## Note 1 - Description of the Plan

The following description of the GM Nameplate, Inc. Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General -** The Plan is a defined contribution 401(k) and profit sharing plan established on December 1, 2002. The Plan covers employees of GM Nameplate, Inc. (the Company), except leased employees and those employees subject to a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective December 1, 2016, the Plan was amended to include Medamonitor LLC as a participating employer of the plan.

**Eligibility -** Employees who are at least 18 years of age become eligible to participate in the Plan on their date of hire but are not eligible to receive discretionary employer matching contributions until they have completed 12 consecutive months of employment in which he or she worked at least 1,000 hours. Employees must be employed on the last day of the plan year to receive discretionary employer matching contributions.

**Contributions -** Employees may elect to defer up to 80% of their compensation as pre-tax contributions or Roth contributions under the Plan's 401(k) provisions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Catch-up contributions are not eligible for employer matching contributions. Participants may also make rollover contributions to their account from other eligible plans. Newly-eligible employees are automatically enrolled at a 6% pre-tax deferral rate unless they formally waive participation or elect a different deferral rate. The deferral rate increases annually for automatically enrolled participants by 1% until a deferral rate of 10% is reached.

Employer contributions are discretionary. The Company matched 25% of the first 6% of each participant's contribution to the Plan for the period from January 1, 2016 through April 30, 2016. Additionally, the Company matched 12.5% of the first 6% of each participant's contribution to the Plan for the period from January 1, 2016 through December 31, 2016. Additional profit sharing contributions may be contributed at the discretion of the Company's Board of Directors (the Board). The Board did not authorize a profit sharing contribution for the plan year ended December 31, 2016.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

**Participant Accounts -** Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Investment Options -** Participants direct contributions and the allocation of their account balance into a variety of investment options including self-directed brokerage accounts. Participants may change their investment elections and make transfers between investment options daily.

**Vesting -** Participants are vested immediately in all contributions plus actual earnings thereon.

**Note 1 - Continued**

**Notes Receivable From Participants -** The Plan allows participants to borrow from their accounts using their vested balance as collateral for loans. The maximum amount that a participant may borrow is equal to the lesser of 50% of their vested account balance less the largest loan balance outstanding in the prior 12 months or $50,000. The minimum amount required to be borrowed is $1,000. The interest rate on such borrowings is equal to prevailing rates as determined by the plan administrator. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. Each loan is repaid through monthly payroll deductions.

**Benefits Paid to Participants -** Upon termination of service, death, disability, or retirement, a participant or their beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested value in his or her account or installment payments. If the participant's account is valued at $5,000 or less, the amount will be distributed in a lump sum. Withdrawals may be made in the event of certain other conditions, as specified in the Plan, such as financial hardship or termination of the Plan. In addition, in-service distributions are permitted for participants who have attained age 59 ½.

**Note 2 - Summary of Accounting Policies**

**Basis of Accounting -** The financial statements of the Plan have been prepared on the accrual basis of accounting.

**Use of Estimates -** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition -** The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reported on a trade date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation or depreciation in the fair value of investments includes both realized and unrealized gains and losses

**Notes Receivable From Participants -** Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Benefits Paid to Participants -** Benefits paid to participants are recognized when they are paid.

**Investment Management and Administrative Expenses -** Generally, mutual funds are subject to an investment management fee captured within the expense of operating the mutual fund. All such fees are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged.

The Plan's administrative expenses include fees paid to third parties for recordkeeping and other administrative services. The Plan's other administrative expenses are paid by the Company.

**Note 2 - Continued**

**Subsequent Events -** The Plan's management has evaluated subsequent events through October 11, 2017, the date on which the Plan's financial statements were available to be issued.

**Note 3 - Fair Value Measurements**

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds and Money Market Account - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts - Accounts primarily consist of mutual funds and common stocks. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued as described above.

Collective Trust Fund - The Plan invests in the Fidelity Management Trust Company (Fidelity) - Managed Income Portfolio (the Portfolio), which is valued based on the fair value of the underlying investments held by the fund less its liabilities. The Portfolio allows daily redemption, does not require advance notice to redeem, and, as of the measurement date, there were no unfunded commitments. Were the Plan to initiate a full redemption of the collective trust, the fund's trustee reserves the right to temporarily delay.

**Note 3 - Continued**

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

| | Fair Value Measurements as of December 31, 2016 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 42,454,965 | $ - | $ - | $ 42,454,965 |

| Investments measured at NAV[(a)] | | | | 8,865 |
| **Total Investments at Fair Value** | | | | **$ 41,040,003** |

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**Note 4 - Information Prepared and Certified by the Trustee**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2016 and 2015, and investment income and transactions for the year ended December 31, 2016, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee of the Plan. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

**Note 5 - Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**Note 6 - Federal Income Taxes**

The Company adopted a Fidelity volume submitter plan document. Fidelity received an advisory letter from the IRS dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

**Note 7 - Party-in-Interest Transactions**

The Plan invests in mutual funds managed by Fidelity or its affiliates. Transactions with such investments and fees charged by Fidelity or its affiliates directly to the funds for managing the investments, qualify as party-in-interest transactions. During the year ended December 31, 2016, direct fees paid from the Plan to Fidelity were $7,424.

**Note 8 - Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

These delinquent deposits are considered nonexempt prohibited transactions. Lost earnings were restored to participant accounts during 2017.
