OMNI EYE SPECIALISTS
401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2016 and 2015

Note 1 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to a fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Transamerica's fully benefit-responsive insurance contract is considered a deposit liability with no defined maturities and is fairly valued at contract value; the contract value is the fair value. The adjustment from fair value to contract value for the fully benefit-responsive investment contracts is not required.

Basis of Presentation

The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and follow the recommendations of the American Institute of Certified Public Accountants contained in the Industry Audit Guide, *Audits of Employee Benefit Plans*.

Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts and disclosures of net assets available for benefits at the date of the financial statements and changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in mutual funds under the Pooled Separate Account are valued at quoted market price, as determined and certified by the Plan's custodian, Transamerica Life Insurance Company, on the last business day of the respective calendar year (see Note 9). In the Statements of Net Assets Available for Benefits the investment in the insurance contract is valued at its contract value for both 2016 and 2015.

Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis.

Net Appreciation (Depreciation)

The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of investments that consists of unrealized appreciation (depreciation) of the underlying Pooled Separate Account's investments in mutual funds and realized gains and losses on sales of all investments. This amount does not include any market value adjustment for the investment in the insurance contract.

Note 1 – Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. The method of allocating Plan expenses depends on the nature of the expense but generally will be allocated either proportionately based on the value of account balances or as an equal dollar amount based on the number of participants.

Date of Management's Subsequent Event Review

Subsequent events were evaluated by management through October 13, 2017, which is the date the financial statements were available to be issued.

Participant Loans Receivable

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Note 2 – Plan Description

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Omni Eye Specialists. The Plan allows other employers to adopt its provisions and the following Employers have adopted the Plan: Omni Eye Surgery of NY, Omni Ophthalmic Management Consultant LLC, New Jersey Center for Cornea and Refractive Surgery and Essex Specialized Surgical Institute. Thus, when reference is made to "The Company", it will include all employers. Employees who have reached the age of twenty-one are eligible to participate on the first of the month following the completion of three month of service, effective January 1, 1999. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants that elect to contribute to the plan are permitted to reduce their total compensation by either a percentage or dollar amount but cannot exceed the maximum annual amount allowed by the Internal Revenue Service. The Company will contribute for each participant a matching contribution equal to fifty percent of the first 6% of the participant's elective deferrals, however additional limits apply to the matching percentage. Each year the Company may also make an additional discretionary profit sharing contribution to each participant's account. The profit sharing contribution is allocated among all Plan participants who are still employed by the Company at year-end and who have completed a year of service. For the years ended December 31, 2016 and 2015 the Company did not make a profit sharing contribution.

Note 2 – Plan Description (continued)

Participants' Accounts

Each of the funds' earnings, net of related expenses, is credited to each participant's account based on his/her balance in relation to the aggregate balance of that fund.

Benefits

Any participant who incurs a service break for any reason except retirement, death or total and permanent disability shall be entitled to receive as soon as administratively feasible after date of separation one hundred percent of his/her vested account balance. Retirees and deceased employee beneficiaries receive their benefits in lump sum distributions.

Vesting

Participants are immediately 100% vested in their Elective, Catch-Up and Rollover contributions. The graded vesting schedule for the Employer's Matching and Profit Sharing contribution is as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Participants who terminate employment and are less than 100% vested in the employer contribution portion of their accounts forfeit the non-vested portion of their account. The forfeiture amount remains in the Plan and will be allocated to pay either administrative expenses or to reduce any employer contributions.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at 5.25% and 5.5% and are fixed for the duration of the loan. Principal and interest is paid ratably through payroll deductions.

Note 3 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

SFAS No. 157, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurement

The fair value of the mutual fund under the Pooled Separate Account are based on quoted market prices.

Level 2 Fair Value Measurement

The investment contract with the insurance company is an investment in the general account of Transamerica and the value is guaranteed by Transamerica as a going concern. Regardless of the activity in the general fund, Transamerica pays the stated interest rate and backs the capital deposit where the "risk" is measured by Transamerica's insurance credit rating. This is a depository liability of Transamerica with no formal underlying maturities, and it is considered fairly valued at contract value, as provided by Transamerica, because of this specific distinction.

Level 3 Fair Value Measurement

The fair value of participant loans is equal to the amortized cost of the loans which approximates fair value. The loans are secured by each respective participant's account balance.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments and loans receivable at fair value as of December 31, 2016 and 2015:

During 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$657,820.

Note 5- Investment Contract with Insurance Company

The Plan has entered into a benefit-responsive annuity investment contract with Transamerica Life Insurance Company (TLIC) through the Transamerica Stable Value Core Option. The Transamerica Stable Value Core Option is an investment choice held by the general account of TLIC. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the face of the statement of net assets available for benefits at its contract value. Contract value, as reported to the Plan by TLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5- Investment Contract with Insurance Company (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2016 and 2015, was \$646,886 and \$615,238, respectively.

Certain events limit the Plan's ability to transact at contract value with Transamerica Life Insurance Company. Such events include the follow: (a) amendments to the plan documents, (b) changes to the plan's investment options, (c) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The insurance contract does not have a scheduled maturity date. Changes may be made at any time by written mutual agreement of the Plan and Transamerica Life Insurance Company.

	<u>2016</u>	<u>2015</u>

Note 6 – Tax Status

The Company submitted a Corbel Volume Submitter document to the Internal Revenue Service and received an opinion letter dated March 31, 2008 granting approval of the "form of the plan" under section 401 of the Internal Revenue Code. Although the opinion letter is not a ruling or a determination, it provides assurance that the plan may rely on the opinion with respect to the qualifications of the Plan under IRS code section 401(a). The Plan trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

United States Generally Accepted Accounting Principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013

Note 7 – Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 – Related Party Transaction

Certain Plan investments are units of mutual and money market funds under the Pooled Separate Account managed by Transamerica Life Insurance Company. Transamerica is the Plan's custodian and therefore, these transactions qualify as exempt party-in-interest transactions under the Department of Labor's rules and regulations.

Note 9 – Information Prepared and Certified by Plan Custodian (Unaudited)

The following information included in the financial statements as of December 31, 2016 and 2015 and the years then ended is unaudited and was certified by the custodian as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- Investments at fair value
- Interest and dividend income
- Net appreciation (depreciation) in fair value of investments
- Contract Value of Investment in Insurance Contract

Note 10 – Risks and Uncertainties

The Plan provides various investment options for the participants. The underlying investments of these options are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment options and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.
