DECEMBER 31, 2016 AND 2015

NOTE 1 – DESCRIPTION OF PLAN

The following description of CCH 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan open to substantially all employees of CV Healthcare, LLC, HP Healthcare, LLC and CL Healthcare, LLC (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: To be eligible to participate in the Plan, an employee must be 21 years of age or older. Employees may enter the Plan on the first day of the month following fulfillment of the age requirement.

Contributions: Participants may make voluntary pre-tax or after-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation, subject to IRS limitations. Plan participants over the age of 50 are allowed to make additional pre-tax and Roth catch-up contributions to a maximum of \$6,000 in 2016. The Plan also permits rollover contributions from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan. The Company may make discretionary matching contributions which are determined annually. There were no discretionary matching contributions made to the Plan during 2016.

Certain participants in the Plan are covered by a collective bargaining agreement ("CBA") between the Company and the Service Employees International Union District 1199. This CBA requires the Company to make matching contributions for the employees covered by the CBA in an amount equal to 25% of employee deferrals contributed to the CCH 401(k) Plan on a pre-tax basis, up to 4% of gross compensation for the year. This agreement expires in June 2019.

Employer matching contributions resulted solely from employees covered by the CBA and amounts due to the Plan totaled \$1,012 and \$857 at December 31, 2016 and 2015, respectively, and are presented as a receivable in the accompanying statements of net assets available for benefits. The Company made the required employer matching contributions under this collective bargaining agreement for the period ended December 31, 2015 in November 2016. The required employer matching contributions under this collective bargaining agreement for the year ended December 31, 2016 were partially remitted by the Company to the Plan in October 2016, and the remaining amounts were remitted to the Plan during the months of January, March, May and September 2017.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, if any, and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions, plus actual earnings thereon.

Participants become vested in discretionary and CBA employer matching contributions plus actual earnings thereon according to the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Additionally, participants are immediately fully vested upon death, disability, or reaching the Normal Retirement Age of 65.

Forfeitures: Matching contributions may be forfeited by participants who terminate employment prior to meeting the years of service requirement described above. These forfeitures may be used by the Plan to pay administrative expenses or to reduce the amount of future employer matching contributions payable to the Plan. Forfeitures from participant accounts totaled \$105 during the plan year ended December 31, 2016.

Participant notes receivable: The Plan allows participants to obtain loans from the Plan. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's account balance with a minimum of \$1,000. The term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence, in which case the loan is limited to a term of fifteen years. The loans are secured by the participant's entire account balance or by other collateral agreed to by the trustees. The interest rate for each loan is based on the bank's prime lending rate on the first day of the month the loan is issued (3.75% and 3.50% at December 31, 2016 and 2015, respectively) plus 1.00%.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant, depending on their age, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payment in annual installments not to extend past the lives or life expectancies of the participant and beneficiaries. Lump sum distributions are required if the vested balance is \$5,000 or less. The Plan permits in-service withdrawals for participants who have attained age 59½ or have become disabled. In case of hardship, a participant may apply for a distribution as described in the Plan agreement.

Administrative expenses: All third-party administrative expenses are paid by the Plan, unless otherwise paid for by the Company. In 2016, the administrative expenses paid for by the Plan included recordkeeping and investment consulting fees and are included in the statement of changes in net assets available for benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest.

Benefit payments: Benefit payments to participants are recorded when paid.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, *Fair Value Measurements*, for discussion of fair value measurements.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 9, 2017, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2016 and 2015.

1. Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 62,554	\$ -	\$ -	\$ 62,554
Investments at fair value	\$ 62,554	\$ -	\$ -	\$ 62,554

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 31,301	\$ -	\$ -	\$ 31,301
Investments at fair value	\$ 31,301	\$ -	\$ -	\$ 31,301

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2016 and 2015.

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds traditional guaranteed investment contracts through its investment in the Key Guaranteed Portfolio Fund, which meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the Plan's investment contract totals \$105 at December 31, 2016. The Plan was not invested in the contract at December 31, 2015.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate, which may not be less than zero percent, is based on a formula established by the contract issuer and is based on the earnings of the underlying assets in the portfolio and prevailing market conditions. The crediting rate is reviewed on a quarterly basis for resetting. The contract can be terminated by either the Plan or the contract issuer with at least 60 days advance written notice.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 5 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. Amendments were made to the prototype plan in the year ended December 31, 2016. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as complete and accurate by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the trustees of the Plan:

Interest and dividends	2,304	
Net appreciation in fair value of investments	1,022

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

The Plan issues notes receivable to participants which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

Certain Plan investments are managed by Great -West Life and Annuity Insurance Company and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 8 – PROHIBITED TRANSACTIONS

During 2015, the Company failed to remit certain participant contributions to the trustee on a timely basis as defined by the Department of Labor's Rules and Regulations under ERISA. Such contributions, which totaled \$4,979 for the period from February 27, 2015 (date of Plan inception) to December 31, 2015 were remitted during 2015 and are summarized on the Schedule of Delinquent Participant Contributions. Lost earnings related to the late remittances were credited to participant accounts in 2017.

In addition, in 2015 the Company failed to correctly calculate certain participant contributions. Corrective contributions to participant accounts, totaling \$1,365, along with the related lost earnings were remitted during 2017.

During 2016, the Company failed to remit certain participant contributions to the trustees on a timely basis as defined by the Department of Labor's Rules and Regulations under ERISA. Such contributions totaled \$34,386 for the year ended December 31, 2016. \$26,721 of the late remittances were remitted to the Plan during 2016. The remaining contributions totaling \$7,665 were remitted to the Plan during 2017 and are included in the employee contributions receivable on the December 31, 2016 statement of net assets available for benefits. Lost earnings related to the late remittances were credited to participant accounts in 2017.

NOTE 9 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 10 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan subject to the provisions of ERISA; however each participant would have a nonforfeitable right to his or her total account balance as of the date of termination.

NOTE 11 – SUBSEQUENT EVENT

Effective September 7, 2017 the trustees of the Plan changed from Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company to John Hancock Life Insurance Company ("John Hancock") and all investment assets were transferred to John Hancock on the same date.

The Plan sponsor remitted the late participant contributions and the lost earnings for the 2015 late contributions to the Plan in January 2017. The Plan sponsor remitted the late participant contributions for 2016 to the Plan during 2016 and 2017. Lost earnings on the 2016 late remittances were remitted to the Plan in October 2017. The DOL views "full correction" as the payment of late contributions and reimbursement to the Plan for lost earnings or profits.
