MARENA GROUP 401(K) PLAN

Notes to Financial Statements Year Ended December 31, 2016

NOTE A - DESCRIPTION OF PLAN

The following description of the Marena Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of The Marena Group, Inc. (the Company, Plan Administrator, and Plan Sponsor) who have completed thirty days of service, have attained the age of 18, are not covered by a collective bargaining agreement, are not non-resident aliens, and are not employees of an administrative services organization with outside payroll services. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is sponsored and administered by the Company. The Plan was created effective January 1, 2016. Prior to January 1, 2016, participating employees of the Company participated in the AlphaStaff Retirement Savings Plan, a multiple employer plan. On February 24, 2016, all Company employees participating in the AlphaStaff Retirement Savings Plan had their accounts transferred to the Plan. The total amount of this transfer was \$1,701,242.

Contributions

Participants may elect to defer up to the lesser of 90% of their compensation as defined by the Plan on either a pre-tax or after-tax basis, or the maximum contribution allowable by law. The Plan provides for a discretionary employer matching contribution for each participant, which was 50% of the first 6% of annual compensation that a participant contributed to the Plan for the period November 10, 2016 to December 31, 2016. Prior to November 10, 2016, no discretionary matching contributions were made to the Plan. The Plan also provides for a discretionary employer profit sharing contribution for participants employed by the Company on the last day of the Plan year. There was no discretionary employer profit sharing contribution during the year ended December 31, 2016. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (IRC). The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the Plan year. Participants direct the investment of their contributions into various options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of the Company's profit sharing contributions and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based upon participant account earnings, compensation, specific participant transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

MARENA GROUP 401(K) PLAN

Notes to Financial Statements Year Ended December 31, 2016

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their deferral, rollover, and Company matching contributions plus actual earnings thereon. Participants are fully vested in their Company profit sharing contributions plus actual earnings thereon after three years of credited service.

Notes Receivable from Participants

Participants are not permitted under the provisions of the Plan to borrow from their account balances. Notes receivable from participants at December 31, 2016 included amounts transferred to the Plan on February 24, 2016 from the AlphaStaff Retirement Savings Plan. Repayments of the notes receivable are in accordance with their previously agreed-upon repayment schedule. Notes receivable are secured by the balance in the participants' accounts and bear interest at the prime rate plus 1.00%. The interest rate on notes receivable was 4.25% at December 31, 2016. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, an annuity (only if invested in specific investments and only if elected), or in installments subject to Plan provisions. If the value of the vested benefits credited to the participant's account is \$1,000 or less at the time of termination, the entire amount will be distributed to a participant without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Sponsor. Upon reaching the age 59½, participants still in service may elect to receive distributions of their fully vested account balances.

Active participants may make hardship withdrawals of their vested account balances, subject to Plan provisions. A participant who receives a distribution on account of hardship is prohibited from making deferrals for six months after receipt of the distribution.

Forfeited Accounts

Forfeitures are used to reduce administrative expenses or discretionary employer contributions. There were no unallocated forfeiture balances as of December 31, 2016 and no forfeitures were used during the year ended December 31, 2016.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

MARENA GROUP 401(K) PLAN

Notes to Financial Statements Year Ended December 31, 2016

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Adoption of New Accounting Standard

In May 2015, the Financial Accounting Standards Board issued an Accounting Standards Update (ASU) which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. The ASU is effective retrospectively for fiscal years beginning after December 15, 2016, with early adoption permitted. Plan management has elected to early adopt this ASU in these financial statements for the year ended December 31, 2016.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note D for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2016. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be in default, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Gains and losses on securities transactions are determined using the average cost method. Interest income is recorded on the accrual basis.

Contributions

Participant and employer contributions are recorded and credited to each participant's account when received by the custodian from the Company. Any contributions attributable to the Plan year but not received by the custodian by the last day of the Plan year are recorded as a receivable.

Payment of Benefits

Benefits are recorded when paid.

MARENA GROUP 401(K) PLAN

Notes to Financial Statements Year Ended December 31, 2016

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Income Taxes

The Company adopted a volume submitter profit sharing plan with a cash or deferred arrangement which received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 stating that the Plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 16, 2017, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION

Investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2016, and net appreciation in the fair value of investments and interest income for the year then ended were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian.

MARENA GROUP 401(K) PLAN

Notes to Financial Statements Year Ended December 31, 2016

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of December 31, 2016 are summarized below:

	<u>Level 3</u>	<u>Total</u>
Guaranteed investment contract	<u>\$ 381</u>	<u>\$ 381</u>
Total investments in the fair value hierarchy	<u><u>\$ 381</u></u>	381
Investments measured at net asset value		<u>1,965,659</u>
Total investments at fair value		<u><u>\$ 1,966,040</u></u>

MARENA GROUP 401(K) PLAN

Notes to Financial Statements Year Ended December 31, 2016

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts (see Note E) are valued at the net asset value of shares held by the Plan at year end. The net asset value, as provided by the custodian, is used as a practical expedient to estimate fair value. Net asset value is based on quoted market prices of the underlying investments, net of insurance company fees and expenses less their liabilities. This practical expedient is not used when it is determined to be probable that the accounts will sell the investments for an amount different than the reported net asset value.

The guaranteed investment contract (see Note F) is valued at market value which approximates fair value based on a market value formula. The market value is derived considering such factors as the weighted average of certain Barclays fixed income indices and the valuation date of the surrender of the contract. Quantitative information about significant unobservable inputs is not readily available. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The table below sets forth a summary of changes in the fair value of the Plan's level 3 asset for the year ended December 31, 2016:

	Guaranteed Investment Contract
Fair value, beginning of year	\$ -0-
Purchases	381
Fair value, end of year	<u>\$ 381</u>

The amount of total gains (losses) for the period attributable to the change in unrealized gains or losses relating to assets still held at the reporting date is \$-0-.

MARENA GROUP 401(K) PLAN

Notes to Financial Statements Year Ended December 31, 2016

NOTE E - POOLED SEPARATE ACCOUNTS

The Plan has investments in Voya Retirement Insurance and Annuity Company's (VRIAC) pooled separate accounts. There are no restrictions on transfers or withdrawals from these accounts. The investment strategies of the pooled separate accounts of the Plan are as follows:

BlackRock LifePath Index 2020, 2025, 2030, 2035, 2040, and 2045 Fund - Class K seek to provide capital appreciation and current income using an allocation strategy designed for investors planning to retire in the target year.

BlackRock LifePath Index Retirement Fund - Class K seeks to provide capital appreciation and current income using an allocation of strategy designed for investors in retirement.

ClearBridge Large Cap Growth Fund - Class IS seeks long-term capital growth by investing at least 80% of its net assets in equity securities or other instruments with similar economic characteristics of U.S. companies with large market capitalizations.

Vanguard 500 Index Fund - Admiral (TM) Shares seeks to track the performance of a benchmark index that measures the investment return of large-capitalization stocks by employing an indexing investment approach designed to track the performance of the Standard & Poor's 500 Index.

NOTE F - GUARANTEED INVESTMENT CONTRACT

The Plan has a traditional guaranteed investment contract with VRIAC totaling \$381 at December 31, 2016. Contributions from the Plan are maintained in VRIAC's general account. Under the contract, the Plan owns a promise by the issuer to pay interest at crediting rates which are announced in advance and declared on an annual basis. All benefit payments prior to contract liquidation are made at contract value; however, the contract restricts participant-directed transfers from the contract to 20% of the participants' balances invested in the guaranteed investment contract as of January 1 of the calendar year. The contract may be terminated by the issuer subject to a notice period of at least 90 days. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. If the contract is terminated by either party, a market value adjustment may apply. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment contract with VRIAC is not considered to be fully benefit-responsive due to the restrictions on fund transfers and therefore the investment is included in the statement of net assets available for benefits at fair value.

MARENA GROUP 401(K) PLAN

Notes to Financial Statements Year Ended December 31, 2016

NOTE F - GUARANTEED INVESTMENT CONTRACT (CONTINUED)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory development.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total participant account balances.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include the investment in the funds of VRIAC, and related interest income and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

NOTE J - DELINQUENT PARTICIPANT CONTRIBUTIONS

As required by ERISA Section 2510.3-102, the Company is required to segregate participant contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. The Company did not remit to the Plan's custodian participant contributions totaling \$76 during the year ended December 31, 2016. The Company has not corrected these participant contributions as of December 31, 2016.
