## Note 1 - Description of the Plan and Significant Accounting Policies

The following description of LenderLive Network, LLC 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan established January 1, 2000 and subsequently restated. The Plan is available to employees age 21 years or older who have completed one hour of service in one month. Once eligible, employees may enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan sponsor, LenderLive Network, LLC (the "Company"), administers the Plan. Nationwide Life Insurance Company ("Nationwide") serves as custodian and manages the Plan's investments. Nationwide offers Plan participants a variety of investment options. Individual accounts are invested in the various investment options at the direction of the participants. Retirement Plan Solutions maintains the Plan's records.

### Basis of Presentation

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with generally accepted accounting principals.

### Contributions

Participants may make before-tax contributions up to 100% of their annual compensation, which are subject to annual limitations by the IRS. Additional catch-up contributions are available to any participant who is age 50 or older and has made the maximum contribution for the year. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

Employees are also eligible to contribute on an after-tax basis, through payroll deductions, a percentage subject to an annual limit of the lesser of 100% of eligible compensation or the annual IRS limitations in a calendar year as Roth 401(k) contributions. All Roth 401(k) contributions and earnings or losses thereon will be separately identified in the participant account balance records to facilitate compliance with the regulations prescribed for tax treatment of distributions. A participant's combined pre-tax and Roth 401(k) contributions cannot exceed the maximum annual amount allowed by law.

The Company may also elect to make a discretionary matching contribution to eligible participants, as determined by the Company. The Company made discretionary matching contributions of 100% of the first 1% contributed totaling $274,931 for the year ended December 31, 2016.

The Company may elect to make an additional discretionary non-elective contribution to eligible participants who are employed on the last day of the Plan year or who had at least 501 hours of service during the Plan year, as defined by the Plan, determined by the Company. The Company did not make any discretionary non-elective contributions during the year ended December 31, 2016.

**Note 1 - Description of the Plan and Significant Accounting Policies (continued)**

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution; rollover contributions; and an allocation of the Company's contributions, administrative expenses, Plan earnings or losses, and forfeitures. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Any discretionary employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

| Years of Service | Vested Interest |
|---|---|
| Less than 1 | 0% |
| 1 | 20% |
| 2 | 40% |
| 3 | 60% |
| 4 | 80% |
| 5 | 100% |

A participant obtains a year of vesting for every year he or she works 1,000 hours or more. A participant's account also becomes 100% vested upon death, attaining normal retirement age (age 65), retirement due to disability, or if the Plan is terminated.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances and may have one loan outstanding at a time. The loans are secured by the participants' accounts and bear interest at the prevailing interest rate at the date of loan origination, which is commensurate with local prevailing rates at loan inception as determined quarterly by the Plan administrator. Participant loans are recorded in the financial statements at amortized cost plus accrued interest. Principal and interest are paid ratably through regular payroll deductions over a period not exceeding five years, except loans used to acquire real estate that serves as the participant's primary residence, which may be paid over 30 years. All loans outstanding at December 31, 2016 had interest rates of 3.25% to 5.50% and maturity dates through April 2036.

**Note 1 - Description of the Plan and Significant Accounting Policies (continued)**

Payment of Benefits

Upon death, disability, attaining normal retirement age, or termination of service, a participant may elect to receive a lump-sum payment in the amount equal to the participant's vested account balance within a reasonable period of time after termination of employment. Vested account balances less than $5,000 will be automatically distributed upon termination. For a terminated participant with a vested balance greater than $5,000, if an election to distribute benefits is not made within 30 days following the termination date, his or her vested balance will be rolled into an individual retirement account.

Participants may not make withdrawals from their accounts prior to normal retirement age of 65 without incurring penalties, except in the event of disability, death, or termination of employment, subject to certain restrictions. The Plan allows participants to receive hardship withdrawals to satisfy certain immediate and heavy financial needs as voluntary in-service withdrawals not to exceed the balance in their elective deferrals, subject to certain penalties, to satisfy one of the immediate and heavy financial needs, as described in the Plan document. Benefits are recorded as distributions to participants when paid.

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account may be placed in a separate account and may be used to offset Plan expenses or future employer contributions. Forfeitures shall be allocated to participants in the same manner as the employer's discretionary contribution. The Plan had forfeitures of $19,340 and $967 at December 31, 2016 and 2015, respectively. In 2016, $17,536 of forfeitures were used to offset employer contributions.

Valuation of Investments and Income Recognition

The Plan's investments in mutual funds are recorded at fair value as reported to the Plan by the custodian, which is determined based on the last quoted price in the respective market. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further information on fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in market value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

**Note 1 - Description of the Plan and Significant Accounting Policies (continued)**

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investments in mutual funds. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Additionally, some investments held by Nationwide are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

The Plan had one investment that accounted for 16% and 11%, respectively, of total investments as of December 31, 2016 and 2015.

Transfer of Assets

Plan transfers represented the merger of the Company and Walz Certified Mail Solutions. On August 31, 2016, all of the assets of Walz Certified Mail Solutions 401(K) Plan (the "Walz Plan") totaling $1,263,012 were transferred into the Plan. Upon transfer, the transferring participants retained their original service dates. Under the discretionary matching policy, management of the Plan elected not to provide the discretionary employer match to employees transferring in from the Walz Plan until after December 31, 2016.

Subsequent Events

The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available to be issued. The Company changed payroll system providers from ADP to Ultimate on January 1, 2017. Additionally, the Company changed custodians from Nationwide to TransAmerica on July 5, 2017.

## Note 2 - Assets Certified by Nationwide

Nationwide has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2016 and 2015 and the income earned thereon for the year ended December 31, 2016, as reflected in the accompanying financial statements and supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the information certified by Nationwide, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

## Note 3 - Fair Value Accounting

Accounting principles generally accepted in the United States of America require disclosure about how fair value is determined and establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2016 and 2015. The following assets are measured at fair value on a recurring basis.

Assets at fair value as of December 31, 2016 are as follows:

| Description | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 10,328,400 | $ - | $ - | $ 10,328,400 |

## Note 3 - Fair Value Accounting (continued)

Assets at fair value as of December 31, 2015 are as follows:

| Description | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 7,833,033 | $ - | $ - | $ 7,833,033 |

There were no changes to the valuation techniques used during the period.

Mutual funds are valued at fair value based on quoted market prices.

## Note 4 - Income Taxes

On March 31, 2014, the IRS issued an opinion letter indicating that the prototype plan document adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received an opinion letter specific to the Plan itself and has since been amended; however, the Plan administrator believes that the Plan is designed and is being operated in accordance with the applicable rules and regulations and is, therefore, exempt from federal income taxes under the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

## Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or his or her beneficiary.

## Note 7 - Related Party and Party-in-Interest

Certain Plan investments are mutual funds managed by Nationwide. Nationwide is the Plan's custodian; therefore, these transactions qualify as party-in-interest. These transactions are exempt from the prohibited transaction rules. In addition, the Plan provides for participant loans, which are also party-in-interest transactions that are exempt from the prohibited transaction rules.
