439,693	$ (338,143)
Interest income on notes receivable from participants	$ 15,410	$ 3,765

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of the asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no transfers between levels during 2016 and 2015. Following is a description of the valuation methodology used.

Pooled Separate Accounts: The variable funds are pooled separate accounts that invest directly in designated mutual funds. The separate account owns and holds the underlying mutual funds which are valued daily at their net asset value (NAV). Plans and participants hold "units of participation" in the separate account. The accumulation unit value (AUV) is the value of each unit in the separate account and the separate account is valued daily as the number of accumulation units held multiplied by the AUV. Voya Retirement Insurance and Annuity Company (VRIAC)

determines the AUV daily based on the net asset value of shares in the underlying fund, the fund's dividends and the Contract's separate account charges.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016

	Level 1	*Level 2*	*Level 3*	*Total*
Pooled Separate Accounts	$ 18,412,835	-	-	$ 18,412,835
Total assets at fair value	$ 18,412,835	-	-	$ 18,412,835

Assets at Fair Value as of December 31, 2015

	Level 1	*Level 2*	*Level 3*	*Total*
Pooled Separate Accounts	$ 12,436,487	-	-	$ 12,436,487
Total assets at fair value	$ 12,436,487	-	-	$ 12,436,487

Pooled Separate Accounts, which were classified as Level 1 Mutual Funds in the period ended December 31, 2015, were revised in the current year to reflect the investment level unit of account of Pooled Separate Accounts.

E. Fully Benefit-Responsive Investment Contracts

In 2015, the Plan entered into a fully benefit-responsive guaranteed investment contract with Voya Financial through a group funding contract issued by Voya Retirement Insurance and Annuity Company (VRIAC). The account is an obligation of VRIAC's general account. The value of the account is determined by the daily crediting of interest which is subject to minimum contractual guarantees. Investment transfers to and from the account and withdrawals to pay participant benefits are made at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of

net assets available for benefits at contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The guaranteed investment contract does not permit the Contract Holder to terminate the agreement prior to the scheduled maturity date unless the Contract Holder is notified of any unilateral change.

F. Rollovers Contributions

On September 9, 2015, the Company approved an addendum to the Plan Service Agreement for the Plan to have Voya process rollover contributions into the Plan based solely on the employee's execution in good order of the prescribed rollover form. Accordingly, the self-certification section of the rollover form advises employees that they may be required to provide additional documentation to substantiate the rollover contribution and a corrective distribution may be made to the participant of any portion of such rollover that is later determined to be an ineligible rollover contribution in accordance with plan provisions and/or related Internal Revenue Service regulations. All participants in the Plan became 100 percent vested in that plan upon hire and were provided the option to have existing account balances from other plans rolled into the Plan.

G. Related-Party Transactions and Party In Interest Transactions

The Custodian of the Plan, Voya, is a party-in-interest with respect to the plan. The Voya Fixed Account is available through a group funding contract issued by Voya Retirement Insurance and Annuity Company. The Plan also pays fees to the Custodian. In addition, the Plan has a revenue sharing agreement with the Custodian whereby certain revenue received by the Custodian from sponsors of some of

the Plan investment options is used to pay Plan expenses. For the periods ended December 31, 2016 and 2015, the Plan did not earn revenue under the revenue sharing agreement.

Subject to the terms of the Plan document, the Plan makes certain loans to participants who are employees of the Company, and are therefore parties-in-interest with respect to the plan.

H. Plan Termination

Although it has not expressed any intent to do so, the Company has the right at any time to terminate the Plan by delivering to the Trustee and Administrator written notice of such termination subject to the provisions of ERISA. Upon any full or partial termination or upon the complete discontinuance of the Company's contributions to the plan, all amounts credited to the affected participants' combined accounts shall not thereafter be subject to forfeiture.

I. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan is in compliance with Section 401 of the Internal Revenue Code (IRC). The Plan's tax counsel believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress since Plan commencement.

J. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

K. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015, to Form 5500:
