Notes to Financial Statements

Note 1: Description of Plan

The following description of the Wiedner & McAuliffe, Ltd. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, as restated effective January 1, 2016, is a defined contribution plan covering all employees of Wiedner & McAuliffe, Ltd. (the Company), provided an employee is not (a) represented under a collective bargaining agreement, (b) a nonresident alien or (c) a leased employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan's net assets are held by Mid Atlantic Trust Company, the sub-custodian for Newport Trust Company (NTC), the Plan's Trustee.

Eligibility

Employees become eligible to participate in making elective salary deferrals to the Plan on their date of hire.

Employees are eligible to participate in a) Company matching contributions on their date of hire and b) Company profit-sharing contributions upon reaching age 21 and completing one year of service (at least 1,000 hours over a consecutive 12-month period), as defined. Effective January 1, 2016, participants are no longer required to be either actively employed on the last day of the Plan year or, if not employed at year-end, to have completed 500 hours of service during the Plan year. Eligible employees may enter the Plan on the first day of the month following the date eligibility requirements are satisfied.

Contributions

Each year, participants may contribute a portion of their annual compensation, as defined in the Plan, as either a pretax or Roth deferral, up to the maximum allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans (rollover). Participants direct investment of contributions into various investment options offered by the Plan.

The Company makes matching contributions each payroll period, equal to 50% of the participant's elective salary deferrals, up to a maximum amount of $2,000 per Plan year. Matching contributions for the year ended December 31, 2016 amounted to $150,956. Matching contributions for the year ended December 31, 2015 amounted to $140,773, less forfeitures used of $583, plus a corrective contribution of $1,852 for a total contribution of $142,042. In addition, the Company may make discretionary profit-sharing contributions, at the discretion of its Board of Directors, to be allocated to participants in proportion to the participant's allocation group, as defined. Discretionary contributions authorized for the years ended December 31, 2016 and 2015, amounted to $450,000 for each year.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions and allocations of (a) the Company's discretionary profit-sharing contribution, if any; and (b) plan earnings (losses). Allocations of discretionary profit-sharing contributions are based on the participant's compensation or allocation group, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested 100% in their voluntary contributions and rollover contribution accounts, plus actual earnings thereon. Participants vest in the Company's contributions at a rate of 20% per year beginning after two years of continuous service, with a participant being 100% vested after six years. Participants are immediately fully vested upon normal retirement (age 65), death or disability.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 less their highest outstanding loan amount during the prior 12 months, or 50% of their vested account balance in the Plan. Notes are repaid, with interest, through equal payroll deductions over a term of one to five years, unless the loan is used to acquire a principal residence, at which time the note can be repaid over a reasonable period of time. The notes are secured by the vested balance in the participant's account and bear interest at rates ranging from 4.25% to 4.75%, which are commensurate with local prevailing rates as determined by the plan administrator.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, as defined, participants may elect to receive an amount equal to the value of the vested interest in their account either in a lump sum or in substantially equal installments over a period of years not to exceed assumed life expectancy. In addition, participants may receive in-service distributions, as defined, and hardship withdrawals from their pretax elective deferral account while still employed by the Company, if they meet the Internal Revenue Service (IRS) qualifications for such withdrawals. At December 31, 2016 and 2015, there were no amounts owed to former participants whose employment had been terminated and who requested payouts of their account balances.

Forfeitures

At December 31, 2016 and 2015, forfeited nonvested accounts totaled $46,537 and $24,135, respectively. Forfeitures may first be used to pay plan expenses, then to reduce Company contributions to the Plan. During 2016, forfeitures of $40,114 were used to pay Plan expenses. During 2015, forfeitures of $583 were used to reduce Company matching contributions, and $36,568 were used to pay Plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan agreement.

Payment of Benefits

Benefit payments are recorded when paid.

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Professional fees and certain administrative expenses incurred by the Plan are paid with forfeitures, Plan assets or by the Company. Fees related to withdrawals or administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 16, 2017, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP specifies a three-tier fair value hierarchy, which prioritizes the inputs used in estimating fair value. These tiers include Level 1, defined as observable inputs such as quoted market prices in active markets; Level 2, defined as inputs other than quoted market prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exits, therefore, requiring an entity to develop its own assumptions.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Fair values are based on the NAV of shares held by the Plan at year-end as reported by the fund managers based on the value of the underlying assets at year-end. The NAV is used as a practical expedient to estimate fair value. These investments have no unfunded commitments, and the redemption frequency and redemption notice period is daily.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflect future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2016 and 2015.

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,180,005	$ -	$ -	$ 17,180,005
Investments measured at NAV				1,295,510
Total investment assets at fair value				$ 18,475,515

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,495,817	$ -	$ -	$ 15,495,817
Investments measured at NAV				1,052,595
Total investment assets at fair value				16,548,412

Note 4: Information Prepared and Certified by Trustee

Certain information in the accompanying financial statements and supplemental schedules, including investments, notes receivable from participants and non-interest-bearing cash held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by NTC, the Trustee of the Plan.

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Transactions involving notes receivable from participants and plan investments managed by NTC, the Trustee of the Plan, qualify as party-in-interest transactions. These transactions are not considered prohibited transactions under ERISA regulations. Fees paid by the Plan for adminstrative expenses aggregated $61,626 and $63,569, inclusive of $40,114 and $36,568 provided by forfeitures, for the years ended December 31, 2016 and 2015, respectively.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company matching and profit-sharing contributions. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 7: Tax Status

The Plan, as adopted by the Company, is a Volume Submitter Profit-Sharing Plan (Volume Submitter Plan) sponsored by Verisight, Inc. (now known as Newport Group, an affiliate of NTC). The Volume Submitter Plan obtained its latest determination letter on March 31, 2014, in which the IRS stated that the Volume Submitter Plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan has not requested its own IRS determination letter. The Plan has been amended since receipt of the determination letter. However, the Plan administrator believes the Plan is currently designed, and being operated, in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdications; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Prohibited Transactions

During 2016 and 2015, salary deferrals and loan payments totaling $418,507 and $299,502, respectively, were not deposited by the Company within the period required under the U.S. Department of Labor's regulations. Lost earnings on the deposits will be calculated and deposited into the trust. The Company will file Form 5330 and pay all applicable excise taxes to the IRS. All payments will be made from the Company's assets, not from the Plan's assets.
