Crum & Forster Employee Savings Plan

Notes to Financial Statements

December 31, 2016 and 2015

1. Description of the Plan

The following description of Crum & Forster Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document, which legally governs the Plan, for a more complete description of the Plan's provisions.

General

The Plan is a participant directed, defined contribution plan covering eligible employees of Crum & Forster and subsidiaries (the "Company"). The Plan is a profit sharing plan with a cash or deferred arrangement that is intended to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC") of 1986, as amended. Participation in the Plan is voluntary and eligible employees are permitted to contribute to the Plan systematically through payroll deductions. All regular employees, as defined in the Plan document, are eligible to contribute to the Plan. Eligible participants are automatically enrolled in the Plan 30 days after their hire date unless the participant opts out. Participants may contribute on a pre-tax or after-tax basis, or combination of both. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration

The Plan is administered by the Employee Benefits Committee (the "Committee"), whose members are appointed by the board of directors of the Company. The Committee administers or delegates such duties that are required to maintain the financial records of the Plan. Vanguard Fiduciary Trust Company ("Vanguard") is the Trustee of the Plan (See Note 3).

Contributions

Eligible employees may contribute to the Plan between 1%-50% of their annual pretax and after tax compensation, not to exceed \$53,000 or the permitted IRC dollar limits (\$18,000 in 2016 and 2015). Eligible participants who attain age 50 in a particular calendar year may elect to make additional catch up contributions (\$6,000 for 2016 and 2015). Catch-up contributions are not eligible for Company matching contributions. Employees that are automatically enrolled contribute at a rate of 3% of their annual pretax compensation, unless the participant opts out. The Plan allows for after-tax Roth contributions.

Company contributions (collectively, the "Employer Contributions") include: (i) a discretionary contribution at the end of the Plan year equal to a certain percentage of salaries, as defined by the Plan document, for all employees on the last day of the Plan year or who terminated their employment during the Plan year due to retirement, death or disability (the "Company Basic Contribution") and (ii) a matching contribution equal to 75% of the participants' pre-tax and Roth contributions, excluding contributions in excess of 6% of salaries (the "Company Matching Contribution"). In total, the Company's Basic Contribution was \$4,881,940 and the Company's Matching Contribution was \$6,372,363 for the year ended December 31, 2016.

Participants direct the investment of their contributions and Employer Contributions into any of various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, Employer Contributions and Plan earnings. Withdrawals by or distributions to the participant, as defined in the Plan document, reduce a participant's account.

Vesting

Plan participants are 100% vested in the account balance attributable to their voluntary contributions and actual earnings thereon.

Crum & Forster Employee Savings Plan

Notes to Financial Statements

December 31, 2016 and 2015

The vesting schedule related to the Employer Contributions is as follows:

Years of Service	% Vested
Less than 3 years	0%
3 or more	100%

A participant becomes 100% vested in Employer Contributions if the participant becomes totally disabled, dies or reaches age 65 while employed by the Company.

Payment of Benefits

Upon termination of service or death, the participant, or the designated beneficiary, may elect to receive a single lump-sum payment in cash or to transfer their vested benefits to another qualified plan or to an individual retirement account. The Plan also allows for certain distributions after a participant attains the age of 59-1/2 or in the event of certain hardships.

Rollovers

The Plan allows eligible participants to make rollover contributions from other qualified plans.

Forfeitures

Forfeitures of non-vested Employer Contributions are used to reduce future Employer Contributions. For 2016, the amount forfeited was \$299,560 and the amount used to reduce Employer Contributions was \$341,645. At December 31, 2016 and 2015, the forfeiture balance was \$38,343 and \$80,428, respectively.

Notes Receivable from Participants

At the discretion of, and subject to, the terms as set forth in the Plan, loans may be made to a participant of up to a maximum amount equal to the lesser of \$50,000 or one-half of the participant's total vested balance. Interest will be charged at a rate equal to one point above the prime rate at the date of the loan and, in general, repayment must be made over a period not to exceed five years, except for loans used to purchase a principal residence, in which case the repayment period may not exceed twenty years. At December 31, 2016 and 2015, interest rates on outstanding loans range from 4.25% to 5% and 4.25% to 9%, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event that the Plan is terminated or upon complete discontinuance of contributions, the rights of the participants under the Plan at the date of termination or discontinuance shall be non-forfeitable.

New Accounting Pronouncements

The Plan is not aware of any new accounting standards that were required to be adopted in 2016, or yet to be adopted, that would impact the Plan's 2016 or prospective financial statements.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies consistently applied in the preparation of the financial statements of the Plan.

Basis of Accounting

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Crum & Forster Employee Savings Plan
Notes to Financial Statements
December 31, 2016 and 2015

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The brokerage option fund allows participants to select from shares of mutual funds and investments in common stocks and corporate bonds which are valued at the closing price reported in the active market in which the individual securities are traded.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable are valued at their unpaid principal balance plus any accrued but unpaid interest. Upon default, these receivables are deemed to be a distribution to the participant.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses incidental to the purchase and sale of investments are reflected in the cost or net proceeds of sale, as applicable. Generally, the Company pays the administrative fees charged by the Trustee to maintain the Plan accounts of active participants and fees necessary to be in compliance with ERISA and IRC. During the years ended December 31, 2016 and 2015, substantially all of the Plan's expenses were paid by the Company, however, the Plan reserves the right to have certain Plan expenses to be paid directly from the assets of the Plan. Investment related fees are reflected as an offset of net investment income and are not readily determinable.

Risks and Uncertainties

The Plan invests in various mutual funds and has a brokerage option fund. These investments, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility.

3. Information Certified by the Plan's Trustee (Unaudited)

The Plan's investments are maintained in participant directed accounts which are held and administered by the Trustee, Vanguard. All investment information disclosed in the accompanying financial statements and supplemental schedule of assets held at end of year, including investments held at December 31, 2016 and 2015, net appreciation in fair value of investments and investment and other income for the year ended December 31, 2016, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

Notes to Financial Statements

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee:

	2016	2015

Brokerage option fund	625,152	564,172
Notes receivable from participants	2,862,803	2,523,590
Net appreciation in fair value of investments	11,323,029	
Interest and dividend income	7,570,849	
Interest on notes receivable from participants	114,456	

4. Fair Value Measurements

In accordance with GAAP, each of the Plan's fair value measurements are categorized as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Mutual funds held by the Plan are investments registered with the Securities and Exchange Commission and are valued at the registered investment company's Net Asset Value ("NAV") as reported by the fund. These funds are required to publish their NAV and to transact at that price. The NAV is based on the value of the underlying assets owned by the fund minus its liabilities and then divided by the number of shares outstanding calculated as the close of business on the New York Stock Exchange. The mutual funds held by the Plan are deemed to be actively traded.

Brokerage option fund: Investments included in the brokerage option fund are primarily comprised of cash, common stocks and mutual funds. Common stocks are valued at the closing price reported in the active market in which the individual securities are traded. Mutual funds are valued at the NAV as reported by the fund and are deemed to be actively traded.

The valuation methods as described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements
December 31, 2016 and 2015

The following depicts the fair value hierarchy for the Plan's financial assets as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016

Total investments at fair value	<u>\$ 239,631,215</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 239,631,215</u>

Total investments at fair value	<u>\$ 211,811,136</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 211,811,136</u>

5. Tax Status

The Plan adopted a prototype non-standardized profit sharing plan sponsored by Vanguard which obtained its latest opinion letter on May 28, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has since been amended, however, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of an asset or a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there are no tax related interest or penalties reflected on these financial statements.

6. Party-in-Interest Transactions

Certain of the Plan's investments are shares of mutual funds and brokerage option investments managed by the Trustee as defined in the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Notes receivable from participants are granted and administered by the Trustee and, therefore, these loan transactions qualify as exempt party-in-interest transactions. Additionally, certain fees and expenses of the Plan are paid by the Company.

7. Plan Transfers

As of June 28, 2016, the participants of Travel Insured Plan, an acquisition made by the Company, were merged into the Plan and assets of approximately \$4,500,000, were transferred to the Plan on June 29, 2016.

8. Subsequent Events

The Plan has evaluated subsequent events occurring after the financial statement date through the date of October 12, 2017, which is the date the financial statements were available to be issued. Based on this evaluation, other than disclosed below, the Plan has determined that no subsequent events have occurred which require adjustment to or disclosure in the financial statements.
