Garden View Care Center Employee Savings Plan
Notes to Financial Statements
December 31, 2016 and 2015

1. Plan Description

The following description of the Plan is provided for financial reporting purposes only. Participants of the Plan should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1994, and is a prototype defined contribution retirement plan as defined by Section 401 of the Internal Revenue Code ("IRC") covering all eligible employees of Garden View Care Center, Inc., Garden View Care Center of Chesterfield, Inc., and Garden View Care Center of St. Louis, Inc., (the "Employers") with Garden View Care Center of Chesterfield as the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

Employees are eligible to enter the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year after completing one year of service, which consists of twelve consecutive months of employment with at least 1,000 hours of service. Employees must be age 21 before entering the Plan.

Contributions

Participants may contribute up to 100 percent of pretax annual compensation, as defined in the plan document, not to exceed certain dollar limits established by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Employers may also make an annual discretionary profit sharing contribution to the Plan. Contributions are allocated to eligible participants' accounts based upon their percentage of eligible compensation. Participants must be actively employed at the end of the Plan year to receive the profit sharing contribution. There were no Employer profit sharing contributions for the years ended December 31, 2016 and 2015.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Employers' contributions, if any, and Plan earnings, and charged with an allocation of administrative expenses. Allocations of Plan earnings are based on participant account balances as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are vested immediately in their contributions plus actual earnings thereon. Eligible participants do not become vested in the Employer's discretionary contribution plus earnings until they complete three years of service at which time they become 100 percent vested.

The nonvested balance is forfeited upon termination of service. Participants become fully vested upon death, termination of the Plan, normal retirement age, or total disability.

At December 31, 2016 and 2015, forfeited nonvested accounts totaled $243 and $2,507, respectively. These accounts may be used to reduce future employer contributions or for payment of administrative costs of the plan. For the year, ended December 31, 2016, the forfeiture nonvested accounts were used to pay administrative costs of the plan.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. The maximum number of loans available to any participant is one. Participants may borrow from their account a minimum of $1,000 up to the maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loan is secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 5.25 percent, which is determined by the plan administrator based on the prime rate plus 1.00 percent and is fixed over the life of the note. Loan terms are limited to five years. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Prior to separation from service with the Employers, a participant may request a distribution of rollover contributions. In the event of a financial hardship, certain participant funds, as defined in the plan document, may be requested for distribution. In-service distributions may also be requested by participants who are at least age 59 1/2.

Upon attainment of normal retirement age, total disability, or death, the amount credited to a participant's account is payable in a lump sum or installments. Upon termination of employment for reasons other than retirement, total disability, or death, the participant's account balance will be distributed in a manner based on the value of the account. If a separated participant's account does not exceed $5,000, the benefit will be distributed in a lump sum within a reasonable time after termination of employment. If the participant's account balance exceeds $5,000, the participant may elect to receive the benefit in a lump sum or installments in accordance with the plan document.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared in accordance with the provisions of the Financial Accounting Standards Board ("FASB"), Accounting Standards Codification (the "FASB ASC"), which is the source of authoritative, non-governmental accounting principles generally accepted in the United States of America ("GAAP"). All references to authoritative accounting guidance contained in our disclosures are based on the general accounting topics within the FASB ASC.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

The Plan follows guidance issued by the FASB on fair value measurements, which establishes a framework for measuring fair value, clarifies the definition of fair value within that framework, and expands disclosures about the use of fair value measurements. This guidance applies whenever fair value is the applicable measurement. The three general valuation techniques used to measure fair value are the market approach, cost approach, and income approach.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Employers and are excluded from these financial statements. If the Employers do not pay some of these expenses, then the expenses paid using Plan assets will generally be allocated proportionally based on the value of the account balances. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2017, the date the financial statements were available to be issued.

3. Information Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the Plan Sponsor and certified as complete and accurate by Capital Bank and Trust Company ("Capital Bank"), trustee of the Plan.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into Levels 1, 2 and 3. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical instruments in active markets.

Level 2	Inputs to the valuation methodologies to include quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in inactive markets, inputs other than quoted prices that are observable for the instruments, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The instruments' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Carrying amounts of certain financial instruments such as participant contributions receivable and notes receivable from participants approximate fair value due to their short maturities or because the terms are similar to market terms. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Following is a description of the valuation methodologies used for investments measured at fair value.

Level 1 investments consist of publicly traded mutual funds. These securities are valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Level 2 investments consist of a money market fund. The fund is directly invested in various U.S. government securities. The fund is valued at the calculated unit value based on the observable underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of investments is measured as of December 31, as follows:

	2016			
		Fair Value Measurements		
	Total	Level 1	Level 2	Level 3
Money market	$ 49,693	$ -	$ 46,693	$ -
Mutual funds	836,910	836,910	-	-
Total assets in fair value hierarchy	$ 886,603	$ 836,910	$ 46,693	$ -

	2015			
		Fair Value Measurements		
	Total	Level 1	Level 2	Level 3
Money market	$ 36,592	$ -	$ 36,592	$ -
Mutual funds	705,621	705,621	-	-
Total assets in fair value hierarchy	$ 742,213	$ 705,621	$ 36,592	$ -

5. Related Party and Party-in-Interest Transactions

At December 31, 2016 and 2015, certain Plan investments are shares of mutual funds of American Funds Distributors, Inc. American Funds Recordkeeper Direct is the record keeper at December 31, 2016 and 2015. As divisions of the trustee, Capital Bank and Trust Company, they provide trustee, reporting, and related services to the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments.

During 2016 and 2015, the Employers paid certain administrative and other operating expenses of the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Employers contribution portion of their account.

7. Tax Status of Plan

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated May 28, 2002, that the Plan and related Trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. The Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

In accordance with GAAP, the Plan's management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016 and 2015, there were no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan Sponsor believes the plan is no longer subject to income tax examinations for the years prior to 2013. The Plan is also subject to routine audits by the Department of Labor generally for six years after the statutory due date of the annual information return, however, there are currently no audits in progress for any tax periods.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Corrective Participant Contributions

In 2016, the Employers incorrectly calculated certain participant deferrals contributions. The participant's late deferrals and lost earnings consisted of $350 and constitute a prohibited transaction under ERISA. The missed contributions and related lost earnings were paid by the Plan Sponsor in October 2017.

10. Delinquent Participant Contributions

In 2016 and 2015, the Employers failed to remit certain participant contributions totaling $32,186 and $12,470, respectively, to the Plan on the earliest date these amounts could reasonably have been segregated from the Employers' general assets. Late remittances of participant contributions constitute a prohibited transaction under ERISA. In October 2017 and 2016, the Plan Sponsor submitted a request to the U.S. Department of Labor, Employee Benefits Security Administration, under the Voluntary Fiduciary Correction Program for a compliance statement related to these delinquent contributions. Related lost earnings and excise taxes were paid by the Plan Sponsor in October 2017 and 2016.
