The following description of ProMedica Health System, Inc. 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of ProMedica, Inc. and Subsidiaries (collectively, the "Company"). An employee is eligible to become a participant in the Plan the first full pay period in the month following the date of employment. Subsidiaries currently participating in the Plan include The Toledo Hospital, Toledo Children's Hospital, Flower Hospital, Bay Park Community Hospital, Mercy Memorial Hospital Corporation, ProMedica Continuing Care Services Corporation, ProMedica Health System, ProMedica Physician Group, Fostoria Community Hospital, Lenawee Health Alliance, Inc. (ProMedica North Region), Visiting Nurse Extra Care, Visiting Nurse Hospice and Healthcare, and all other eligible not-for-profit business units. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary 403(b) contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. During 2016, the Plan was amended to allow for a special one-time employer contribution for participants transferring into the Plan from the Mercy Memorial Hospital System Retirement Savings Plan and was based on their covered compensation for the 2015 plan year.

Vesting - Participant account balances are generally fully vested at all times and are not subject to forfeiture for any reason. Participants transferring into the Plan from the Mercy Memorial Hospital System Retirement Savings Plan and the Memorial Hospital Employees Savings Plan 403(b) continue to vest in the invested portion of their employer contributions at a rate of 20 percent per year until fully vested after five years of service, including years of service provided within their respective prior plan.

Payment of Benefits - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Participant Notes Receivable - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator.

Notes to Financial Statements December 31, 2016 and 2015

Note 1 - Plan Description (Continued)

Party-in-interest Transactions - Certain plan assets are in investment funds managed by T. Rowe Price Trust Company and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company or their affiliates. T. Rowe Price Trust Company and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company are trustees of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in the plan document and ERISA. In the event of termination of the Plan, participants will become 100 percent vested in their account balances.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on the participant's compensation or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value except as noted below. The fully benefit-responsive insurance contract is valued at contract value. Contract value represents investments at cost plus earnings at guaranteed crediting rates, less withdrawals and fees.

Additionally, the Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in publicly traded securities, which are valued using quoted market prices. All other investments are valued based on quoted market prices. See Note 5 for additional information.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company as provided in the plan agreement.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 12, 2017, which is the date the financial statements were available to be issued.

New Accounting Pronouncement - During 2016, the Plan adopted Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. Parts I and II of the ASU were applicable to the Plan. Part I requires the fully benefit-responsive investment contract be recorded at contract value without presentation of fair value or the difference between fair value and contract value and reduces the related disclosures. Part II modified the investment disclosures under ASC 820, *Fair Value Measurements*, and ASC 962. This standard was adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Note 3 - Unaudited Information

T. Rowe Price Trust Company (T. Rowe Price), Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust Company), Metropolitan Life Insurance Company (MetLife), and Reliance Trust Company (Reliance) hold the Plan's investments and participant notes receivable and execute all related transactions. T. Rowe Price, Principal Trust Company, MetLife, and Reliance have certified the investment balances and related investment income and losses. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by T. Rowe Price, Principal Trust Company, MetLife, and Reliance.

Note 4 - Tax Status

The Internal Revenue Service (IRS) is not currently accepting applications for individual 403(b) plan determination letters. The plan administrator has indicated the Plan will apply for a determination letter when the IRS allows such applications to be made. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2016 and 2015.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

For instances wherein inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2016

Money market fund - Short-term investments	\$ 2,496,965	\$ 2,496,965
Mutual funds	113,827,701	113,827,701

Note 5 - Fair Value Measurements (Continued)

Assets Measured at Fair Value on a Recurring Basis at December 31, 2015

	Investments (at Fair Value)	Level 1	Level 2
Money market funds - Short-term investments	\$ 2,081,942	\$ 2,081,942	\$ -
Mutual funds	32,247,365	32,247,365	-
Self-directed brokerage account investments	8,827,966	8,223,057	604,909
Total investments at fair value	<u>\$ 43,157,273</u>	<u>\$ 42,552,364</u>	<u>\$ 604,909</u>

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2016 and 2015.

Note 6 - Investment Contracts

The Plan has a benefit-responsive investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting, but may not be less than 1.50 percent. When establishing interest credit rates for this product, Principal considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account.

Generally there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

As described in Note 2, because the contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 7 - Plan Merger

In December 2015, Mercy Memorial Hospital System became an adopting member of the Plan for participants of the Mercy Memorial Hospital System Retirement Savings Plan (excluding those participants that formerly participated in the Monroe Community Health Services Inc. Retirement Savings Plan). Accordingly, the affected participants became participants in the Plan and their account balances were transferred into the Plan. Assets of approximately \$69 million were transferred into the Plan in 2015 from Metropolitan Life Insurance Company and Reliance Trust Company. The Reliance Trust assets transfer was executed during February and March 2016 and the MetLife assets were liquidated on December 31, 2015 and wired on January 4, 2016, and accordingly are classified as in transit at the end of the plan year ended December 31, 2015.

In April 2016, the Memorial Hospital Employees Savings Plan 403(b), a plan sponsored by the Company, was merged with the Plan. Accordingly, assets of approximately \$18 million were transferred into the Plan in 2016 from Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust Company). The Principal Trust Company asset transfer was executed during May 2016 with the exception of one fund with a balance of approximately \$2.8 million, which was transferred to the Plan in February 2017.

Note 8 - Subsequent Events

In July 2017, participant balances remaining after the 2015 transfer of assets (see Note 7) from the Mercy Memorial Hospital System Retirement Savings Plan were merged into the Plan. The assets transferred to the Plan in July 2017 totaled approximately \$1.3 million.

During February 2017, the remaining assets held by Principal Trust Company were transferred to T. Rowe Price.
