PACIFIC COAST TERMITE, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2016

NOTE 1 – DESCRIPTION OF PLAN

The following description of the **Pacific Coast Termite, Inc. (the "Company") 401(k) Plan (the "Plan")** provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan was established on January 1, 2009, referred to as a "Safe Harbor 401(k) Plan" and is a defined contribution plan under the provision of Section 401(a) of the Internal Revnue Code (IRC), which includes a qualified cash or deferred arrangement ad described in the Section 401(k) of the IRC. The plan has been amended from time to time, including the most recent amendment adopted and effective February 14, 2015. The Plan covers employees of the Company who have completed one year of service and are age 18 or older. The Company contracted with ADP Retirement Services, to provide Plan administrative services, and Reliance Trust Company to serve as trustee of the Plan's assets. Plan compliance and administrative services are preformed by a third party administration firm. The trustees of the plan are the officers of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Each year participants may contribute up to the lesser of 85% of total compensation or the maximum permitted by law for pretax or Roth deferrals, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other plans and certain IRA's. The plan sponsor has a Safe-Harbor match provision. The match is calculated using 3% of the employee's eligible earnings, even if the employee does not elect deferrals. Participants direct the investment of both their contributions and the Company's Safe Harbor matching contribution into various investment options offered by the Plan. Additional amounts may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations.

During 2016 it was determined that the matching contributions made by the Company for the years ended December 31, 2016 and 2015 were in excess of the maximum allowed under the plan document. Certain participants received amounts in excess of the maximum allowed, and therefore, an accrual has been established to reflect the overpayment of such contributions. As of Decmber 31, 2016 and 2015, there were excess contributions payable aggregating $16,676 and $7,950, respectively, which be refunded to the Plan sponsor and will be used to offset future matching contributions.

Participants' Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and may be charged with plan expenses for specific participant transactions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested

NOTE 1 – DESCRIPTION OF PLAN (continued)

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. For the Safe-Harbor match the participant is 100% vested after six years of credited service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. A loan application/processing fee will be charged for each loan processed, and will be collected by debiting the participant's 401(k) account. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant's Notes fund. The loans are secured by the balance in the participant's account and bear interest at the prime rate (as listed in the Wall Street Journal), plus 1.25 percentage points. Principal and interest repayments will be made by means of payroll withholding according to the terms of the promissory note, with repayments to be made no less frequently than quarterly. No allowance for credit losses has been recorded as of December 31, 2016.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period not to exceed the life expectancy of the participant or the participant's beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution A participant's account is distributed in a single lump-sum payment if the balance is less than $5,000. If the account balance is greater than $5,000, the participant may choose from a number of different payment of benefit options (some of which may require a spousal consent), such a distribution in cash or Direct Rollover. In the case of death, the distribution shall be made to the participant's beneficiary.

Expenses – Certain expenses to maintain the Plan are paid directly by the Company and are excluded from these financial statements. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participants account and are included in the administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Forfeited Accounts - Forfeitures of non-vested employer contributions, if any, shall be used to reduce employer contributions for the plan year in which they occurred or thereafter. As of December 31, 2016, there were forfeited non-vested accounts. No Forfeitures were used by the Company to pay matching contributions during 2016.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP) and the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation - The Plan's investments were held by Reliance Trust Company, the trustee. Amounts invested in the investment funds are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (8) for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on a accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the delinquent participant loan receivable is recorded as a benefit payment, but the loan balance is not offset until a distributable event occurs, based on the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

NOTE 3 – INVESTMENTS CERTIFIED BY TRUSTEE

All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investment assets and notes receivable from participants at December 31, 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA by Reliance Trust Company, the trustee for the Plan. The custodian held the Plan's investments and executed all investment transactions

Effective July 1, 2016, State Street Bank and Trust Company (predecessor trustee / custodian) resigned as trustee of the Plan. Under the terms of the trust agreement, which has been amended and approved by the Internal Revenue Service for use with the ADP Prototype Plan, ADP has identified Reliance Trust Company as the successor trustee. The change is trustee did not materially affect the Plan Investments.

ADP Retirement Services is the record keeper for the plan.

NOTE 4 – PARTY IN INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds and common collective trust funds managed by Reliance Trust Company, trustee and custodian for the Plan.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 – BENEFITS PAID TO PARTICIPANTS

Benefits paid during the year ended December 31, 2016 include withdrawals of $84,710. As of December 31, 2016, all participants who have elected to withdraw from the plan have been paid.

NOTE 7 – CONCENTRATIONS OF CREDIT RISK

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level One - Inputs to valuation methodology are unadjusted prices for identical instruments in active markets that the Plan has the ability to access.

- Level Two - Inputs to valuation methodology include (a) quoted prices for identical instruments in active markets; (b) quoted prices for identical or similar instruments in markets that are not active; (c) inputs other than quoted prices that are observable for identical instrument; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level Three - Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or 2 were not available.

NOTE 8 – FAIR VALUE MEASUREMENTS (continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

- **Mutual Funds:** These funds are valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- **Collective Trusts:** These funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth, by level with the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016:

	Level One	Level Two	Level Three	TOTAL
Mutual Funds	$ 2,754,902	$ -	$ -	$ 2,754,902
Collective Trusts at NAV*				615,944
TOTALS	**$ 2,754,902**	**$ -**	**$ -**	**$ 3,370,846**

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or it's equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliations of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2016 are reported in net appreciation in fair value of investments.

NOTE 11 – TAX STATUS

The Plan was established effective January 1, 2009. The Plan has been amended from time to time, including an amendment adopted and effective February 14, 2015.

The Plan has received an opinion letter from the Internal Revenue Service dated July 8, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code"), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualifications. The plan administrator is not aware of any course of action or series of events that it believes would adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize any tax liability (asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of liability (asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 12 – SUBSEQUENT EVENTS

The Plan has evaluated events and transactions occurring subsequent to the statement of net assets available for benefits date of December 31, 2016 for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through October 11, 2017 the date these financial statements were available to be issued. No such material events or transactions were noted to have occurred.
