CUNINGHAM GROUP ARCHITECTURE, INC.
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

1. Plan Description

The following brief description of the Cuningham Group Architecture, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all eligible employees, as defined, of Cuningham Group Architecture, Inc., (the Company), who have completed one (1) month of service and are age eighteen (18) or older. In order to be eligible for the Company's contributions, employees must have completed one (1) year of service as well as fulfilling the age requirement.

Contributions – Participants are allowed to make voluntary pretax contributions of eligible compensation, as defined, to their plan accounts. Participants may also make rollover contributions from qualified benefit plans of previous employers. The Company may also contribute on a discretionary basis a match equal to a percentage of employee contributions. Additional discretionary amounts may be contributed at the election of the Company's Board of Directors. Contributions are subject to certain limitations. The Company's contributions are made in cash.

Participant Accounts – Each participant's account is credited with the participant's contributions, the Company' discretionary matching contribution, if any, and allocations of (a) the Company's additional discretionary, if any, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting – Participants are immediately vested in their voluntary contribution and rollover contributions. Vesting in the Company's voluntary matching contributions and additional discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is one hundred percent (100%) vested after six (6) years of credited service.

Forfeitures – Forfeitures shall first be made to reinstate previously forfeited account balances to former participants, as defined. The remaining forfeitures, if any, shall be used to reduce future contributions made by the Company. There were $10,105 and $0 of forfeitures allocated to eligible participants by the Company in the years ended December 31, 2016 and 2015, respectively. The balance of forfeitures at December 31, 2016 and 2015, was $32,626 and $26,203, respectively.

1. Plan Description (continued)

Notes Receivable - Participants may borrow from their fund accounts at a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent (50%) of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's loan fund. Loan terms range from one to five years, or a longer term for the purchase of a primary residence. The loans are secured by the balance in the participant's account, and the interest rate charged is 4.25% to 4.50%. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits - Benefits paid to participants represent the amount paid during the year to withdrawing participants. Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of his or her benefits in the form of a lump-sum amount equal to the participant's account balance or installment payments over a specified period of time. For termination of service due to other reasons, a participant may receive the value of his or her account as a lump-sum distribution.

2. Summary of Significant Accounting Policies

Subsequent Events

Subsequent events were evaluated through October 6, 2017, which is the date financial statements were available to be issued.

Basis of Accounting

The accompanying financial statements reflect transactions on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of mutual funds are recorded on a trade day basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Company pays all administrative expenses of the Plan, except for fund fees as reported herein.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain amounts in prior year comparative totals have been reclassified to conform with the presentation in the current year financial statements.

3. Investments

Upon enrollment in the Plan, participants are allowed to make their own investment decisions, selecting from funds authorized by the plan administrator for their accounts. Participants may change their investment options at any time. All funds vary in type of investments, rate of return, and investment risk.

The Plan's investments were held by Great-West Life & Annuity Insurance Company.

The December 31, 2016 and 2015 Statements of Net Assets Available for Benefits, the investment activities included on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2016 and 2015, the accompanying notes to the financial statements and supplemental schedule were prepared in part or entirely from information certified by the custodian in accordance with 29 CFR 2520.130-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian of the plan:

	2016	2015
Investments, at Fair Value:		
Mutual Funds	$ 16,500,642	$ 22,528,421

Dividends and Interest	560,918	847,090
Notes Receivable from Participants	210,104	159,388

4. Fair Value

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value (continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three-tier hierarchy of inputs is summarized in the three broad levels listed below:

Level 1 – Quoted prices in active markets for identical investments.

Level 2 – Other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 – Significant unobservable inputs.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The following is a summary of the inputs used to determine the fair value of the investments at December 31:

	2016			
	Level 1	Level 2	Level 3	Fair Value

5. Income Tax Status

The Plan obtained its latest determination letter on October 31, 2011, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC) and exempt from income tax. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provision of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has adopted *Accounting for Uncertainty in Income Taxes*, ASC 740-10. The Plan's policy is to evaluate uncertain tax positions, at least annually, for the potential for income tax exposure. In compliance with its IRC status, the Plan annually files an Annual Return/Report of Employee Benefit Plan (Form 5500). The returns for the years ending December 31, 2013 and later remain subject to examination by the Internal Revenue Service.

6. Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants become fully vested in their accounts.

7. Related Party and Party-in-Interest Transactions

The Plan's investments are managed by the trustee to the plan. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation/depreciation in fair value of the investment, as they are paid through revenue sharing, rather than direct payment. The Plan made direct payments to third party administrators of $133,716 and $63,791 which was not covered by the revenue sharing in the years ended December 31, 2016 and 2015, respectively. The Plan sponsor pays directly for any other fees related to the Plan's operations.

8. Investment Contract with Insurance Company

The Plan has an investment annuity contract with Great-West Life & Annuity Insurance Company that is credited with a contractual rate of return. The investment annuity contract assets are carried at amortized cost, or contract value, which is deemed to be fair value. Great-West Life & Annuity Insurance Company maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

8. Investment Contract with Insurance Company (continued)

Contract value, as reported to the Plan by Great-West Life & Annuity Insurance Company, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2016 and 2015 was $1,332,979 and $916,040, respectively. The crediting interest rate is based on an agreed-upon formula with the issuer, but it may not be less than 2%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Great-West Life & Annuity Insurance Company. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion on equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the Plan's participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	December 31,	
	2016	2015
Average Yields:		
Based on Actual Earnings	2.50%	2.50%
Based on Interest Rate Credited to Participants	2.50%	2.50%
