Employees of the Company or any affiliate who has adopted the Plan, except those covered by a collective bargaining agreement become eligible to participate upon attaining the age 21 and completing three months of service. Plan entry is the first day of the month following completion of eligibility.

C. Participant Contributions

Participants may elect to defer up to 96% of their eligible compensation in pre-tax or Roth contributions and must defer at least 1% of eligible compensation. Contributions are subject to applicable Code limits. Participants of age 50 or older may make additional catch-up contributions of up to \$6,000 annually in 2016. New eligible participants are automatically enrolled at 4% of eligible compensation.

Participants are allowed to make rollover contributions of amounts received from other tax-qualified retirement plans subject to approval of the plan administrator. Such contributions are deposited in the appropriate investment funds in accordance with the participant's investment directions.

D. Employer Contributions

The Company makes matching contributions of 30%, not to exceed 6% of eligible compensation deferred by participants. The Company may, in its sole discretion, make a profit sharing contribution to the Plan. In addition to the contributions described above, the Company may make additional qualified non-elective contributions determined at the discretion of the Company. In 2016 and 2015, the Company did not make any profit sharing nor qualified non-elective contributions.

E. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, Company matching contributions and an allocation of Plan earnings or losses and expenses. Plan assets are invested based on instructions received from participants. For automatically enrolled participants, contributions are invested into the default fund as determined by the Company.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

F. Vesting and Forfeitures

Participants are immediately 100% vested in their accounts attributable to elective deferrals, qualified non-elective contributions and rollovers. Participants vest in Company matching contributions beginning after year two, at the rate of 20% annually and become fully vested upon completion of six years of service. Participants will become fully (100%) vested upon the attainment of normal retirement age, death or becoming disabled while an employee. Forfeitures of terminated participants' non-vested accounts may be used to pay administrative expenses or reduce Company matching contributions. Forfeitures totaled \$1,897 in 2016. \$22,755 in forfeitures were used to reduce employer contributions in 2016. There were no unapplied forfeitures at December 31, 2016.

G. Payment of Benefits

Normal retirement age under the Plan is age 65. Upon termination of service, death, disability, retirement or attainment of age 59½, a participant or beneficiary may choose to maintain his or her account in the Plan or receive benefits in a lump sum payment equal to the value of the participant's vested account balance. If the vested account balance is less than \$5,000 and no distribution election has been received from the participant or beneficiary of the account, the account may be rolled over to an individual retirement account at the direction of the plan administrator. Hardship withdrawals are allowed by the Plan. Benefits are recorded when paid.

H. Notes Receivable from Participants

The Plan allows a participant to borrow not less than \$1,000 up to the lesser of \$50,000 or 50% of his or her vested account balance. A loan is secured by a participant's vested account balance, bears interest at a fixed rate equal to the prime rate at the loan inception, and must be repaid to the Plan within a five-year period unless a loan is used for the purchase of a principal residence in which case the maximum repayment period may be extended up to 15 years. The maximum number of loans outstanding at any one time is two. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants at December 31, 2016 carry interest rates of 2.25% - 4.25%.

Notes receivable are measured at their unpaid principal balances plus any accrued unpaid interest. Delinquent notes are recorded as distributions based on the terms of the Plan document.

I. Administrative Expenses

The Company pays most administrative expenses of the Plan. Certain asset charges, account fees and loan fees are paid from participants' accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

DECEMBER 31, 2016 AND 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts and disclosures. Actual results may differ from those estimates.

C. Risks and Uncertainties

The Plan holds a variety of investments, which are exposed to various risks such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in value of investments will occur in the near term and such changes could materially affect participant accounts and amounts reported in the financial statements.

D. Accounting Pronouncement

The Financial Accounting Standards Board (FASB) issued the following Accounting Standards Updates (ASU), which the Plan adopted effective December 31, 2015:

ASU 2015-12 Plan Accounting: Topic 960, Defined Benefit Pension Plans; Topic 962, Defined Contribution Pension Plans; Topic 965, Health and Welfare Benefit Plans includes three parts. Part I designates contract value as the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and the requirement to disclose net appreciation (depreciation) in fair value of investments by general type of investment. In addition, Part II provides for employee benefit plan investments to be grouped and presented by general type and eliminates the requirement to disaggregate investments in multiple ways. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. Parts I and II are applied retrospectively for all periods presented.

NOTE 3 - RELATED PARTY TRANSACTIONS

Certain investments held by the Plan are issued and managed by the trustee or its affiliates. Transactions related to these investments qualify as party-in-interest transactions under ERISA regulations, but such transactions are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information regarding investments held at December 31, 2016 and 2015, and investment income for the year ended December 31, 2016 that is disclosed in the accompanying financial statements was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company LLC, the trustee of the Plan.

NOTE 5 - INCOME TAX STATUS

The Company adopted a prototype plan that has received an opinion letter from the Internal Revenue Service stating that the form of the plan qualifies under applicable provisions of the Code for tax-exempt status. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. The accounts of participants affected by a partial or complete termination of the Plan are non-forfeitable and will be determined as of the termination date.

NOTE 7 - FAIR VALUE MEASUREMENTS

GAAP establishes a hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The following tables summarize Plan investments at December 31, 2016 and 2015 based on the inputs used to value them:

December 31, 2016			
	Level 1	Level 2	Level 3
Mutual Funds	\$ 5,096,270	\$ -	\$ -
	\$ 5,096,270		

December 31, 2015			
	Level 1	Level 2	Level 3
Mutual Funds	\$ 3,976,469	\$ -	\$ -
	\$ 3,976,469		

Level 1 investments are mutual funds valued at quoted market prices.

NOTE 7 - FAIR VALUE MEASUREMENTS (Continued)

The Plan maintains a fully benefit-responsive group annuity contract with Great-West through the Key Guaranteed Portfolio Fund. Contributions to the Key Guaranteed Portfolio Fund are maintained in an insurance company general account and credited for interest and charged for participant withdrawals and administrative expenses. Great-West contractually obligated to repay principal and a specified rate of interest that is guaranteed to the Plan. The Key Guaranteed Portfolio Fund meets fully benefit-responsive investment contract criteria and is reported at contract value. Contracts value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants when they initiate permitted transactions the terms of the Plan.

The Plan's ability to receive amounts due is dependent on Great-West's ability to meet its financial obligations. There are no reserves against contract value for credit loss. Certain events might limit the ability of the Plan to transact at contract value including premature termination of Plan investments in the Key Guaranteed Portfolio Fund. The Plan does not believe that any events limiting the Plan's ability to transact at contract value are probable of occurring.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Mutual fund capital gains distributions are included in dividend income. Net appreciation (depreciation) in fair value of investments includes gains and losses on investments bought and sold as well as held during the year.

NOTE 8 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 11, 2017, the date on which these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosures in the financial statements.
