LANDMARK HEALTH LLC 401(k) RETIREMENT PLAN

Notes to Financial Statements
For the eleven months ended December 31, 2016

1. Plan Description

The following description of the Landmark Health LLC 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan, effective February 1, 2016, is a defined contribution plan established by Landmark Health, LLC (the Principal Employer).

The following employers have executed adoption agreements and become participating employers in the Plan (Participating Employers): (1) Landmark Medical of California, (2) Landmark Medical PC, (3) Landmark MSO, (4) Landmark Medical of Oregon PC, and (5) Landmark of Medical Washington PC.

The Plan covers all employees of the Participating Employers who have completed three months of service and attained the age of 21, excluding nonresident aliens and leased employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

At the Plan's inception, \$2,146,479 in assets allocated to the Company's employees were transferred to the Plan from the TriNet 401(k) Plan.

b. Contributions

Participants may contribute up to the maximum amount allowed by law in pre-tax or Roth deferrals. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes matching contributions equal to 50 percent of participant deferrals up to 6 percent of compensation, as set forth in the plan document. During 2016, Company contributions totaled \$457,619.

c. Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, if applicable, and the Plan's earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct their account balance into various investment options offered by the Plan.

d. Vesting

Participants are immediately vested all contributions plus actual earnings thereon.

LANDMARK HEALTH LLC 401(k) RETIREMENT PLAN

Notes to Financial Statements

For the eleven months ended December 31, 2016

e. Distribution of Benefits

Upon termination of employment due to termination of service, death, disability, or retirement, participants may elect to receive the value of their vested account balance in a lump-sum distribution, installments, and partial withdrawals. Participants may also take a financial hardship withdrawal under certain circumstances.

f. Forfeited Accounts

At December 31, 2016, forfeited non-vested accounts totaled \$127. These accounts will be used to pay plan expenses or to reduce future Company contributions.

g. Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 (reduced by the participant's highest outstanding loan balance during the 12-month period ending on the date of the loan) or 50 percent of their vested account balance with a minimum loan amount of \$1,000. Loan terms range up to five years, but may be extended if the proceeds are to be used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25 to 4.50 percent. Principal and interest are paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

LANDMARK HEALTH LLC 401(k) RETIREMENT PLAN

Notes to Financial Statements

For the eleven months ended December 31, 2016

c. Investment Valuation and Income Recognition

Except as noted below, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value, also referred to as book value, is equal to total contributions allocated to the investment, less withdrawals and expenses, plus accrued interest.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net realized and unrealized appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Net Appreciation in Fair Value of Investments

Realized gains and losses on investments are based on the market value of the asset at the beginning of the reporting period, or at the time of purchase for assets purchased during the period, and the related fair value on the day the investments are sold during the period. Unrealized gains and losses on investments are based on the market value of the assets at the beginning of the reporting period, or at the time of purchase for assets purchased during the period, and the related fair value at the end of the period. Net realized and unrealized appreciation in fair value of investments is reflected in the accompanying Statement of Changes in Net Assets Available for Plan Benefits.

e. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

f. Payment of Benefits

Benefits are recorded when paid.

g. Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the administrative agent and independent public accountants, may be paid by the Plan. The Company, at its discretion, may decide to pay for certain of these administrative expenses on behalf of the Plan. Most investment options have management fees, which reduce the overall return on assets. The net realized and unrealized appreciation in fair value of investments is reflected net of these fees.

LANDMARK HEALTH LLC 401(k) RETIREMENT PLAN

Notes to Financial Statements
For the eleven months ended December 31, 2016

h. Subsequent Events

The Plan has evaluated the subsequent events through October 13, 2017, the date the financial statements were available to be issued.

i. New Accounting Pronouncements

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (consensus of the Emerging Issues Task Force)*.

Among other things, ASU 2015-12 simplifies employee benefit plan reporting for fully benefit-responsive investment contracts and plan investment disclosures. The amendments to the Accounting Standards Codification (ASC) contained in ASU 2015-12 are effective for all plan years beginning after December 15, 2015.

The Plan has applied all applicable parts of ASU 2015-12 in the current period's financial statements. As required under ASU 2015-12, the changes have been applied retrospectively to all periods presented. Application of ASU 2015-12 does not change total net assets available for plan benefits.

The changes in accordance with ASU 2015-12 affect the presentation of the financial statements and the information contained in the financial statement disclosures as follows:

- Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts.
- Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for plan benefits and the net appreciation or depreciation in fair value of investments by general type.
- Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to further disaggregate investments by nature, characteristics, and risks for purposes of the financial statement disclosures.
- Part III is not applicable to the Plan.

Notes to Financial Statements

For the eleven months ended December 31, 2016

i. New Accounting Pronouncements (continued)

The Plan has also adopted FASB ASU 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments That Calculate Net Asset Value Per Share (or Its Equivalent)* (a consensus of the Emerging Issues Task Force).

ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share (or its equivalent) as a practical expedient. The amendments to the ASC contained in ASU 2015-07 are effective for all plan years beginning after December 15, 2016; however, early application ASU 2015-07 is permitted.

The Plan has elected to apply ASU 2015-07 in the current period's financial statements. As required under ASU 2015-07, the changes have been applied retrospectively to all periods presented. Application of ASU 2015-07 does not change total net assets available for plan benefits.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits.

4. Fair Value Measurement

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

4. Fair Value Measurement (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Pooled separate accounts: Valued at NAV of units held by the Plan on the reporting date, which is considered by plan management to be the best approximation of fair value. The unit values are calculated based on the collective values of the underlying investments.

Funds held in pooled separate accounts may be redeemed daily without restriction.

All of the Plan's investments that are carried at fair value were measured at NAV per share (or its equivalent) and, therefore, have not been classified in the fair value hierarchy.

5. Fully Benefit-Responsive Investment Contract with Insurance Company

In 2016, the Plan entered into a fully benefit-responsive investment contract with Transamerica Life Insurance Company. Transamerica Life Insurance Company maintains the contributions in a general account. The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

5. Fully Benefit-Responsive Investment Contract with Insurance Company (Continued)

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Transamerica Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. Summary of Unaudited Information

The Insurer of the Plan certified certain information, which was not audited in accordance with the plan administrator's instructions and as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information certified by the Insurer consists of the following:

- Fair value and contract value of investments and the carrying amount of notes receivable from participants as reflected in the Statement of Net Assets Available for Plan Benefits as of December 31, 2016.
- Investment income and interest income on notes receivable from participants as reflected in the Statement of Changes in Net Assets Available for Plan Benefits for the Eleven Months Ended December 31, 2016.
- Investment information reflected in the Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2016.

The Plan's independent public accountants did not perform auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

7. Plan Termination

The Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants are always 100 percent vested in their accounts.

8. Tax Exempt Status

The Company has adopted a volume submitter plan document subject to a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plan Compliance Resolution System. Accordingly, the plan administrator believes that the Plan and related trust are designed in accordance with applicable sections of the IRC and, accordingly, are exempt from income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Related Party Transactions

Transamerica Life Insurance Company is the Insurer of the Plan and holds and manages investments. Transactions with Transamerica Life Insurance Company are party-in-interest transactions, as defined by ERISA.

10. Non-exempt Transactions

Certain of the participant contributions were not remitted within the maximum period of time permitted by the Department of Labor's Rules and Regulations and, therefore, constitute the lending of monies from the Plan to the Company. These non-exempt transactions are detailed in the attached supplemental schedule, Schedule H, line 4a – Schedule of Delinquent Participant Contributions for the Eleven Months Ended December 31, 2016.

The plan sponsor is in the process of correcting the non-exempt transactions by making contributions to the Plan and allocating lost earnings to affected participants.
