**TAKUMI STAMPING 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Takumi Stamping 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and the summary plan description for a more complete description of the Plan's provisions.

The Plan was amended and restated to merge the Takumi Stamping Texas Inc. 401(k) Plan into the Takumi Stamping 401(k) Plan. The merger was effective as of August 1, 2016, and the amended and restated, merged plan was named Takumi Stamping 401(k) Plan.

General

The Plan is a defined contribution plan covering certain employees of Takumi Stamping, Inc. (the Company) who have three months of service and are age eighteen or older. Employees will have the opportunity to become a participant on the first "entry date", January 1, April 1, July 1, or October 1 of each year, once that employee satisfies those requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Each year, participants may contribute up to limits as defined in the Plan, not to exceed amounts determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other retirement plans as described in the Plan document. Participants direct the investment of their contributions into any combination of several investment options offered by the Plan.

Employer Contributions

The Company makes matching contributions equal to 50% of the participant's deferrals up to the first 6% of the participant's compensation. The Plan does not allow for profit sharing contributions. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with employee's elective deferrals and allocations of (a) Plan earnings (losses), including a charge for allocation of administrative expenses paid by the Plan and (b) employer contributions. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participants vested account balance. Generally, notes are repayable through payroll deductions over periods up to 60 months. The notes are collateralized by the balance of the participant's account and bear interest at a reasonable rate.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)**Vesting**

Participants are immediately vested in their 401(k) elective deferrals and any rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service as defined in the Plan. Vesting begins upon the completion of the second year of service, and a participant is 100% vested after three years of credited service.

Forfeitures

Forfeitures on non-vested account balances will be used to reduce future employer contributions or to pay Plan expenses.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment from the Company, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or any other form of payment included in the Plan document. However, participants with a vested balance of less than \$1,000 will receive a lump sum amount equal to the vested portion of their account. Participants with a vested balance in excess of \$1,000 may remain in the Plan, but they may not make additional contributions.

Administrative Expenses

A portion of the administrative expenses, which includes audit fees, are paid by the Plan's sponsor. Expenses paid by the Plan's sponsor are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The process of preparing financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive contracts, which are recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company (see Fair Value Measurements note).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**Payment of Benefits**

Payments of benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of either December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Net Assets Available for Benefits

Net assets available for benefits at both December 31, 2016 and 2015 included \$-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

Tax Status

The Plan is currently operating under a prototype plan document that has been accepted under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. This prototype document received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. The Plan has been amended since receiving this opinion letter. A determination letter has not been received specific to the Takumi Stamping 401(k) Plan. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of both December 31, 2016 and 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Currently, the prior three years are open under Federal statutes of limitations and remain subject to review and change. Neither the Plan nor the Company is currently under audit nor have they been contacted by any taxing authority.

Subsequent Events

The Plan has evaluated subsequent events through October 16, 2017, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

LEVEL 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at either December 31, 2016 or 2015.

Mutual funds - Valued at the Net Asset Value (NAV) of shares held by the Plan at year end as reported by the fund.

The preceding method described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ <u>2,334,798</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>2,334,798</u>
Total Assets at Fair Value	\$ <u><u>2,334,798</u></u>	\$ <u><u>-</u></u>	\$ <u><u>-</u></u>	\$ <u><u>2,334,798</u></u>

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2015:

	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 16,312	\$ -	\$ -	\$ 16,312
Mutual Funds	<u>1,244,247</u>	<u>-</u>	<u>-</u>	<u>1,244,247</u>
Total Assets at Fair Value	<u>\$ 1,260,559</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,260,559</u>

For both the years ended December 31, 2016 and 2015, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 4 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a guaranteed investment contract, the Great-West Life Insurance and Annuity Insurance Company Key Guaranteed Portfolio Fund (the "Fund") which invests in a variety of benefit-responsive investment contracts issued by insurance companies and other financial institutions. The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the Fund, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at both December 31, 2016 and 2015 was \$73,147. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5 - LIMITED SCOPE AUDIT

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary schedules, including investments and notes receivable from participants held at both December 31, 2016 and 2015, and the net appreciation (depreciation) in fair value of investments, interest, and dividends for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by MassMutual Life Insurance Company, Fidelity Management Trust Company, and Empower Retirement, the trustees of the Plan.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 7 - FORFEITURES

For the years ended December 31, 2016 and 2015, forfeitures of \$1,514 and \$3,455, respectively, were used to pay Plan expenses. No forfeitures were used to offset employer contributions for either year. As of December 2016 and 2015, there were \$3,399 and \$2,065, respectively, in unallocated forfeitures.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by MassMutual Life Insurance Company, Fidelity Management Trust Company and Empower Retirement. MassMutual Life Insurance Company, Fidelity Management Trust Company, and Empower Retirement, are the trustees and record-keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - DELINQUENT REMITTANCES
